

TRIAL OF NORMAN GARFIELD IN PROGRESS

YOUNGER BROTHER TURNS KING'S EVIDENCE IN MURDER CASE

BOARD OF EDUCATION CANNOT POSSIBLY SLASH ESTIMATES \$100,000 AS COUNCIL DESIRES

Would Mean the Teachers Would Have To Go Without Increases, Says Trustee Hayman—Special Meeting of the Board Called for Friday.

"Absolutely impossible," was the comment today of Trustee Harry Hayman, on the demand made by Mayor S. Little at Wednesday night's midnight session of the city council, that the board of education cut down its estimates by \$100,000 or accept the alternative of collecting its own taxes. "To make such a cut as that would mean that we would have to refuse the teachers the increases which we have promised," said Mr. Hayman. "It might be, that there could be some paring done, but I am of the opinion that the council is proceeding in the wrong way when it makes such a demand in the manner it did."

Mutual Consideration.

"If the council had suggested a meeting between itself and the board of education, mutual consideration of the problems both might have been about some understanding and possibly a reduction of the board's estimates along some lines, but it certainly could not be in the extent of \$100,000. By such a meeting the aldermen would have learned the very real problems which the board is called upon to face this year and the same time the trustees would have been made acquainted with the desire of the mayor and council to keep the civic tax rate within certain limits."

"But the fact that there is this desire does not mean that it is possible to do so."

That the board's estimates are practically three-fourths of those of the whole city, is not the fault of the board, but rather that to the demands of the children of the city to the right of the best possible education that certain requirements be fulfilled in the standard of the teachers employed and the class of buildings and equipment provided."

Special Meeting.

Trustee Thomas Coleridge, chairman of the board, as a result of the reports of the action of the council and the demand of the mayor has called a special meeting of the board for 5 o'clock on Friday afternoon.

"I do not think it would be fair to make a comment on the council's action," said Mr. Coleridge, "until after the board has had an opportunity to consider the request of the council, but at the present time I do not see how very much cutting can be done, in the estimates presented to the council."

Trustee A. A. Langford, chairman of No. 3 committee, which has control of matters concerning the collegiate institute, was emphatic in his statement that "it would be quite possible for No. 3 committee to make any cut in its estimates. It is possible that some minor paring might be possible in other directions, but the burning of every dollar last year has placed upon the committee the necessity of every dollar for which it has asked."

FARMER WITH SHOTGUN HOLDS SUSPECTS TILL POLICE ARRIVE

Brantford Foreigner Robbed of \$1,400.

ENTICED INTO TAXICAB

Reports That Two Men Choked Him and Took His Roll.

Brantford, March 10.—Enticed in a taxicab out on the Coocheshaw road, Paul Zukovskii, foreigner, 174 George street, was held up and robbed of \$1,400 this morning. Two men, later captured, are held for the offence.

Zukovskii's story is that he was asked by a stranger to go out and work on his farm. He went in a taxicab with two men. On the Coocheshaw road one man grabbed Zukovskii's throat, and the other was alleged to have turned on the driver, who reported to the police that he had lost his watch and \$42. John Barron, a farmer, in that neighborhood, heard of the crime, and when he saw two suspicious characters telephoned the police, who asked him to hold them. This he did with a shotgun, and the two were later arrested and brought to the city, being identified as Raffaele Vito, Brantford, and Raffaele Rosso, Toronto.

DISPUTES STATEMENT OF MINISTER THAT MEN ARE OVERPAID

President of C. B. of R. E. Declares Reid's Figures Are Incorrect.

Ottawa, March 10.—A. R. Mosher, grand president of the Canadian Brotherhood of Railroad Employees, is another member of organized railway labor who strongly condemns the remarks of Hon. Dr. J. D. Reid, minister of railways, in the House of Commons on Tuesday evening. Mr. Mosher says in part: "It is unfortunate that the minister of railways should make statements that lend color to the misleading propaganda spread by certain interests intending to create a false impression in the public mind that the rank and file of the railway workers of Canada are overpaid."

"Such statements are not conducive to that harmony and co-operation that is so necessary at the present time. If any persons are drawing excessive salaries on the Canadian railways, then they are not to be found in the ranks of organized labor, nor among the rank and file of the unorganized workers. Some, indeed, are not even receiving a living wage. Recent figures compiled in the United States and elsewhere show that clerical assistance, freight handlers' station employees and unskilled labor are in many cases not being paid a wage sufficient for a decent living on the basis of a man and his family."

WILL STRIKE TAX RATE MONDAY NIGHT

No Reply Received From the Board of Education Yet.

