

## Makes Hogs BIG AND FAT

### PREVENTS HOG DISEASE

OSCEOLA, MISSOURI.

Dear Sirs:—I have just fed "International Stock Food" to a car load of shoats and they made an average gain of three pounds every day. "International Stock Food" beats all kinds that I have ever tried and I have fed several kinds. Hogs all around me were dying with Hog Cholera and I never lost a hog. After they commenced eating "International Stock Food" you could fill a bucket with worms that had passed from them. I think that my car load has made a wonderful gain by using your Food.

Yours truly,  
J. W. SHERRILL.

We will pay you \$1,000 CASH to Prove that our Testimonials are not Genuine.

**"International Stock Food"** FEEDS FOR ONE CENT. It is prepared from Roots, Herbs, Seeds and Barks and we paid \$40,000 in "war tax" because it was a high class medicinal preparation. Many "Stock Foods" did not pay this tax because they claimed to the Government that they did not use any medicinal ingredients and did not claim any medicinal results. "International Stock Food" purifies the blood and Cures or Prevents Disease. It is a great aid in Growing or Fattening stock because it increases the appetite and aids digestion and assimilation so that each animal obtains more nutrition from the grain eaten. We positively guarantee that its use will make you extra money over the usual plan of growing and fattening stock. It does not take the place of corn or oats but is fed in small amounts as an addition to the regular feed. "International Stock Food" can be fed in perfect safety to Horses, Cattle, Sheep, Hogs, Colts, Calves, Lambs or Pigs. It is absolutely harmless even if taken into the human system. It won the Highest Medal at the Paris Exposition in 1900. It is endorsed by every High Class Farm Paper. We will furnish Thousands of Testimonials on application. We employ 107 people for our office work alone, including 38 typewriters. If you desire any special information be sure and write us. Your money will be promptly refunded in any case of failure. ## I Will Cure You of RHEUMATISM

Else No Money Is Wanted.

After 2,000 experiments, I have learned how to cure Rheumatism. Not to turn bony joints into flesh again; that is impossible. But I can cure the disease always, at any stage, and forever.

I ask for no money. Simply write me a postal, and I will send you an order on your nearest druggist for six bottles Dr. Shoop's Rheumatic Cure, for every druggist keeps it. Use it for a month and, if it succeeds, the cost is only \$5.50. If it fails, I will pay your druggist myself.

I have no samples, because any medicine that can affect Rheumatism quickly must be drugged to the verge of danger. I use no such drugs, and it is folly to take them. You must get the disease out of the blood.

My remedy does that, even in the most difficult, obstinate cases. No matter how impossible this seems to you, I know it and I take the risk.

I have cured tens of thousands of cases in this way, and my records show that 39 out of 40 who get those six bottles pay gladly.

I have learned that people in general are ho-st with a physician who cures them. That is all I ask. If I fail I don't expect a penny from you.

Simply write me a postal card or letter. I will send you my book about Rheumatism, and an order for the medicine. Take it for a month, as it won't harm you anyway.

If it fails, it is free, and I leave the decision with you. Address Dr. Shoop, Box 52, Racine, Wis.

Mild cases, not chronic, are often cured by one or two bottles. At all druggists.—Advvt. om

## OUR FARM SPECIALTIES

"CORNWALL" STEEL RANGE.

Most furnaces and ranges are built for general use, and sold indiscriminately in both city and country.

The difference in equipment of a range or furnace for these services, while being small, is important, and if not specially constructed for the service intended, means endless worry, and often results in the apparatus being thrown out.

The "CORNWALL" steel range is fitted with both coal and wood linings, so that either fuel can be used satisfactorily.

"SUNSHINE" FURNACE.

The fire-door and fire-box are extra large, to admit rough chunks. The oven is ventilated and lined with asbestos, is large and perfectly proportioned to the size of the fire-box.

Its rich nickel dress combines with a sharp, graceful outline to make the "Cornwall" the most handsome steel range in Canada.

The "SUNSHINE" furnace also burns coal or wood, and has large double feed-doors to admit rough chunks.

Has every known improvement, and is the most successful coal and wood furnace in Canada.
