The Ring
Aquatic"FITZ" GAVE
FIRST MONEY
TO OPPONENT

Bob Fitzsimmons is one fighter against whom the charge of trickery or faking in the ring has never been made. From his first to his last bout he never was accused of participating in a questionable deal and the story of his first fight is one which shows how he was always out to win. Nearly everyone knows Bob was a blacksmith and was lured from his home town for a purse of \$500, an amount which was large in its day, but one which present day fighters would scoff at. Fitz wanted this money and wanted it bad, but on the day of the fight his opponent came to him and said, "Bob, I have to win this money, not for my sake but for my mother's. She has been sick and her cough is getting worse. The doctors say she can't get better here, but if she goes to Sydney she can be cured."

Fitzsimmons' heart is as big as his body. He felt sorry for his opponent, but couldn't see laying down to him. "Fight and beat me, Jim," he said. "I'm going to fight my best, but I would like to see you win. I couldn't throw the fight to you, for my friends have all bet on me and I can't go back on them."

When they got in the ring Fitz forgot all about his friend's trouble. He fought his hardest and when he felt his opponent weakening he used his famous shift, which won many fights for him afterwards, and shot his left out, sending his opponent down for the count.

"I had to do it," he said to his opponent after the fight. "But this time you win as well as myself. Here is the \$500. You need it more than I do." And he handed over the first purse he ever won in the ring to the man whom he had beaten.

WILL BUILD
NEW TRACK
IN OTTAWA

Ottawa, March 4.—One of the biggest and finest racetracks in Canada is to be built on the Ottawa River, opposite this city, by the Connaught Park Jockey Club, according to an announcement from that organization. Work will be commenced as soon as the weather permits and the first meet will probably open about September 21. Under the Canadian law race meets here may be only of seven days' duration.

The club has bought a large tract of land on the Quebec side of the Ottawa River, thus avoiding the complications that would occur in the province of Ontario over betting. As soon as the snow is gone a track and steeplechase course, stables for 600 horses, immense grandstands, club houses, etc., will be rushed to completion, so as to be ready for the first race meeting, which will open on September 21.

The presence of the Duke of Connaught, whose colors will be seen at the meeting, the wealth and high social position of the club's officers and the assurance that bookmaking will be allowed have already brought hundreds of responses from Canadian and American horse owners.

PACKEY AND
KID BURNS
WILL MEET

New York, Mar. 2.—Packey McFarland of Chicago and Kid Burns of New York have been matched to meet at Kenosha, Wis., on March 15, according to an announcement made here tonight. In a recent encounter Burns made a creditable showing, although outpointed by McFarland.

KID MCCOY TO BATTLE.

Nice, Mar. 4.—Kid McCoy has signed articles to fight Carpenter, the French champion lightweight.

The McCoy-Carpenter fight, which will be for the championship of Europe and a purse of \$12,000, is booked for May 12 at the New Velodrome, Paris, which has a seating capacity of 20,000. The articles call for twenty rounds and state that the men must weigh in at 175 pounds ringside.

The National Sporting Club of London has offered a purse of \$15,000 for a fight between Carpenter and Bombardier Wells in May.

MONTREAL
LACROSSE
SITUATION

Montreal, Mar. 4.—There is yet a possibility of lacrosse being played on the Montreal baseball grounds. Mr. Kennedy of the Irish-Canadian Club, told that in addition to a written option on the National grounds, he also had a verbal promise from Mr. Litchfield that he could use the grounds if he thought it would be to his interest, and the principal question now left to decide is the question of the new stands which are to be erected. Upon this will mainly depend whether there will be lacrosse again on the old Shamrock grounds, which have been seen to many great struggles.

Charles Querrie at the meeting brought out the question as to whether Mr. Kennedy had really been assured that Montreal should be admitted to the D. L. U. Mr. Kennedy said he thought it might be a good thing, but the remainder of the delegates positively drowned the idea.

Dr. Courtenay has been asked if there was any truth in the statements that Montreal had approached national officials and said that he and Geo. Tholin had been approached with propositions.

It also came out that when it was known that there might be lacrosse on the baseball grounds, efforts were made by opposing interests to get a promise from the management not to allow such a thing.

THE TIGERS' REPLY.
Sporting Editor of The Standard.

Dear Sir:—Having noticed in yesterday's issue of your paper that the Beavers have accepted our challenge for a game of hockey to take place at the Queens rink on April 1st. It would seem that the Beavers do not want to meet us on skates, as by that date rollers would be more in order. However if our team is too fast for them on ice skates, we will be glad to play them on roller skates on that foot date, April 1st. Yours sincerely

H. K. CLAWSON, Captain.

GIRL SWIMMER CHALLENGES
MASCULINE EXPERTS TO RACE

MISS ELBA WHITTAKER.

Milwaukee, Wis., March 4.—Miss Elba Whittaker, champion woman swimmer of the middle west, doesn't think that the action of the American Olympic committee, in barring women swimmers, is just.

