crown recedes and is almost perpendicular at the back. It comes in different shades to match the frocks with which it is worn.

Morning Jacket

PEPLUMS are just as much used upon morning jackets as they are upon blouses. This one is one of the newest and prettiest to have appeared. The sleeves that are cut in kimono style

Morning Jacket Pattern No. 7414

can be finished at the elbow or at the wrists with deep cuffs, and the neck can be edged with banding or finished with a collar. Nothing could be simpler or easier to make, yet the effect is attractive in the extreme. All sorts of seasonable materials are appropriate, but this jacket is made from flowered batiste with bands of plain white piped with color to match the flower design. The peplum is circular with inverted plaits at the back that are pretty and effective. The tucks over the shoulders mean good lines and becoming fullness at the front. The collar can be made round or square at the back.

For the medium size will be required 3 1/2 yards of material 27, 3 yards 36, 2 1/2 yards 44 inches wide with 5-8 yard 27 for the banding, 5-8 yard for the piping.

The pattern, No. 7414, is cut in sizes for a 34, 36, 38, 40, 42 and 44 inch bust measure.

Overlapped Skirt

OVERLAPPED skirts are among the prettiest and newest. This one gives extremely becoming lines, and is both graceful and smart. It is simple also and easy to make, so that it cannot fail to commend itself. The model will be

found a good one for the coat suit, for the complete dress, and for the skirt to be worn with an odd waist, and it is adapted to all materials that can be

made in tailored style. Linen, pique and the like will be charming so made, while taffeta and wool materials suit it perfectly well. There are five gores, but the front and back gores are finished and lapped onto the side gores, making a most attractive trimming. Buttons are used effectively and this skirt is made of serge with trimming of bone buttons, but colored linen with white pearl buttons would be exceedingly smart and practical. Both high and natural waist line are correct just now and the one that is most becoming should be chosen.

For the 16-year size will be needed 4 yards of material 27, 3 1/4 yards 36, 2 1/2 yards 44 inches wide when material has figure or nap, 3 1/2 yards 27, 2 1/2 yards 36 or 44 when material has neither figure nor nap; width of the skirt at the lower edge 2 yards.

The pattern, No. 7427, is cut in sizes for misses of 16 and 18 years of age.

Work Apron

THE work apron that can be adjusted by means of a single button and buttonhole is one that busy women are sure to welcome. This one is made in that way. It also is both pretty and practical. It is genuinely protective, yet it shows becoming lines. Linen, percale, gingham and all sturdy materials of the kind are appropriate for its making. Many women finish the edges with fancy stitching and such treatment is attractive. Just now there is a fancy for

cross stitch embroidery and a narrow border makes a very charming effect.

For the medium size will be required 4 3/4 yards of material 27 inches wide for the apron, 1 yard for the sleeves, 4 3/4 yards 36 inches wide for both apron and sleeves.

The pattern, No. 7264, is cut in three sizes, small 34 or 36, medium, 38 or 40, large, 42 or 44 bust.

Flowered Materials

THE flowered materials of all kinds that are fashionable this year should be carefully selected if intended for young girls. The small clusters of flowers or the small sprigs of flowers are more appropriate. The large patterns are not suitable, as it is impossible to make a young girl's frock look well if the pattern is too large.

There are flowered batistes and cotton voiles that are quite inexpensive and there are flowered chiffons and the finest of muslins, that are extremely expensive, so it would seem there were no reasons why every one should not be satisfied.
