1950 REVUE IS BEST EVER

Musical Very Well Received; Held Over To Fourth Night; Bell Well Received as Master of Ceremonies

by WILMA SANSON

This year's Red and Black Revue has set a precedent for the years to come. Not only was it of much better quality than in past years, but the returns have been much larger. This would indicate that the seniors will be able to eat more in May. It was expected that about \$1700 would be cleared.

Congratulations are in order for the Master of Ceremonies, Gerry Bell, who carried on the McGinley tradition, and did such a superb job of cementing together the various acts.

Speaking of acts, the Dan McGrew skit was about the only one in which it was possible to have a party on stage. It was one of those rare occasions when two men get shot with one blank bullet. We think that Dan McArthur deserves special notice for his excellent narration.

The sixty-four dollar question on the Campus since the Revue is "What the hell am I?" They tell me Bill Dickie is expecting the answer any day now.

Betty Riordon must be pretty pleased with her girls chorus line. They made an impressive appearance and had quite an effect on the audience. The men glued their eyes to the chorus and the women glued theirs to their men, a very satisfactory arrangement. The girls deserve a lot of credit for their long hours of practice, as does Betty Riordon who trained them. They were second only to the Rockettes, but after all the Rockettes have long been known for their grace and beauty. "Swivel-hips" Manzer and "Cuddles" Spencer are expecting screen tests any day now.

It is too bad Johnny Bell won't be here next year because now we're used to it and we're going to miss it. We're going to miss the quartets too; for our money and the money of the audience, they are tops. Among the undiscovered talent on the Campus we have found Kay McCallum and Noreen Donahoe. Now that they've been discovered let's hear more of them.

We think that one of the hottest combinations on the Campus is John Little and Jack MacLeod at the pianos. The nice part about it is that they still have a couple of years of Revue to go before graduation.

The winter Scene with the chorus, Joan van Atten and Bob Gander was really something to hear. The eight "Barbara Ann Scotts" in their beautiful skating costumes created a lovely picture of grace and rhythm. Also Joan and Bob did a very good rendition of "Baby, It's Cold Outside".

I'm sure we all appreciated Bob Abbott's (Professor Asp) imitation of the intriguing bird called the "swallow", and many of us envied his act and tried it out backstage.

Terry Rankin's song of "A Model of a Modern College President" certainly went over with a big bang. We congratulate Terry for watching "a very model college president" and catching his mannerisms.

Then came the Persian Kittens—complete with ribbons around their necks but with only one tomcat between them. However, Betty Lou Vincent, Kay McCallum and Joan van Atten did a very good job.

Film To Be Made Marking 150th Anniversary Year

In connection with the 150th anniversary of the founding of the University, a film of the major events of the year is being made. This film, in both black and white and color, is being made under the editorship of Jack Murray, Field Secretary, Associated Alumni. The cameraman is Don Peacock. When completed, this picture will be shown to the various societies and the different U.N.B. Clubs established in other cities. The film will also serve as a permanent record of this important year in the history of the University.

Rhythm Alley—a paradise of bebop and blues—hats off to Berny Kantor at the announcer and Frankie Laine, Ron Davis as Jolson, Jack MacLeod on piano and with his rendition as Mel Torme, John Little on piano, Gump Doherty on sax, Dick Ballance on drums, Jack Cassidy on trombone, and Doc Roberts on trumpet. Also congratulations to Doc Roberts for presenting us with a "bouncing baby boy" in the middle of the Red and Black Revue.

Bob and Sid—two guys—who did a wonderful job of filling in time (as they call it) although they claimed they had nothing planned. Also a few numbers back, Bob Gander did some very good work with the vocal chords.

On the whole, the Red and Black (Continued on page eight)

RUMORED TUITION INCREASE IS CONFIRMED

Plebiscite: Old Answer to Old Question. Vote Light

Results of last week's plebiscite which asked: "If one of the games, Canadian Football or English Rugby, is not to be financed by the S. R. C. next year, which one do you prefer to retain?" showed a majority of 240 to 108 votes for the Canadian game. The number of ballots cast was disappointingly low, but did return the expected verdict.

The plebiscite was proposed by the Council in view of a possible decrease in credits with a smaller student body in the coming year and the result is to be for use solely as a reference for the incoming year. It is in no way binding, but is merely to indicate the trend of opinion on the subject.

A possible explanation for the light voting lies in the fact that the same question, although differently phrased, has been that the question is somewhat out of season was also pointed to as an explanation.

It has been remarked that due to the very small part of the student body which expressed an opinion, the decision reached loses its value as a reference point for the incoming council. At one time it was proposed to exclude the seniors from the vote, because their opinion should not be used to decide a question which will have effect in their absence. No such disallowance was made however.