"Sweden has placed events for women swimmers and divers on the Olympic program and European countries will enter competitors. Why doesn't the United States, most progressive in everything else, recognize us?" the young woman swimmer asks, not without reason.

"I'll swim any man in the United States outside of Champion Daniels and a few of the stars in his class, any distance from 50 yards to half a mile, on even terms. I don't want a handicap or sympathy. I believe I can outswim any of the men save the very few at the top of the list, and am prepared to support my belief," she continued warmly. "All I ask is an open water course at least 100 yards straightaway and I'll take a chance with them."

"In barring women from competition with men, the A. O. U. and the British association claim that women could not enter unless given handicaps and for this reason is best to bar them."

"This may be true in many sports. It is true to some extent in swimming, but I protest it is not true in all cases. There are women swimmers capable of holding their own with the best men. Last summer one of the fastest swimmers here wanted to race up the Milwaukee river against some man, but I suggested that I compete, and I beat him, fairly, on even terms, at 200 yards and afterward at the half mile. This man can swim within a few seconds of record time, and I know he tried his best, for he showed it."

"Take Vera Neave and Daisy Curwen of England. Few men can beat their time. Annette Kellerman will outswim most men at long distance and there are several girls in New York and San Francisco who have beaten men in the past two years."

"My challenge stands for any of the crack swimmers of the country, barring as I say, a few champions. Miss Whittaker belongs to a family of swimmers. Her sister, Mrs. Frank Robinson, holds the mile record, and her brother, George, 20 years ago, set the mile record and held it for a number of years."

A largely attended meeting of the St. John Matinee Driving Club was held last evening in their new quarters. Many new members joined and much routine business was transacted.

A feature was the presentation of prizes to the winners and second horses competing in last Saturday's successful meeting. The first horse in each class received a very large fancy woolen street blanket, the second horses getting expensive whips or in other words, the means to get the first premium in future meets.

There was much enthusiasm shown and each driver or representative was heartily congratulated on being presented with his winnings. Driver William Brackley received something of an ovation when he was requested to come forward for the winnings of the game little mare Cassie W. Class A pacing and also the prize donated by the firm of Elmore and Mullin for the horse making the fastest time in any class on Saturday last.

The classifying committee have made up the following programme for Wednesday next and feel assured it contains as much excitement as the card of previous dates:

The free for all class on Wednesday will be allotted 1st and 2nd prizes. The two other classes carrying only first premiums.

CHANCE LOSES "ANGORA."

Frank Chance is not easy to peeve as one might imagine, considering that he has won a couple of world's championships, but Hen Berry, owner of the Los Angeles Club, got his anger the other day in Los Angeles. Hen met the peerless leader on the street, and in all seriousness asked how the Chicago inter-city series turned out.

"Who did win, anyhow, the Cubs or the Sox?" asked Berry. "No, the White Sox won something like four straight last fall, and Chance looked daggers at Berry without saying a word."

"No fooling, Frank," persisted Hen. "Who did win?" "You see, I was out of town at the time and did not see the newspaper accounts."

"You're a fine stiff to start in kidding me," he fired. "If I had finished down in the cellar as far as you Angers did, seems to me I would not be talking baseball at all."

Chance would likely have said more but the crowd gave him the horse laugh.

VISITORS BARELY WIN
FROM THE LOCAL SEVEN

The hockey game between the Amherst Ramblers and the A. C. team in the Queens rink last evening, resulted in a victory for the visitors by a score of 5 to 4. The game was played in three 20 minute periods and was fast and exciting throughout, the local leading until the latter part of the last period when Eaton of the visitors, scored 2 goals, and won the game for his team. Two accidents occurred during the game, one in the second period when McLean was struck over the eye with the puck, and another in the third period when Barton received a serious blow in the stomach which caused him to retire from the game for a few minutes. All through the game the play was very clear and only two penalties were handed out, when Fraser rested for two minutes for checking and Staples rested three for loafing in the nets.

For the locals Barton in goal put up the best line of puck stopping that has been seen here this winter, and he was repeatedly cheered by the crowd for his good work. For the visitors Eaton who played right wing, starred, and received much applause. The play started off with a rush on the part of the visitors, but Gilbert retrieved and passed to Parker who after getting well up the ice tripped and fell. Amherst then rushed matters in an aggressive manner, but Barton was on the job and they failed to fool him. One of the locals got offside and after the faceoff Barton was again called on, but stopped the puck in a classy manner.

McAvity then secured the disc shot for goal, the puck striking the upright at the corner of the net. The Ramblers thought they had scored, but the goal judge decided otherwise, much to the delight of the crowd that had quickly taken up the cry of "no goal!"

The next few minutes of play were marked by determined rushing on the part of both teams with the visitors having the best of the territory. Barton then stopped several hot ones, greatly to the delight of the crowd. An offside was called and after the faceoff Bumps McAvity got away on one of his rushes and by good luck succeeded in scoring the first goal of the game, Time 12 minutes.

