

PREFACE.

fifteen cents as a subscriber to the YEAR BOOK, ask him to give you a dollar, to provide YEAR BOOKS for the church. He will quite as likely do the one as the other!" It would be a bitter and mortifying exposure of the official narrowness of some of our country and town churches, if we were to make known the number of copies they ordered last year! We suggest a standard: Let every church order from its church-fund, or from a small special fund raised for that purpose, copies to the number of one-third the total membership. The YEAR BOOK is worth reading. And it is worth paying for, at the rate demanded—one-half the actual cost of production!
