Mount Allison was represented by Ivan C. Rand (leader), J. N. Ritzy and J. Asbury, while the honor of U. N. B. was upheld by F. L. Orchard (leader), Gordon W. Frith and G. Percy Burchill.

DEBATE AT ANTIGONISH. ANTIGONISH, N. S., Mar. 25.—The inter-collegiate debate before teams representing St. Francis Xavier and Acadia University took place in the assembly hall, of St. Francis Xavier tonight and resulted in a decision for Acadia. The decision was announced by G. E. Gregory, who presided as chairman.

GREATLY EXAGGERATED. HAMPTON, March 25.—No confirmation of the worst features of the story which is current as to the deadly fight at the lumber camp at Moosehorn Stream has been received here. West, who was in Hampton last night, says nothing of having used an axe on Mallory. He told of the latter hitting him in the face with a tea cup and cutting him on the hand, and showed his wounds and bruises in evidence of his story, but was evidently proud of the beating he had given the boss, but there was no such murderous assault with an axe as at first rumored, and if there had been an arrest would have been made or at least an application for a warrant would have been made.

EMPLOYEES THINK IT IS TIME FOR A RAISE. But Dominion Textile Co. Says Business Not Good Enough—May be a Strike.

MONTREAL, Mar. 25.—Storm clouds are again forming among the operatives in the employ of the Dominion Textile Company local mills. It will be remembered that last April the company reduced wages ten per cent owing to the condition of the cotton market. Some of the men objected to this cut in wages and a strike resulted in which the presence of two factions among the workers was revealed, this eventually leading to the abandonment of the strike. Subsequently Mackenzie King investigated the conditions and made a report, which on the whole justified the position of the company. The latter promised at the time the strike was called that so soon as conditions justified it wages would be restored to the former rate. Some weeks ago, as the mills were again running full time the operative fact prices are cut to close to cost of manufacture that they are not much better off than they were when the mills were running on short time.

GERMAN MINER CHARGED WITH INTIMIDATION. Trial Now Going on at Glace Bay Which is Exciting Considerable Interest.

GLACE BAY, N. S., Mar. 25.—The case of the German laborer who was arrested here on Tuesday by Chief of Police Ingraham of Dominion Company's police, was adjourned yesterday until tomorrow. The man is charged with intimidating a number of other laborers who arrived here recently from joining the P. W. A. lodge at New Aberdeen. The man is the first of his kind ever tried here, and is creating great interest among the employees of the collieries. When the case was adjourned, the court room was crowded to the doors, and many of the men could not get near the building. Hundreds of U. M. W. A. men walked the streets after the court adjourned discussing the situation. The case is being heard before Judge Hutchinson, Mr. McCawley and A. B. McElhenny. D. A. Cameron of Sydney is conducting the prosecution, and J. McK. Cameron the defense.

THEY WENT TO CHURCH. A Bit of Strategy That Won for the Minister.

"When Bishop Wilmer was rector of the little Protestant Episcopal church at Upperville, Va., said a Virginia minister, "he was much worried by the non attendance at service on Sundays of the majority of the young men of the community. On inquiry he found that instead of going to church they were in the habit of playing marbles for stakes. Marbles in those days, it must be remembered, was a much more serious game than it is now, occupying much the same position in the realm of sports as do billiards and pool in these days.

"Bishop Wilmer, then a parson" not well known, determined to break up this practice. He himself had been an expert marble player in his boyhood. Accordingly one Saturday he came across a number of young men engaged in a game. The good bishop asked several questions and finally challenged the lot to play him for "keeps." They readily consented. "Much to their astonishment, the young minister won steadily, and soon they had to go to the stores to replenish their stock. Toward the close of the afternoon Mr. Wilmer had won every marble in the town of Upperville. Putting his winnings in a bag he remarked as he walked away, 'Now, gentlemen, since you can't play marbles tomorrow I hope to see you all at church.' And he did."

SHOOTING HIMSELF UPON GRAVE OF HIS FATHER. Lifeless Body of Wyoming Merchant is Found in Cemetery.

WELLES-BARRIE, Pa., March 25.—Seated upon his father's grave in the Wyoming Cemetery, A. R. Baldwin, a merchant, of Wyoming, shot himself this morning. The noise of the report in such a usually quiet place at once attracted attention and the body was quickly found. Baldwin had placed a shotgun with the butt against the grave, pressed the trigger with his foot and sent the charge through his heart. He had been harmonious and depressed by domestic and business reverses for some time. About a month ago the deceased's wife sought for divorce, and he was afraid his store would be closed by the sheriff. He received a letter this morning which evidently increased his action. Baldwin was 45 years old, and leaves a widow and five children.

