THE STANDARD'S SPORTING SECTION

ROYALTY WILL ATTEND THE DERBY MEET AT EPSOM DOWNS

Greatest of England's Turf Classics Will Be Held Today—Great Race Starts at Three o'clock—Thirty-Five Horses Entered—Feeding of Multitude.

London, May 30.—Tomorrow in Derby Day, Down will find assembled at Epsom Downs the vanguard of the gypsies, fakirs, peddlers and tipsters who annually go early in order to avoid the rush of ducks, dowagers, business men and costermongers who, in airplanes, automobiles, donkey carts or on foot, arrive later to swell the attendance to hundreds of thousands for this, the greatest of England's turf classics.

The Derby, originally a horse race, long ago became an institution, perhaps England's most democratic sporting institution. Not until some time after three o'clock tomorrow afternoon, the time when the barrier is due to be raised, sending away some thirty of the choicest bits of horseflesh on this side of the great divide.

The feeding of the multitude who goes to witness the race constitutes another great problem. There are thirty booths around the course which will serve food and beverages. One firm alone will begin the day with a stock of 100,000 bottles of soft drinks, 100,000 hogheads of time juice, and 100 tons of ice cream, 75,000 sandwiches, 10,000 salads and 10,000 gallons of milk.

The supplies of wines, whiskies and beer for the booths aggregate hundreds of thousands of gallons. There are King George and Queen Mary and Viscount Lansdowne and Princess Mary have indicated their intention to attend the Derby. This year the King will have no starter in the race. He

withdrew all his eligibles some time ago, as none of them was in sufficiently good shape to round out in condition for the Derby. One man is sure to be better off by £10,000 no matter which horse wins the race. He is one of the numerous persons who purchased a ticket in one of the various sweepstakes, the race and had retained the entire ticket he would have received £114,000 if St. Louis proved to be the winner. Instead of waiting for the result, however, he sold a half share in the ticket for £10,000.

Alterations were made today in the probable starters in the great Derby race to be run at Epsom Downs tomorrow and include five scratches, six additions to the list already published and four changes in the jockeys. The scratches are Swithin; White Satin; Lord Biliberry; Royal Lance and Flamingo.

The additional probable starters for their jockeys are: Ceylonese, (Lester); Galaway Prince (W. Smythe); Le Fox (Winter); Double First (Postman); Doctor Quill, (H. Jones and Shichallan, (—)).

The changes in jockeys are as follows: For on Irish Zettler instead of Whalley; King on Silpho in place of Whalley; Whalley on Lord of Burghley, instead of Evans and Cooper on Trus Knight, taking the place of Robin.

The latest betting on the Derby is as follows: 7 to 2 against St. Louis offered; 100 to 15 against Captain Cuttle taken and offered; 100 to 14 against Ponderosa taken and offered; 10 to 1 against Re-Echo taken and offered; 40 to 1 against Villars; 40 to 1 against Great Star taken.

Betting odds quoted tonight 15 to 2 against Captain Cuttle; 9 to 1 against Re-Echo; 10 to 1 against Tamar; 100 to 3 against Ponderosa; 100 to 6 against Craighover; 20 to 1 against Buck's Hussar; Lord Burghley and Psychology; 25 to 1 against Scamp and Sincor; 100 to 1 against Dr. Toast; 40 to 1 against Villars; 50 to 1 against Satelles; 65 to 1 against Silpho, all taken and offered; 100 to 1 against the other entries.

Whittaker Gets A Long Term Seventeen Years for Man Convicted of Obtaining Goods and Money Under False Pretences.

A stiff sentence was handed out to Fred Whittaker in the county court yesterday morning by His Honor Judge Armstrong. Whittaker, who was convicted of obtaining goods and money under false pretences, received a sentence of two years on each of six counts in connection with passing worthless cheques, and five years on a charge of raising bank notes, making a total of seventeen years he will be compelled to spend in the Dorchester penitentiary.

Charles R. Lewis, charged with the theft of goods to the value of \$45 from Estey & Co., was further remanded until he would decide whether he will be tried under the Speedy Trials Act or with a jury.

Two Sydney Youths Remanded for Stealing Ride on Train—Traffic Cases Heard.

In the police court yesterday the two juveniles from Sydney who were arrested Monday night by C.N.R. inspectors Ryan, on the charge of stealing a ride on the train, were remanded pending inquiries, which the police are making in the matter.

Fast Game On The East End Grounds

St. George's Lost Several Good Chances, But Were Shut Out by Wolves.

The Wolves and St. George's gave an excellent exhibition of baseball on the East End grounds last evening, the former winning 2 to 0. Both Ross and Stirling were effective in the box and the fielding of St. George's entire team was a feature of the game.

The St. George's lost several good chances to score. In the first inning with the bases plugged and only one out, Merryweather, struck out and Rourke tied out to second. With two bases in the fourth and none out, Perry and Ross struck out and Maxwell went out. Capron to Craft, in the second and sixth innings with two men on bases they were unable to come across with a hit.

In the eighth inning St. George's tied the score with two runs on three singles and two errors, but too late to count as the game was called and the score went back to even innings.

The Wolves were unable to fathom Ross' underhand pitching until the sixth inning, when they scored twice on Capoen and a poor throw from centre field after two men on base were retired. Following is the box score and summary:

General Manager Of N.B. Power Co. M. A. Pooler, With Wide Experience, Succeeds Percy W. Thomson, Who Has Resigned.

The Board of Directors of the New Brunswick Power Company has appointed M. A. Pooler, General Manager of the company, to succeed Percy W. Thomson, who has resigned. Mr. Pooler has had fifteen years' experience in the public utility business in the United States. He is a graduate engineer of Case School of Applied Science, Cleveland, Ohio, and Purdue University, Lafayette, Indiana. After completing his engineering training, Mr. Pooler was engaged for several years with the Pennsylvania Oil Power Company, which company operates all the electric railway, power and light properties in and adjacent to Youngstown, Ohio, New Castle and Bolton, Penna.

