### NEWS SUMMARY.

**Domestic.**

—A man named George Morino was killed near Kentville on Thursday by falling from a load of hay.

—Severe thunder storms occurred in St. John on Saturday and on Monday mornings last. On Saturday morning the tower of the Valley church was struck by the lightning, but without doing much damage to the building.

—The Kentville *New Star* reports that about a dozen men from this county had been taken this year from all sections in this county in much larger numbers than for some years past. At St. John's Point 3,000 had been taken on two or three occasions, and the fishing at that scene is the best for eight or ten years.

—The cheese shipments from Canada to the old country this year are going to beat the record. The value of cheese shipped so far is \$2,700,000. Up to July 16 some 453,000 boxes were exported, against 362,000 boxes for the same time last year. Great Britain is taking all the cheese Canada can send.

—Mr. Van Horn, president of the C. P. E., accompanied by vice-president Shaughtnessy and others of his friends, passed through St. John on their way to Halifax on Friday. The object of the party is said to be pleasure, but it is surmised that some important business may be considered by the way.

—It is reported from Montreal that a great deal of national feeling has been aroused by the neglect of the civic officials to recognize officially the arrival in Montreal of H. M. S. *Pyrites*. This is, it is said, quite contrary to the course usually pursued by the city. The last warship to arrive in Montreal was the French frigate *Brisson*, and the city then could not do too much for the French officers.

—According to a Winnipeg despatch the result of the election in Manitoba has been to confirm the Greenway government in power. The government have 25 opposition 14, with one independent. The school question was the main issue, and the government is confirmed in its policy of opposition to separate schools. A plebiscite was also taken on prohibition and the vote was overwhelmingly in its favor.

—A section of Ontario was visited by a severe storm on Friday. From Marmora it is reported that the storm was the worst that ever visited the place. A heavy thunder storm was followed by a terrible hail storm. Fruit and grain are completely destroyed and the loss will be very heavy. Hundreds of windows are broken, and stones have been picked up measuring six inches in circumference.

—A special London cable says: "Sir Charles Tupper, Canadian High Commissioner, in his annual report, referring to emigration, states there is great difficulty in inducing persons of a suitable class to leave the country. The report says that the proportion of emigrants to the United States from Europe whose passages are prepaid range from fifty to seventy per cent. Canada's ten per cent. Sir Charles advocates the adoption by the Canadian Parliament of the system of "Nominated" passages which would rapidly increase the number of desirable emigrants to the Dominion.

—The city of Victoria, B. C., is suffering from small pox. All vessels and steamers from the city are quarantined by the Puget Sound port. This epidemic has not been followed by San Francisco, and the people of Victoria appear to think that the precautions taken by their nearer neighbors are unnecessary. According to a late despatch, the following is the report of the provincial health officer: At Alton Head quarantine station, thirteen miles from this city, there are 12 cases; at Jubilee Hospital quarantine station, two miles east of this city, 43 cases. There are no cases in the city of Victoria. One new case within the last 24 hours. There are no deaths.

—No more lottery literature is allowed to pass through the United States mails. Canadian laws, however, seem to be less stringent or less enforced. Montreal is being flooded with circulars of the "Little Louisiana Lottery" of Chicago, Kansas City and New York. If these circulars could be sent through the United States mails there would only be a charge of two cents at the most, but they are posted on this side of the line, by a company at Sarnia, which costs three cents. The circulars are full of instructions to "send money by express," and add: "Congress having lately enacted laws prohibiting the use of the mail to all lottery companies, our correspondence will henceforth be answered by express."

—The twenty-fifth annual meeting of the Young Men's Christian Association of these provinces will be held in Yarmouth, N. S., opening August 4th, at 11 a. m., and extending through Sunday. The sessions will be held in the Presbyterian church. General secretaries' conference will meet August 3rd in same place. Mr. George S. Avery, of Boston, is expected to be present and conduct Bible themes, and S. A. Taggart, secretary of the International Commission, and formerly state secretary of Pennsylvania, will represent that committee. It is also expected that R. M. Armstrong, state secretary of Massachusetts; Russell Sturgis, of Boston; Dr. F. W. Kelley, of McGill Medical College, Montreal; and other prominent association workers from abroad will be present and aid in making this convention one of the most interesting and helpful ever held in the Maritime Provinces.

