St. John is certainly setting the example of the "big brother" in recruiting in the province and it is hoped by all that the other counties will follow in her train during the weeks that are to come. The 236th Kilties did good work last week securiny twenty men but eleven of them signed on in St. John. The re-cruiting sergeants for that unit engaged in this city during the past fortnight are doing excellent work and are to be con-gratulated upon their success. Jellcoe's navy received tangible sup-port last week in the city of St. John, in which serven men are reported signed on, and recruiting sergeants for this branch of the service hope that during the pres-ent week other semport towns of the province will respond to the call of the Co.