For the past eight years Mr. Pooler has been general manager of the Potomac Public Service Company, which company operates in the States of Pennsylvania, Maryland, Virginia and West Virginia. This company operates about 2,000 miles of electric railway lines, four hydro electric stations and two large steam reserve generating stations, which are auxiliaries to the hydro electric stations. The company operates over five hundred miles of high tension transmission lines and serves a population of about 300,000.

Mr. Pooler has for many years been closely associated with the firm of Sanderson & Porter, of New York, which company is operator of the management and operation of the New Brunswick Power Company. Many improvements are contemplated by the Power Company and are now being given careful study and consideration by the engineers. Mr. Pooler will make St. John his home and his family will join him in the near future.

Mr. Baugh, who has been acting manager of the New Brunswick Power Company for several weeks, and who is connected with the firm of Sanderson & Porter, returned to the New York office of his company last night.

WILL EFFECT REPAIRS. The city engineer and the city electrician are preparing plans for putting the interior of City Hall, West in good shape. A new stairway is being built, and the committee in charge of safety said this morning that when the improvements are made, the rents will have to be brought to a point in keeping with the improvements.

CALIFORNIAN WON THE GREAT FIVE HUNDRED MILE AUTO RACE

Jimmy Murphy of Los Angeles, Flashed Across the Wire Winner at Indianapolis, Before 135,000 Spectators— Averaged 94.48 Miles An Hour, Beating Previous Records.

Indianapolis, May 30.—Leading from start to finish, Jimmy Murphy, of Los Angeles, Calif., winner of the 1921 French grand prix, carried his name deeper in the hall of motor fame today when he flashed across the wire a winner of the 500 mile automobile race at the Indianapolis speedway before a record breaking crowd of 135,000 spectators.

Murphy smashed all records for the distance to smotherers, clipping more than 16 minutes off the best previous record. His time was 5:17:39.79, an average of 94.48 miles an hour against the old record of 6:33:55.61, or 89.84 miles an hour made by Ralph De Palma in 1915.

Murphy did something which had never been accomplished before at the Indianapolis speedway, and to the knowledge of racing experts never before in a race of major importance. He shot into the lead at the start and never relinquished it during one instant of five hours of thrilling driving. He was the first away, was the first over the line at the completion of the first lap, and was first over the wire when Captain Eddie Rickbacher waved the flag for his victory. The Los Angeles driver made only three stops during the entire five hundred miles. He made his first stop at 185 miles, pulling up at the pits for two minutes to change all tires and replenish the fuel tanks.

With a load of about ten miles, Murphy pulled into the pits for another tire change and for more gas and oil after he had travelled 268 miles. The assistance of his pit men was nothing short of marvellous. It took them just 28 seconds to change a right front tire and provide him with fuel enough to assure his racing. While major honors went to Murphy, Harry Hartz, also of Los Angeles, who finished second, drove a remarkable race. He jumped into second place sixty miles after the start and held it throughout, always making a desperate fight to catch Murphy.

Hartz's time was 5:20:34.59, an average of 93.54 miles an hour, which was also far in advance of the record. Eddie Hearne, a veteran racer, plotted a French car to third place in 6:22:26.06 for an average of 83.04 miles an hour, while Ralph De Palma one of the favorites, was fourth in 5:51:04.65, an average of 90.61 miles an hour.

Duck Cove Bungalow Destroyed By Fire Building Owned by H. P. Timmerman of Montreal—Fire Supposed to Be Incendiary.

Fire broke out mysteriously at 2:30 o'clock yesterday afternoon, in the bungalow at Duck Cove owned and occupied by a summer residence by H. P. Timmerman of Montreal, formerly superintendent of this division of the C.P.R., and completely destroyed the building and contents.

Chief Blake went to the scene of the conflagration, and a number of men from Fairville were also on the scene, but the fire had gained such rapid headway that nothing could be done to save either the building or furnishings, with the result that both are a total loss. The bungalow, which was furnished, was unoccupied at the time of the fire, as Mr. Timmerman's family have not as yet moved here from Montreal.

The prevailing opinion at Duck Cove appears to be that the fire was of incendiary origin, and it is said that working on the case, and it is likely that developments will occur shortly.

JUNIOR GAME Last evening on the Rockwood Park diamond the Young Roses defeated the Rockwoods by a score of 9 to 0. The batteries for the winners were: S. Beyer, H. Boyce Crawford and Martin for the losers P. Taylor, T. Tebo, F. Waters and M. Foster.

RUTH MAKES HOMER New York, May 30.—In the sixth inning of today's game Ruth made his second home run of the season with one man on base.

JUNIOR BASEBALL On the Park street diamond last evening the Valley Stars again defeated the Young Rockwoods in a closely contested game, by a score of 2 to 2. Batteries for the winners were: Mawell and Shannon; for the losers, Tower, Tebo and Gibson. A home run by L. Fye was a feature of the game.

REVIEW OF YEAR'S GYMNASIUM WORK Classes from Witanstede School Presented Excellent Performance Yesterday to Parents and Friends.

In the Y.W.C.A. recreational centre, yesterday afternoon, the classes from the Witanstede school, under the direction of Miss Caroline Littlefield, gave an excellent review of the year's gymnasium work. The programme consisted of fancy marching, wand exercises, club swinging, Swedish work, relay races, ball games, and finished with the Skaters' dance, the number in which this class acquitted themselves so creditably at the recent exhibition in the Imperial Theatre. This last exercise was given in costume. Among those present at the review were the parents and friends of the girls taking part.