The tax rate for 1921 will be struck Monday. The council will meet at 4 o'clock in the afternoon and remain in session until the work is finished. In the meantime officials will work on the figures as amended by No. 1 committee last night and endeavor to see if any further paring can be done.

No official reply has been made by the board of education to the ultimatum issued by No. 1 committee last night, but it is expected that some definite action will have been decided on before Monday's council meeting.

OFFICIALS IN BRITISH CAPITAL FAVOR RAISING OF CATTLE EMBARGO

London, March 10.—A conference convened by the city corporation and presided over by the lord mayor, was held in the morning at the city hall, and voted 12 to 4 for the removal of the embargo on Canadian store cattle. The conference consisted of representatives of agricultural and commercial bodies, and among these were six Canadians.

The first consignment of cattle from the United States since 1913 arrived in the Murray, Wednesday aboard the steamer Wabigoon. The consignment consisted of 200 head.

GERMAN MINERS NOT EXPECTED TO DECLARE STRIKE

Allied Officials Believe the Threats Only German Bluff.

HEAVY RHINE TRADE Impossible to Divert Commerce to Avoid Customs Zone.

Duisburg, March 10.—Associated Press.—Vague hints that work throughout the Ruhr district of Germany will cease within the next few days as the immediate result of allied occupation of Duisburg, Düsseldorf and Ruhrort, and the seizure of customs and other facilities by German mine operators, civil officials and workmen here last night. There seemed to be little unrest among the workmen last evening after they had finished a full day's work, however, and thousands gathered on the streets to watch curiously the French machine guns and tanks. They appeared quite cheerful and showed no resentment at the presence of allied troops.

Well-informed allied officials declared they did not believe there would be a strike in the Ruhr district, as the German people do not intend to strike. Communist are pointing toward Ruhr as Germany's salvation, but workingmen already have regulated their ideas, and will regulate it again. Business is not at a standstill here, and I think it will not stop.

The river seemed fairly busy during the day, and a craft of various types scuttling to and fro.

Commerce Along Rhine.

German officials declare to divert the heavy Rhine commerce overland outside of the occupied zone, so as to avoid the customs zone and the expressed themselves as being firmly convinced that those directly affected would abandon competition in the world markets because of the high prices, unless they were aided by the German Government. They admitted they thought this extension of help was impossible.

Allied officials had not been informed today as to the procedure planned for the administration of the customs zone. They were of the opinion that some commerce might be diverted from the Rhine, but they declared the most of it was bound to flow through this district. They were emphatic in their statement that the German Government would not be ruined by the penalties placed on Germany by the Allies.

Two thousand French troops are billeted in Duisburg, and French and British gunboats are anchored in the Rhine and Ruhr Rivers.

GERMANS INDIFFERENT

Dresden, March 10.—Announcement that allied forces had occupied Düsseldorf and other towns in the Ruhr district of Germany did not cause any excitement here. The people are apparently indifferent to the news, and any measure France and Great Britain may take to enforce the Versailles Treaty.

BAVARIANS DENOUNCE ENTENTE

Munich, March 10.—Resolutions denouncing the action of the Entente in sending troops into the Ruhr district were adopted by the budget committee of the Bavarian Diet yesterday. In an allied advance, it was declared, was a further invasion of German soil by the Allies, and would tend to unite the German people.

SIMON'S POSITION SECURE

London, March 10.—Reports that Walter Simon, head of the German delegation at the reparations conference, was being secured in Government circles in Berlin and in London, and that he would be given a high position in the German Government, were based on a misapprehension of the situation here.

Reports given Reichstag and Government leaders in Berlin, however, have cleared up any doubtful points, and the opinion of a local lawyer that there was an effort made in London to secure Simon's position as a result of the 1912 by the British North America act, can be enforced by any community who undertakes to enforce it according to the opinion of a local lawyer. That there was an effort made in London to secure Simon's position as a result of the 1912 by the British North America act, can be enforced by any community who undertakes to enforce it according to the opinion of a local lawyer.

THREE ELEVATED TO RANK OF CARDINAL

Impressive Ceremony As Churchmen Are Consecrated.

Rome, March 10.—Secular and ecclesiastical Rome today turned its footsteps and thoughts to the Vatican, where three new cardinals were formally received into the sacred college. This ceremony, one of the few that have come down virtually unchanged through the centuries to the present day, combined the brilliancy of the period of Michel Angelo, the pastoral atmosphere that ever envelops the Holy See and the impressiveness that clings to the sacred rites of St. Peter. Only three cardinals were consecrated today, because the three Spanish prelates elevated to the cardinalate will receive their red hats from King Alfonso.