—Minard's Liniment cures distemper.

**British and Foreign.**

—According to the *Daily News*, the total vote of Ireland stands: For Home Rule, 315,329; against, 78,979.

—The *Paris Figaro* says: The police have discovered an Anarchist plot to blow up the Bourne and other public buildings. Two conspirators have been arrested.

—The *Standard's* correspondent at Sofia, says the Bulgarian organ, *Sveoboda*, publishes a communication from the Russian legation at Bucharest to the Russian foreign office, showing that every movement taken against Prince Ferdinand of Bulgaria is directed, paid for and instigated by Russia.

—A crisis is threatened in the Lancashire cotton trade. The federation of master cotton spinners recommend that a ten per cent. reduction be made in the wages of operatives and that the mills work short time. It is thought the amalgamated association of operative cotton spinners will refuse to accept a reduction and that a strike will follow.

—Official telegrams received from Batavia confirm the recent accounts of the awful destruction on great Sangalindan, belonging to Holland, by the volcanic eruption of June 17. Later advices state that the whole north-western portion of the island has been destroyed and 2,000 inhabitants killed. There were no Europeans among the victims.

—The Earl of Spencer, presiding at a meeting of the Northampton Agricultural Society, last week, raised a storm of protest by remarking that agriculture in Great Britain was now in a more flourishing condition than it had been for a number of years. Mr. Howard of Bedford, responding for the judges, was applauded on declaring that with his fifty years' experience of farming he could not remember when the condition of farmers was worse than at present.

—A St. John's (N. I.) correspondent of the *Montreal Gazette* says: The people are very patient; but I am sorry to say we have a few infamous scoundrels who steal all they can, and a few fiends in human form who have been trying to set fire to the remaining portion of the city, no doubt to get a chance of plundering. They have been caught and will be heavily punished. One woman, firing her house which was insured, was near being lynched by an infuriated people. But the whole of the great mass of our people have behaved most creditably.

**United States.**

—The result of the enumeration under the auspices of the School Census Committee shows that Chicago has 1,328,318 population.

—All of the great World's Fair buildings, except two, are practically finished. A portion of the interior finishing and decorating is all that remains to be done on most of them. On the manufacturers building and machinery hall work is being pushed sixteen hours a day, and they are not catching up with the other structures.

—A St. Louis man has taken out a patent for an electrical jail. He runs wires through channels in all the bars and gratings, and between the stones or plates of the walls, ceilings and floors of his prison. By connecting ends to a suitable alarm mechanism, and keeping a current flowing through them, any disturbance or attempt at escape transmits a signal.

—The women of Virginia have adopted an ingenious plan to raise \$150,000 with which to reproduce Washington's Mount Vernon home at the exposition. They have prepared 15,000 engravings of the old home and of Washington's tomb which they are selling as souvenirs at \$1 each. By a variety of entertainments they hope to raise \$100,000 more, and this fund will be used to furnish the building and operate it in the Virginia style. The building is to be an exact representation of the Mount Vernon home of Washington in appearance and dimensions and is to be furnished with antique furniture.

—The great reason for the success of H. H. Sarsaparilla is found in its preparative fail.

The following students having passed the final examinations at Whiston's Central College, were lately awarded diplomas: Victoria C. Fraser, Dorchester, N. B.; Frederic W. Mosher, Newport Landing; S. Lent McMullen, Truro; E. Percy White, Cape Canso; Emile Stuart, Truro.

### Deaths.

**POWELL.**—At Canso, N. S., June 29, Josiah Powell, aged 75 years.

**HASKINS.**—At Canso, N. S., June 30, 70 years of age, and left a wife and four sons to mourn their loss. Bro. Haskins was a native of Prince Edward Island, and had been a consistent and devoted member of the Baptist church in New Brunswick. He has gone to share his eternal reward.

