VALENTINE'S DAY.—The origin of St. Valentine's Day is doubtless to be found in the *Supercalia*, a festival sacred to the god Pan. One of the ceremonies at that festival was the placing the names of certain females in a box from which they were drawn by the men, as chance directed. The day after the *Feralia* was the *Charistia* or festival of love, when all the relations in every family met together and had a feast, at which they settled quarrels among one another, if any existed.
