

Underwood

A recent decision of the United States Circuit Court of Appeals sustains the claim of the Underwood Typewriter Co. to the original patents on tabulating devices.

This makes all the tabulating appliances manufactured and sold by other companies, infringements of the Underwood patents.

As the tabulator is a necessity on modern machines, this decision places the Underwood in a most commanding position.

BOND YOUR RESPONSIBLE MEN

A guarantee bond secures a trusted official, or clerk, in the confidence of his employer. Recommends him for higher office. Relieves the responsible head from any fears of embezzlement on his account.

We bond the men who handle the funds in every department of business.

BOOKKEEPER

Desires employment about March 1st. Skilled accountant, 20 years' experience with wholesale and manufacturing firms; successful as salesman; no objection to traveling. Highest references from present employers.

WM. Q. PHILLIPS,
95 High St., London, Ont.

What is Your Book-Keeper's Time Worth?

Is your ledger arranged on any special system?

Ten minutes wasted six times a day looking for an account means a daily loss of one hour. On a ten hour day, this means a loss of a month a year.

And your book-keeper has more than six accounts a day to look up.

Can you afford it?

Business Systems ledgers are all built on the loose-leaf principle.

Business Systems make your ledger accounts run alphabetically; if an account runs over the space you gave it, you merely drop in another leaf.

Business Systems loose-leaf ledgers open perfectly flat and give a level writing surface.

Write us to-day for full particulars.

This will not obligate you in any way and will enable us to tell you exactly how Business Systems may be most economically applied to your accounting department.