The Harmony Of Home Does Not Mingle With or Emanate from the Table of Dyspepsia

In the home, meal time should awaken in all the inhabitants a peculiar harmony of joy which will make for the home the abiding place of interest and happiness.

"At the Dyspeptic's Table Ominous Quiet and Grim Crowds Out Mirth."

All physicians agree that mirth and joy at meal time does much toward digestion. Mirth and joy, the whole nervous organism of man, the cells wherein are stored valuable digestive juices, empty their contents under the nerve stimulation and promote the highest degree of digestion. If gloom and discontent prevail at the dinner table, the reverse action obtains and meals become necessities, not anticipated joys. Stewart's Dyspepsia Tablets are little storehouses of digestion which mix with the stomach juices, digest food, regulate the various members and its nerve centres, give to the blood a great wealth of digestive fluids, promote digestion and stay by the stomach until all its duties are completed. If dyspepsia sits at tables it makes the dining room a place of awe; these tablets should be taken after meals and dyspepsia of a consequence flies. No need for diet or fasting. The dyspeptic who will use them religiously will find no sense of nausea in the slight of generous meals or in the odor of his cooking. It matters not what the condition of the stomach Stewart's Dyspepsia Tablets improve the juices and bring quiet to the whole digestive canal, of which the stomach is the centre. Forty thousand physicians use these tablets in their practice and every druggist sells them. Price 50c. Send us your name and address and we will send you a trial package by mail free. Address P. A. Stuart Co., 181 Stuart Bldg., Marshall, Mich.

CHILDREN LOCKED IN HOUSE FOR FOUR DAYS

WILKES-BARRIE, Pa., March 25.—Four small children, who have been locked in a house in North Wilkes-Barre since last Friday, were released today by officers of the United Charities and are now in the care of that association. They are the children of Joseph Matty. They said their father went away some time ago and that their mother locked them in and left them last week. The little ones had very little to eat while in the house and were half starved when the officers, who had been summoned by neighbors, released them. Efforts to find the parents have so far failed.

CONVENTIONAL WEATHER LORE. It looked like rain, but it didn't. We thought it would clear, but it wouldn't. It tried to get cold, but it couldn't. It'll change before night, but it shouldn't.

AMUSEMENTS. BENNETT SCORES EVEN GREATER.

In the charmingly picturesque garb of the 4th Highlanders—the feather bonnet and that—Harry Bennett made another pronounced impression on his thousands of hearers at the Nickel yesterday in Harry Lauder's prettiest and most swinging song, "When I Get Back Again To Bonnie Scotland, the love-child of a homesick soldier lad. In the irresistibly funny song, "Stop Yer Ticklin' Jock," he was equally entertaining and brought forth thousands of laughter. Mr. Bennett is growing in popularity by leaps and bounds; he is the most amusing performer the Nickel has ever engaged and today and Saturday he will continue in the Bonnie Scotland number. Saturday afternoon he will perform for the children three times. Today the Nickel has a brand new show of pictures again, including Edison's prettiest story of a child, entitled "Left Out"; two Paths comedies, and a most engaging drama, "Miss Annie Edwards will sing "The Message Of The Violet," from the Prince of Placen, and Mr. Courtnale's number, "Let's Go Into the Picture Show," is a distinct novelty. Send the children to the matinee early tomorrow.

NEW PICTURES AND VAUDEVILLE AT THE PRINCESS.

The week end programme offered at the Princess is the strongest address on this popular pleasure resort for a long time. Love and Law, a stirring drama, over one thousand feet in length, Nick Carter—well every body knows who Nick Carter is and every one wants to see what he is like—so the Princess management offer this as one of their picture features today. The Creation of the Mamezelle or the nation's anthem of France is certainly a fine picture. Two other good pictures, if you have one spare of patriotic fervor, are "Let's Go Into the Picture Show" and "Miss Andrietta sing "Canada." It is a song written expressly for herself and cannot be bought anywhere. Last night this little lady was very much in demand; the audience never seemed to be satisfied. Kramer and Massey in their new act made even a bigger hit than they did the first of the week. Don't miss this programme today, such vaudeville acts appear both afternoon and evening.

DON'T MISS MR. KILCOYNE'S SINGING OF ROCKED IN THE CRADLE OF THE DEEP.

The Unique was crowded all last evening with well attended audiences. The feature of the programme was Mr. Kilcoyne's singing of Rocked in the Cradle of the Deep, which is probably the longest of the most popular number which he has yet sung. Today's picture programme will be full of interest. The feature is A Nobleman's Kind Heart, a touching story of the love of a rich nobleman for a blind sculptress. Another drama and two good comedies will be included in the programme, and Mr. Kilcoyne will be heard again today and Saturday in the popular selection referred to above.

