THE BEST PAPER FOR THE TIMES.

MOORE'S RURAL NEW-YORKER, widely known as the most valuable and popular Journal in its sphere—as the best and cheapest combined Agricultural, Horticultural, Literary and Family newspaper on the continent—will enter on its thirtieth year and volume in January, 1862. It has long surpassed all rivals in the variety and usefulness of contents, and of late is, more than ever, THE FAVORITE HOME WEEKLY.

This is proved by its immense and rapidly increasing circulation throughout the Free States, Canada, &c., and among all intelligent classes in both town and country. In addition to a great amount of practical, instructive and entertaining reading upon Agriculture, Horticulture, Domestic Economy, Science, Art, Education, &c., with a variety of Engravings, Music, Tales, Poetry, &c., &c., it contains a carefully prepared Weekly Summary of the latest War News.

Let every reader may be fully advised of the Events of the War for the Union. The Rural ardently labors for the preservation of the American Union, and as the means of securing the permanent prosperity of the People and Country. Though standing aloof from party politics, it is always and firmly for the Union, the Constitution, and the Laws. Hence it is, and will continue to be PATRIOTIC, PROGRESSIVE, TIMELY,

In both action and sentiment—furnishing a weekly supply of appropriate reading for the various members of the Family Circle. The earnest advocate of right and contemner of wrong, its practical departments are instructive and valuable, and its literary and news pages interesting and entertaining, while the moral tone of the whole paper is unexceptionally of the highest order. To promote the pecuniary interest, moral and intellectual culture, and consequent home welfare of the tens of thousands of families residing. It is in fact the BEST RURAL AND FAMILY NEWSPAPER in America, both Press and People attest.

Its editorial, correspondence, and correspondence, labor to render the Rural an able and reliable exponent of industry, skill, progress, improvement, and whatever tends to elevate the masses and benefit the country—a paper eminently adapted to the wants of the people and times. Its reports of the Grain, Provision, Cattle, Wool, and Fruit markets are invaluable—and not given in a slow monthly, (of only 12 issues per year) but in a large, beautiful, and Progressive Weekly!

TERMS, FORM, TERMS, &c., &c. Volume XIII for 1862 will maintain the enviable reputation the Rural, New York has acquired for both contents and appearance. It will be published in superior style, with new type, good white paper, and many fine illustrations. Its form will continue the same as now—Double Quarto—with an index, title page, &c., at close of year, complete for binding.

TERMS, ADVANCE—\$2 a year; 3 copies for \$5; or \$10; or \$15; or \$20; or \$25—with a free copy of every club of six or more. If now is the time to subscribe and form clubs. Efficient local agents wanted in all places reached by the American and Canadian mails, to whom we shall be glad to give our PAY FOR DOING GOOD. We will send specimens (from six to thirteen) show-hills, inducements, &c., free to all disposed to benefit their neighbors and community by introducing the paper to a more general notice and support. Address—23 D. T. MOORE, Rochester, N. Y.

YOUNG MEN, TAKE PARTICULAR NOTICE. There is an evil habit sometimes indulged in by boys, in solitude, often growing up with them to manhood; and which, if not reformed in due time, not only begets serious obstacles to matrimony; happiness but gives rise to a series of protracted, insidious, and devastating affections. Self abuse is one of the most formidable enemies to health, for nothing else in the dire catalogue of human diseases causes so destructive a drain upon the human system, drawing its thousands of victims through a few years of suffering down to an untimely grave. It destroys the nervous system rapidly, wastes away the energies of life, causes mental derangement, prevents the proper development of the system, and is a source of the most serious obstacles to matrimony; happiness but gives rise to a series of protracted, insidious, and devastating affections.