M. I. A. U. officials, along with other groups had advised both that the question should not be posed at this time and that an acceptance of the Canadian game solely at this time and would not be in the best interests of relations between the Maritime intercollegiate group and this university.

CONGRATULATIONS...

... to Jack Murray, alumni field secretary, on the birth of his first daughter. The blessed event came about on Tuesday night. The makes two of 'em, a boy and a girl.

Administration To Bring Rates in Line With Other Maritime Universities

A general increase in tuition for all students was announced by Dr. J. W. Sears, Bursar of the University of New Brunswick, on Saturday. In addition a new registration fee of \$5. for all students annually will become effective this fall. Supplementary exams will now entail a fee of \$8 and special exams, \$10.

U.N.T.D.—C.O.T.C. Formal To Be Held At Beaverbrook

The Annual Military Ball co-sponsored yearly by the U.N.B. C.O.T.C. and U.N.T.D. will probably be held this year on March 24th. Plans are yet tentative. The Centennial Room and Bar in the Lord Beaverbrook Hotel will likely be the scene of the Dance unless an overwhelming crowd requires the use of the Loyalist Ball Room. Both members of the C.O.T.C. and the U.N.T.D. will be allowed to attend the dance. A usually quite affair, the dance is expected to fill the only gap in the social calendar for the Spring term.

In the meantime, the C.O.T.C.'s Annual Mess Dinner will take place on March 8th at Colwell's Inn. It is expected that Major R. J. Love, OC U.N.B. Contingent C.O.T.C., will preside. The Mess Dinner provides a convivial atmosphere for Officer Cadets in all years to acquaint themselves.

Frances Montgomery To Lecture Here on 9th

It has been announced by Dr. Louise Thompson of the department of Psychology and Sociology that Miss Frances L. Montgomery, assistant director of the Maritime School of Social Work plans to visit this University on or about March 9. Miss Montgomery will arrange to meet and talk with students during her stay here and it is expected that she will outline the field of social work in the Maritimes and speak on the possibilities of a vocation in that line for graduates of this university.

Miss Montgomery will deliver a special lecture in Room 201 of the Arts' Building on the morning of Thursday, the ninth, at 10 a.m. and will be available for consultation on the afternoon of that day, in Dr. Thompson's office.

The visitor will probably point out the advantages of the school which she represents, the Maritime School of Social Work which is located in Halifax.

Harvor Elected S.C.M. President

Stig Harvor was elected president of the Student Christian Movement branch on this campus at a regular meeting of the organization held last Sunday night. Mr. Harvor has been active in the organization

For Arts and Science in Arts students, the new tuition will be \$175 plus new lab fees of \$15 for each lab. For first year Engineers the fee will be \$205 and for subsequent years will be \$235. Foresters will pay \$235 per year under the new schedule. The new Bachelor of Education degree to be offered will have the same tuition fees as the Arts and Science in Arts degrees, \$175.

Changes have also been made in the rates for obtaining Masters' degrees. In Arts or Science a full year's tuition will be required and a registration fee of \$25 per year for each subsequent year. Forestry and Engineering students will also pay one year's tuition, \$235, and then the same registration fee of \$25 for each following year.

These changes have been brought about because of the greatly reduced number of students now enrolled and the present expanded state of facilities provided by the University. In order to maintain these present standards it is necessary to have these increases which amount in most instances to an increase of less than 20%. With these increases, the tuition fees of the University of New Brunswick will be brought into line with those of other Maritime Universities. Previously U.N.B. had lower fees in almost every faculty than those of the other Universities. The new rates are still about \$100 less than those of McGill and other Upper Canadian Universities. McGill made a general revision two years ago in their entire tuition schedule with boosts in much the same proportion as those announced Saturday by Dr. Sears. The increases will mean an additional revenue of some \$30,000 since the estimated enrollment next year will be about 800 students. This sum however will not bridge the gap between the decreasing volume of tuition and the present expenditures. A drop of some \$40,000 in tuition from last year was experienced this year, and with an expected attendance even lower next year the spread would have become even greater, unless the revision was made.

since coming to this University three years ago and will assume office. He is a third year civil engineer.

Other officers elected at last Sunday night's meeting included Everett Smith, third year pre-med student, whose home is in Hampton. Mr. Smith became vice-president.

Miss Joan Schoushou was again elected to the position of secretary, which office she has filled for two years preceding. Don Beach completes the executive, having been elected to the position of treasurer.

YEAR BOOKS

The 1949-50 Edition of "Up The Hill" will go on sale Monday, March 13 at points about the Campus.
