

Statement of EVIDENCE in the case of:-

No. A. 3084 Sgt. F.R.Hewer,
No. 3 Canadian Reinforcement Units.,
Salamanca Barracks,
Aldershot.

Sir,

At Ash on the 17th July 1943 at about 23.55 hours I was on duty in the Ash Railway Station, where I saw the above named M.C.O. He was walking on the permanent way between the electric rails. I, at once, took him away from the rails released him and requested him to go on to the platform. He said "Fuck the platform and you shower of bastards too" He was now standing on the level crossing, a porter informed me that a train was coming and I again requested the above M.C.O. to get on to the platform. He refused, as the train was in sight I took him on to the platform, and he said "I want to stop on the rails and die like my mates" I told him that he had better catch his train. He said "You fucking red caps are always trying to frame us boys" You are a shower of bastards" These words were shouted in a loud voice in the presence of female passengers and the porters of the above railway station.

I asked him for his particulars and he replied "No fear, fuck you"

He boarded the train for Aldershot, I also boarded the train.

At Aldershot I again requested his particulars in the presence of Cpl. R.Puller G.M. Police, and he refused.

He was then conducted to Salamanca Barracks, where I obtained his particulars for this report.
