KEROSENE BURNER IF DESIRED

Sold in West for last SEVEN years

Repairs stocked in Manitoba, Saskatchewan, Alberta

Is a Separator chosen by Government good enough? And chosen, not because it was cheapest, but BECAUSE OF ITS WORK

It can be fitted with either straw carriers or blower. Special grate behind cylinder saves 80 per cent of grain right there. Cylinder bars of solid steel—NO WOOD. Platform included. A man and one helper can thresh with this machine quicker than they can stack. Nothing fancy or flimsy, made solid, strong and honest, with frame work of hard wood as heavy as many big rigs. DON'T TAKE A CHANCE—your grain is too valuable this year. SAVE ALL THE GRAIN with this machine.

When the crop is cut will you be running around to arrange for someone to thresh you out, or will you be independent with the Right Machine waiting all ready in your yard to pull in at the Right Moment.

28 in. Separator, 9 H.P. Engine with Straw Carriers, Magneto, Platform with Double Truss Rods and Freight Paid \$870

If a Blower is wanted and Straw Carriers are deducted it would come to \$1025

If you already have a Tractor buy the machine you can use without lots of help, with Trucks, All Belts and Fittings. Freight Paid \$500

The Question is NOT if you CAN afford it, but CAN YOU AFFORD TO DO WITHOUT IT! WRITE FOR CATALOGUE AND GET FULL PARTICULARS, WE CAN'T TELL ALL HERE.