Archbishops Dennis J. Dougherty of Philadelphia, Josef Schille of Cologne and Michael von Faulhaber of Munich, who yesterday received the first insignia of their new rank in the hierarchy of the church took their places today in the ranks of the cardinals. They assumed in full the dignities conferred on them by Pope Benedict, since Monday, these prelates have been given flattering attention in the holy city, but today they were shown a more reserved and pagan respect which impressed the eyes of a distinguished congregation and will long be remembered.

Long before 10 o'clock, the hour for the beginning of the ceremony, Roman citizens, peasants and princes, diplomats and priests, gathered before the great bronze doors of the Vatican. When the doors were opened, the throng was admitted to the hall, where distinguished visitors were shown a more reserved and pagan respect which impressed the eyes of a distinguished congregation and will long be remembered.

NORMAN GARFIELD PLEADS NOT GUILTY TO CHARGE OF MURDER WHILE BROTHER TURNS KING'S EVIDENCE; TELLS OF SHOOTING

FOUR MURDERED NEAR BELFAST BY SINN FEIN

Bodies Are Found in Fields, One Labeled "Spy."

MORAN SENTENCED

The Prominent "Republican" Must Pay the Death Penalty.

Belfast, March 10.—Four men, who had incurred the displeasure of the Sinn Fein, were murdered near here on Tuesday night. The bodies of James Maher and Patrick O'Mara, former soldiers, and both residents of the town of Thurgate, were found in a field. Maher's body was labeled "spy." It is said they were accused of giving information to the police. The bodies of two other men were found in a country lane at Augnacloy, and their names were not known.

A youth was tied to a gate in the town of Keady on Tuesday night by two masked men, who fastened a placard to his clothing, reading: "Two young men to be shot, beware. Keep your mouth shut."

Police at Carrick-on-Shannon have arrested Alexander McCabe, a member of the Sinn Fein, and Michael McLaughlin, a prominent Sinn Fein member. McCabe served several terms in prison, and was one of the men released from Moyalty Prison last fall, after having been on a hunger strike for some time. Patrick Moran, who was found guilty of having been connected with the murder of several British officers in Dublin in November 2, 1920, has been sentenced to death, and the sentence has been confirmed by Gen. Macready, military commander in Ireland.

NEWER RESTRICTIONS TO BAR UNDESIRABLES

Changes Contemplated in the Regulations Covering Immigration.

Ottawa, March 10.—Canadian Press.—Some striking changes in the regulations governing the admission of immigrants to Canada are expected to be made under consideration by the cabinet. The regulations are expected to be passed within the next day or two, and will, it is said, maintain or increase the money requirements for immigrants, and will admit only bona fide farm workers and domestic help. Immigration from the British Isles, France or the United States will, it is reported, not be hindered by the new regulations, but the law will be kept up against immigrants from Central Europe.

Victoria, B. C., March 10.—(Canadian Press)—Premier Oliver's resolution to memorialize the Federal Government for a provincial monopoly of the rights to import liquor was adopted by the Legislature yesterday by a vote of 22 to 14, all the independents voting with the Government. The Conservatives supported the stand taken by their leader, Mr. J. B. Hender, and that the object sought could be accomplished under Dominion legislation already existing.

PRINTERS' UNIONS FAVOR 44-HOUR WEEK PRINCIPLE

Montreal, March 10.—The International joint conference council of the printing trades, representing the majority of the printers' unions throughout the United States, in convention here, yesterday agreed to the principle of a 44-hour week. The question of wages was left for the labor group to cope with, and it was settled that this was a matter for local unions to decide, as being beyond the jurisdiction of the council. An evening meeting had been contemplated, but in view of this deadlock it was abandoned.

This morning the board of governors of the International Printing Trades Association will meet, when the chief topics will be copyright laws and newspaper problems.

NEWSPAPERMEN WILL BE EXCLUDED FROM COMMITTEE MEETING

Applications for Position of Secretary Board of Education.

PRIVATELY CONSIDERED

Garbled Reports of Outside Papers Causes Action, Says Official.

Acting Secretary W. E. Tanner of the board of education, stated this morning that the board has decided that the opening and consideration of the applications for the position of secretary to the board shall take place in camera, and that no newspapermen shall be admitted to the meeting of the special committee dealing with this matter until 5 o'clock Friday afternoon. The committee, of which Trustee Rev. A. A. Rice, is chairman, will meet at 4 p.m.

This decision, Mr. Tanner said, has been taken in the interests of applicants and of the board as a result of the garbled reports carried by the newspapers of matters discussed both at the meetings of the committees and the board.

In answer to a question by The Advertiser reporter Mr. Tanner gave The Advertiser a clean bill in regard to the reports carried by it of the board of education matters. He stated that it was stories sent out by the correspondents of outside papers that were mainly responsible for this line of action being taken.
