Hight.AND Light, Mass, Nov 9—The terrific gale which began from the south this micring, shifted to the west tonight and gave few signs of abating. The damage along the cape shore will be considerable, chiefly to the fish wiers and small fishing claff. The tides have been higher than at any time since the famous November storm in 1898, but the damage to shore roads has not been so great as at that time because the wind was off the land. The steamer Manhattan, from New York for Portland, passed the Cape at 4 p m, and was having quite a striggle to get across Massachusetts Bay to the north shore. It was thought she might have to return for an anchorage under the lee of the Cape. No serious mishap has been reported by the coast patrol. the groom is a wealthy farmer.

FREDERICTON, Nov. 12.-The Dalhousie College football team, chamto meet the Fredericton team on the gridiron here on Friday next. Our boys are getting into good shape and propose to give the visitors the fight of their life.

Declaration proceedings took place this morning. The official figures are: Gibson, 2,937; McLeod, 2,861; rejected ballots, 81; majority for Gibson, 76. Short speeches were made by the mem-ber-elect and the defeated candidate. Rev. Dr. McLeod stated in his address that the election would be protested on the grounds of corruption and that a number of bribers would be proceeded against.

An attempt was made on Sunday morning to burn Alderman C. F. Mc-Kendrick's saw mill, situated at the mills at the lower limit of the city. The fire was discovered just before daylight by Mrs. Smith, who lives opposite the mill. She aroused her hus band and a number of men, and the flames were extinguished before much damage was done. The wall of the mill had been saturated with paraffine by the incendiaries. J. Clark & Son, farm machinery

### A GOOD ELECTION STORY.

(Fredericton Gleaner.) A good election story is being told at the expense of a St. Ann's ward alderman. A certain citizen, a mechanic, left his work soon after the poll opened on Wednesday morning and went and voted for Dr. McLeod. Just before dinner he had occasion to again go down town to make a purchase at one of the stores. On his way down he met and was hailed by the alderman above mentioned. "Hello!" said the alderman, "are you going down now?" "Yes," replied the citizen. "Well, take this and vote for Gibson," said the alderman, at the same time putting a crisp five dollar bill into the hand of the voter. The citizen put the

down town, transacted the business which he had in hand and returned to work. And still some people wonder votes, when so much money was spent to prevent him doing so.

# Autumn ledicine.

Change of season often affects the health more or less perceptibly. Prudent people take "Spring" medicine - but Autumn medicine is just as needful. The effect of the hot summer weather on the blood makes itself felt, now that the weather is changing; you feel bilious, dyspeptic and tired; there may be pimples or an eruption on the skin; the damp weather brings

little twinges of rheumatism or neuralgia, that give warning of the winter that is coming. If you want to be brisk and strong for the winter, it is NOW that you should build up the blood and give the nerves a little tonic.

# Dr. Williams' Pink Pills

will make you strong and stave off aches and pains for the winter if you take them now.

GREATLY RUN DOWN ...

Mr. E. Hutchings, a printer in the office of the News, St. Johns, Nfld., writes: "I am greatly indebted to you for the benefit I have derived from the use of Dr. Williams' Pink Pills. I was in a greatly run down condition, and suffered from pains in the back and stomach. My appetite was very fickle and often I had a loathing for food. I was subject to severe headaches, and the least exertion would leave me tired and breathless. I tried several medicines, but with no benefit-rather I was growing worse. Then I consulted a doctor, and was under his treatment for three months, but did not get any better. Having read much concerning Dr. Williams' Pink Pills, I finally decided to try them, and bought two boxes. Before these were all used I could see a marked improvement, and I purchased four boxes more. These completely restored my health, and I can now go about my work without an ache or pain of any kind. My recovery leaves no doubt as to the remarkable curative properties of Dr. Williams' Pink Pills, and I must say their value has been further proved in the case of a friend to whom I
