

Niagara Brand Lime-Sulphur Spray

MANUFACTURED IN CANADA

NIAGARA is the Standard of Value for fruit-tree sprays. It is used by the most successful fruit-growers in every fruit district of the Pacific Northwest and in many of the Eastern States, and has already proven its worth in Ontario.

THERE IS A REASON WHY.

NIAGARA is made under special process (of which we have secured all rights for Canada). The only known process by which is made a permanent and reliable solution of lime and sulphur of sufficient strength to meet all requirements.

Anybody can make a Spray which may do sometimes. The process by which NIAGARA is made insures the best work at all times.

NIAGARA is the best known remedy for Apple Scab, Leaf Curl, and most all forms of fungi, San Jose Scale, Oyster-shell Bark Louse, Blister Mite, Aphid, Bud Moth, and all sucking insects and parasitic life.

Potato and Tomato Blight and Mildew of Grape have been successfully treated.

NIAGARA Brand Lime-Sulphur Solution has been proven by the highest authorities, after several years' work, equal to Bordeaux as a fungicide, and far less dangerous to use. It is ready prepared and cheaper.

ARSENATE OF LEAD.

ARSENATE OF LEAD has almost entirely supplanted Paris Green as a poison for Codling Moth and other insects requiring a poison treatment. Such dissatisfaction as may have arisen because of burning or failure can be attributed to an improperly combined arsenate. NIAGARA BRAND ARSENATE OF LEAD is specially prepared with a view to efficiency and safety.

PRICES—Because of manufacturing ourselves, and buying materials in large quantities, we are prepared to offer these Sprays at a much lower price than obtained last season.

PUMPS—We are Canadian Agents for the famous BEAN SPRAY PUMPS—hand and power. Also a full line of hose, nozzles, etc.

SPRAY BOOK—We are preparing a book, which we trust will be of value to fruit-growers, and will be mailed to you upon request.

Tone Is Always First

Tone is the most important feature of a piano—because, on the quality and permanency of tone, depends the value of the piano.

The magnificent, singing tone of

New Scale Williams Piano

unapproachable in sweetness, mellowness and majesty—is possible because the New Scale Williams Piano not only is more heavily strung on its massive plate and scale than other Pianos, but also because of the Harmonic Tone Prolonging Bridge which prevents the introduction of faulty and imperfect tones.

If your home needs a piano to complete its coziness, perhaps our plan of buying a New Scale Williams on easy payments will interest you. Write for full particulars and copies of our illustrated booklets.

IN THE HUNTING SEASON.
Hotel Visitor—"Are there ever any deer about here?"
Gillie—"Well, there was yin, but the gentlemen were aye shootin' and shootin' at it, and I'm thinkin' it left the deer tract."—Punch.

TRADE TOPIC.

An exceptionally interesting feature prepared for the Ontario Winter Fair at Guelph, is the Gilson "Goes Like Sixty" Patent Air-cooled Engine, attached to a binder for operating the harvester. This outfit created a sensation when it appeared last year in the Western wheat fields, and was instrumental in saving millions of bushels of wheat which otherwise would have been lost. With this machine, the wheat was harvested in fields that were so wet that the horses sank in mud up to their hocks, and it was impossible to get the work done in the ordinary way. This invention attracted attention all over the United States, and was noted at the time in "The Farmer's Advocate." The Gilson Manufacturing Co. was highly complimented in all the leading technical journals, and by university professors, for its progressiveness in meeting an actual demand of great value so successfully.

THE SPICE OF LIFE.

The depot of a certain little Southern town is about a mile from the business part of the town. One night a sleepy, weary traveling man said to the darky who was driving him to the hotel: "Old man, why in the name of heaven did they put this depot so far from town?"

The darky scratched his head in thought, and replied: "Well, boss, I's forced to admit dat I hasn't give de matter sufficient cogitation, but jest' jumped up fer a answer like dis, I s'pose dey done dat so as to have de depot as near as possible to de railroad."

While Governor of Tennessee, Senator Robert L. Taylor was once approached by an old negro woman, who asked a pardon for her mis and, sent to the penitentiary for stealing a hog.

"How long has he been in jail?" was asked.

"Goin' on two years now," came the answer. "But, law, he ain't no good to them, and wa'n't no good to me nohow, an' I speck they'd be glad to get rid of him."

"Why do you want to get him out if he was of no use to you?"

"To tell the truth, giviner, we done gettin' short of meat."

A certain bishop, before he became known to fame, was a minister of a remote parish in Perthshire, and was not considered a particularly attractive preacher. At his suggestion, alterations in the transept of his church were made which did away with a large number of seats. After the alterations had been finished, he met the headie in the church.

"What do you think of the improvements, John?" he asked. "Improvements?" exclaimed John, in disdain. "They're no improvements at all. Whair are ye goin' to put the folk?" "Oh," was the reply, "we have abundance of room, John, considering the size of the congregation."

"That's a very wad the noo," retorted the headie; "but what will we do when we get a popular member?"

CLERICAL SLIPS.

The reverend editors of the church monthlies are usually very careful in their work, but sometimes they trip. "At the graveside," wrote the vicar, in an account of the funeral of a church member, "the undertaker was seized with a fit, and, though medical assistance was hastily summoned, expired almost immediately."

Then added the vicar: "This unhappy event cast quite a gloom over the proceedings." The advertisements of these periodicals frequently exhibit peculiarities of phrasing and strange ambiguities which must puzzle the reader not a little. As, for instance, the following: "Gosp'l Hall. At 6.30. 'The Feast of Death.' All are welcome."