**ANTHONY.**—Entered into rest on the 19th of June, Miss Ruth Anthony, in the 91st year of her age. Sister Anthony was the wife of the late Rev. J. H. Anthony, united with the Baptist church in Newport, Hants Co. Owing to the infirmities of age her presence among the people of God was less frequent than in former years, yet her interest in the Redeemer's cause was unabated. A good woman and true, she died in the triumphs of Christian faith. The funeral services were conducted by her pastor, who spoke from the words of Paul, "To die is gain."

**KEITH.**—At Sussex, on Sabbath evening, July 10, May, youngest and dearly beloved daughter of Mrs. and Mr. Samuel Keith, aged 11 years and 3 months. For more than a week she knew that she could not recover, but she had no fear of death, and she spent the last days of her life in Christ, and in taking leave of her loved ones, exhorted them to live in the fear of God so that they might all meet her in heaven, sending at the same time loving messages to the brothers far away from home. The Lord revealed Himself in a remarkable degree to this child, and while sympathizing deeply with the family in their great loss, we could at the same time say with joy, "Asleep in Jesus, blessed soul."

**BAKER.**—At Tanook, Lunenburg Co., May 22nd, Lucy, beloved wife of Jacob Baker (who still survives), in her 74th year. Our very worthy and greatly beloved sister was converted and baptized almost fifty years ago by Bro. Joseph Dimock of hallowed memory. She has indeed all these years been a pillar in God's house and a shining light ever seen, but especially when darkness brooded over the church of God. She has been an active worker in sixteen revivals, and being a woman mighty in prayer, she generally had premonitions of coming Pentecosts. Saint and sinner held her in high esteem. She saw her five sons and five daughters all converted and baptized. The time of her end was revealed to her, and she made all necessary preparation. The church she so dearly loved and faithfully labored to uphold felt bereaved, as well as the entire community and the large circle of relatives. But they rejoice that in that Home she never failed to speak of with joy, she has been welcomed by the blessed and all glorious Saviour. In the sermon, in the absence of the pastor, was preached by Rev. E. N. Archibald, 2 Tim. 4: 8, 9.

## TIME TO TALK.

Mid-summer is here. Our great stock of Men's, Boys' and Children's Clothing has been sold and renewed twice during the Spring and Summer of '92, consequently we have no old stock on hand. We have plenty of good new stock—too much in fact; and as our policy is to carry no OLD stock, we have made up our minds to clear out what is left of our Summer Clothing at reduced prices. This being the fact, don't you think it will PAY you to call on us, as we intend that the AUGUST RED FIGURE Sale will surpass our great sale of Jan'y., '92, in point of giving Clothing at LOW prices.

## OAK HALL CLOTHING HOUSE,

Cor. King and Germain Sts.

## GREAT RED FIGURE SALE

DURING AUGUST

## OAK HALL.

DON'T BUY TILL YOU HAVE SEEN OUR STOCK.

**Acadia Seminary.**

THIS SCHOOL FOR YOUNG LADIES will enter on its 25th year with greatly improved accommodations—new class rooms, new Dining Hall, fine Art Room, a new Library Room, and a large number of new and pleasant rooms for students. A full staff of competent teachers has been engaged. The discipline is of the strictest. Music will be under the direction of a German Lady, who is highly recommended.

The next term will open on Wednesday, Sept. 7. Students should present themselves on the day preceding the opening of the term. Circulars giving full information will be sent on application.

**THE STRONGEST STATEMENTS COULD NOT TELL HALF IT HAS DONE FOR ME.**

**Hereditary Liver Trouble,**

**ENLARGEMENT OF THE LIVER,**

Diagnosed by the best Physicians, CURED.

GENTS.—My father died of Consumption of the Liver, many in my family have died with the same disease, and a large part of the time for the past two years I have been very sick, and my appetite, bowels alternating between constipation and diarrhoea. I began to feel that my liver was so much enlarged that I could not sleep more than a few hours at a time, and in fact my physician said I had Enlargement of the Liver.

I have now taken the use of SKODA'S REMEDIES, I had two different bottles of SKODA'S REMEDIES, and I feel that I am now well, and my appetite, bowels and sleep are all restored to normal. I feel that I am now well, and my appetite, bowels and sleep are all restored to normal. I feel that I am now well, and my appetite, bowels and sleep are all restored to normal.
