THIS famous Tonic is for all livestock—to make cows give more milk—to keep working horses in prime condition—to keep pigs healthy and promote very rapid growth and at a small cost of "4 Feeds for One Cont." How does it produce such results? International Stock Food Tonio is prepared from powdered medicinal roots, herbs, seeds and barks for the special purpose of giving a small amount with the usual grain feed for each animal. The pure vegetable ingredients we use purify the blood, cure indigestion and many other forms of disease;—"tones up" and "builds up" the entire system permanently. permanently.