After the faceoff the Ramblers started out to even up matters and although they made several shots for goal, they failed to score. After this play was very even, both teams doing classy work until an offside was called. Bumps McAvity then received the rubber and by a good exhibition of combination work the locals took the disc up the ice, Parker scoring on a pass from Bumps McAvity. Time 19 minutes.

The first period ended with the score 2-0 in favor of St. John. The second period opened with a rush on the part of the visitors which resulted in Fraser scoring their first goal, time one-half minute.

After the face off they kept up their good work and Barton was called on several times but was always on the job. The locals then backed up and by a series of fast rushes worked the disc up the ice where Clawson shot for goal. Currie, however, was there and stopped a hot one. At this point the game Fraser showed too much zeal and rested for two minutes for checking Gilbert. Parker was called offside, and after the face off Barton topped two hot ones in approved manner. The Ramblers, however, started in to make things hum and Eaton tied the score, time seven minutes.

After the face off the locals backed up, Gilbert netting the puck on a pass from Parker, time eight minutes. The play now became fast and furious, Clawson and "Bumps" McAvity each taking a shot for goal but failing to find the net. Barton was then called on to stop a quick shot and McLean was struck over the eye and the game was held up for a few minutes. After this the locals showed up on some classy rushes which resulted in Bumps McAvity scoring the fourth goal, time twelve minutes. At this point of the game Fraser replaced Shaw at left wing with Staples and immediately afterward Eaton netted the rubber.

At the end of the period each team played stellar hockey, and the spectators were continually kept on the qui vive by the lightning rushes and good defense work of both teams.

The second period ended with the score 4-3 in favor of St. John. At the beginning of the last period the visitors rushed, but the local defense was too strong for them. Bumps McAvity secured the puck and rushed but an offside was called, and after the face off Barton was called on to stop a hot one which he handled in a classy manner. The game was, however, held up for a few minutes by the injury that Barton received while making the stop. Although the game was not in progress the spectators were kept excited by a fight that two small boys were indulging in. This, however, hung up for a few minutes but the game was started. After the face off the Ramblers made several rushes, Staples earning a three minute rest for loafing in goal. While Staples was on the bench the visitors carried out a combination stunt that resulted in Eaton tying the score, time seven minutes.

On the resumption of play Barton handled another shot in his usual manner. The locals then rushed the puck up the ice but Parker was called offside. After the faceoff Bumps McAvity secured the puck and rushed, but Staples relieved him of the disc and was very eager to score. He rushed in to the nets and upset them, after Barton had stopped his shot. After the tangle of nets and players was straightened out, the play became fast and very interesting as both teams worked their hardest to score the winning goal, a trick that Amherst turned out to be a classy combination stunt which resulted in Fraser netting the rubber. Time 15 minutes.

The remainder of the period was very fast but neither team scored, and the game ended with the score 5-4 in favor of the Ramblers. The teams lined up as follows:

Ramblers. Goal, St. John. Point, Barton. Cover Point, P. McAvity. Rover, McGowan. Centre, Clawson. Right Wing, Parker. Left Wing, Gilbert.

Shaw. The officials were as follows: Referee—H. E. C. Sturdee. Umpire—A. J. Craig. Timers—Ramblers, J. Twaddle; St. John, F. Parker.

Penalty timer—D. H. Brinkman. Goal judges—Ramblers, J. Johnson; St. John, Wm. Titus.

The summary of the scoring is as follows: First period—1 Bumps McAvity, St. John, time 12 minutes; Parker, St. John, time 19 minutes.

Second period—1 Fraser, Ramblers, time 1/2 minute; 1 Eaton, Ramblers, time 7 minutes; 1 Gilbert, St. John, time 8 minutes; 1 McGowan, St. John, time 12 minutes; 1 Eaton, Ramblers, time 14 minutes.

Third period—1 Eaton, Ramblers, time 7 minutes; 1 Fraser, Ramblers, time 17 minutes.

Summary of penalties: Second period—Fraser, 2 minutes, checking. Third period—Staples, 3 minutes, loafing in goal.

Always a Republic.

"Why do you consider a republic the only permanent form of government?" asked one Chinese citizen.

"Because," replied the other, "it's the only form that permits you to change all its leaders and all the governmental institutions without changing its name."

This Food-Tonic Quickly Restores Strength

After a siege of Pneumonia, Diphtheria, Typhoid or any other prostrating disease, there is usually a need for some other source of strength besides ordinary food.

NA-DRU-CO Tasteless
Cod Liver Oil Compound

meets this need perfectly. While decidedly pleasant to the taste, without a trace of the nauseating properties of plain cod liver oil, it embodies the well-known nutritive and curative elements that have made cod liver oil famous. To these have been added Hypophosphites to build up the nerves—Extract of Wild Cherry to act on the lungs and bronchial tubes—and Extract of Malt, which, besides containing valuable nutritive itself, helps the weakened digestive organs to assimilate other foods.

For run-down children there is no better "builder-up."