STRONG HUMAN DRAMA AT "STAR."

The Star is to the front again today with a change of programme that will please everybody. The quality of the pictorial features being shown in this city little new house is causing a great deal of comment and patronage is large in consequence. Today and tomorrow the following new films will be the bill: "The Cord of Love," a drama of intense human interest; "The Sculptor's Miracle," "An Attack on the Mall," and "The Tramp and Clubman." Miss Von Branders will sing and there will be bright new music. Saturday's matinee will be a special feature show for the children. "Hullo, old chap, where are you off to?" said one man to another. "I'm going over to the post office to make a complaint about the dilatory delivery." "What's the trouble?" "Why, that check you promised to send me ten days ago hasn't reached me yet."

CANADA WILL LEAD EMPIRE IN MAINTAINING SUPREMACY OF GREAT BRITAIN'S NAVY

OTTAWA, March 25.—While no formal decision has been reached by the government with regard to the question of offering assistance to Great Britain from Canada in view of the present naval situation in the mother country, it can be definitely stated that the members of the cabinet are a unit in declaring that Canada must not hold back in the present juncture from giving the Imperial authorities every assurance that the premier dominion of the Empire is ready and willing to offer all needed support to the mother country to insure the maintenance of Britain's naval supremacy. It is probable that at the meeting of the cabinet on Saturday, when there will be time for full and careful consideration as to just what Canada should do in the present crisis, a message will be drafted for transmission through Earl Grey to the colonial office assuring the British people that there is no doubt as to where Canada stands in the matter of loyal co-operation in any steps deemed desirable or necessary by the Imperial authorities to secure adequate defenses and maintain the present inviolability of the Empire.

Canada Will Lead. The government desires that Canada should not be behind any of the other self-governing dominions in respect to bearing a proper share of the burden of imperial defense. In fact, it may be stated that Canada is prepared to lead the way in this as in other instances where it has been necessary to show tangible and practical evidence of loyalty. At the same time the government believes that there is no reason at the present juncture why they should depart from the long-established principle of maintaining Canada's autonomy as a self-governing dominion in respect to retaining full control of all expenditures voted by parliament. It is felt that there is no necessity for any precipitate or immature action. The assurance of readiness to assist the mother country will probably be coupled with a request to the Imperial authorities as to their view on what should be the most practical and wisest form that this assistance should take. The government is anxious that any further steps to be worked out in co-operation with Britain should be of a nature that would be beneficial to Canada and contribute to the maintenance of the Empire of Great Britain and of the Commonwealth of Nations.

WILL PLAY HIS OWN HAND SAYS MR. BURCHILL

FREDERICTON, Mar. 25.—The features of interest in today's continuation of the debate on the address were Hon. John Burchill's declaration of policy and Hon. Robert Maxwell's defense of the government's repudiation of prohibition.

Everything She Ate SEEMED A BURDEN TO CARRY. HAD STOMACH TROUBLE FOUR YEARS.

When your food has not been properly digested, your body has not received the benefit it should. The exertions of the gastric juices have been confined entirely to removing the unassimilated undigested portions of food which they cannot properly digest as speedily as possible from the body, thereby only giving the blood a small percentage of nourishment with which to feed the tissues. Burdock Blood Bitters regulates the bowels, promotes perfect digestion, makes pure blood, tones the stomach, and thus restores perfect health and strength to the debilitated system.

Mrs. D. A. Francisco, Roseland, B.C., writes: "I was suffering from stomach trouble of the worst kind for about four years. Everything I ate seemed a burden to carry. I always arose in the morning with a sickening and feverish taste in my mouth and was also troubled with swellings in my hands and feet, which my physician said was due to the disordered state of my stomach. I tried everything that was purchasable, and also consulted two or three physicians, but could find no relief until one of my neighbors told me of a wonderful cure by Burdock Blood Bitters, used altogether ten bottles and am now perfectly cured. I wish to recommend B.B.B. to anyone who may be so unfortunate as I was. For sale by all dealers."

HER MODEST REQUEST. When Andrew D. White was minister to Germany he received some queer letters from Americans. Perhaps the funniest of all was a manifesto written from an old lady living in the west, who inquired in her letter four pieces of white linen, each some six inches square. "Why are you going to have a fair in our church?" she wrote, "and I am making an autograph quilt. I want you to get me the autographs of the emperor, the king, the president and the crown prince, and tell them to be very careful not to write too near the edge of the square, as a seam has to be allowed for putting them together."
