IMPORTER SAFE IS GOOD NEWS HEARD AT COAST

Canadian Government Vessel Given up for Lost Found Safe Afloat

PART OF CREW MISSING Eleven Who Left in Ship's Whale Boat Seeking Aid Not Heard From

VANCOUVER, B.C., Sept. 1.—The Canadian Government Merchant

stair "Canadian Importer", disabled at sea 623 miles off the

Oregon coast for nearly two weeks, is reported safe and afloat

according to a radio message received here by C. C. Kernahan,

contracting freight agent of the Canadian Government Mer-

chant Marine, and Point Grey wire- less station at 2 o'clock this

morning. The importer was located Wednes-

day night at 10.30, the message said, by the S.S. Canadian Observer.

Captain Bisette and part of the crew are aboard the importer.

No mention is made of a lifeboat and members of the crew which set out

three days ago from the importer seeking aid. The crew of the importer

consisted of Captain Bisette and 44 men, eleven of whom left the vessel

for help on the night of Aug. 19, in the ship's lifeboat. No trace of them

has been found. The importer will be taken in tow and brought to Esquimalt

for repairs.

News About People and Social Events

Tea hostesses today at the Bowling Club were Mrs. Swayne and Miss

Carre. Miss Goidie Bartels, of Kingston,

has returned to her home after spend- ing a few weeks with Miss Helen

Clarke, at Oak Lake. Mr. and Mrs. Harold Corbett and

their little son, Norman, of Belle- ville, who have been in town for

several weeks have returned home. —Ottawa Journal.

Rev. R. J. Farrell, of Ottawa, is in Belleville on a brief visit to his

couple, the Misses McGilgher, 25-Bridge Street west.

Mr. Farrell is well known to many of the "Christian workers"

of this city, who came in touch with him while he was the efficient

ELEVEN MINERS KILLED

HARRISBURG, Pa., Sept. 1.—Bod- ies of eleven miners were recovered from the Harvo mine,

following an explosion this afternoon. More than 400 men had been working,

but had been warned, and escaped when a dynamite charge broke down the

wall of an old room, loosing black damp.

TRENTON SOCIAL NOTES

Mrs. D. Davidson and daughter Helen spent Saturday with Trenton

friends. Miss Mary Howe has returned after a fortnight's visit with friends in

Brooklyn and Kingston. Mrs. Hoocy and son Douglas, of To-

ronto, are renewing old acquaint- ances in town.

Mr. and Mrs. Harry Palmer have moved to Oshawa.

Miss Jennie Bowers, of Wallbridge, has returned home after a few days'

visit with Mr. and Mrs. J. Gotbard. Miss K. McDonald is in Toronto

attending millinery openings. Miss F. Nelson is expected home

from Pennsylvania this week. Miss Schan went to Bancroft last

week. Mrs. (Dr.) Campbell and Shirley are visiting her friend, Miss Cole, at

Deseronto. Miss Annie McCabe and Master James Griffin have returned to Rome,

N.Y., after a visit here with Mrs. T. A. O'Rourke.

Rev. Fr. Connelly spent last week in Kingston. The Misses Kate and Madeline Mc-

Henry spent Sunday guests of Miss M. O'Connor, of Belleville.

Town Clerk P. J. O'Rourke and Councillor H. O'Rourke were in To-

ronto Tuesday. Rev. Prof. Graves of Victoria Col- lege was in town last week.

FLOOD FILLS PARK; TWO MEN DROWNED

Forty-eight Inch Main at Detroit Bursts—Big Damage is Done

DETROIT, Mich., Sept. 1.—Two workmen lost their lives when a wa-

ter main in Water Works Park burst late Wednesday, pouring 50-

000,000 gallons of water into the park, submerging half its area,

depriving most of the east side of its water supply and driving persons in the

park helter-skelter for high ground. Fire engines were set to work

pumping water out of the park.

THINK MEIGHEN WILL CALL FOR EARLY DECISION

Speech at London Opera House Tonight Will be Occasion for Announcement

LAST VOTE IN 1917 Gov't Supporters in London To-day Expect News of Election This Fall

LONDON, Ont., Sept. 1.—Right Hon. Arthur Meighen, Prime Minister of Canada will speak at a meeting here tonight at which it is understood that he will announce a general election for Canada before the

winter. Special wires have been installed in the Opera House over which the election news will be flashed about

eleven o'clock tonight to all parts of the Dominion. The last general election was held on December 17, 1917, and reports received by prominent sup-

porters of the Government here are to the effect that the Premier will dissolve parliament and go to the country before Christmas.

A Forecast. A Forecast. OTTAWA, Sept. 1.—The Ottawa Journal, which is generally recog-

nized as being close to the Govern- ment, prints the following editorial, forecasting Premier Meighen's

speech at London tonight: "A general election before the end of the present year. This, the Journal believes, will be the momen-

tant announcement that Mr. Meighen will make to the country in his speech at London tonight. It will be a decision, not popular, perhaps,

in many quarters, a decision which probably fails to take account of party strategic considerations, and

which some may question on other grounds, but one in respect of which this can be said: That it will be a conclusion reached after the most conscientious consideration,

and based completely on patriotic regard for the best interests of the nation. Has Weighed Matter.

"Since returning from London Mr. Meighen has concentrated the best of his mind upon the national position. He has had conferences

with men of representative thought in nearly every branch of national life, has weighed every possible consideration for and against an

early election, has canvassed and re-canvassed every bit of available opinion of value in assisting toward a wise conclusion. Before him there were three courses:

(1) The calling of the usual winter session, with an election, in the natural course of events, some time next August.

(2) A fall session for the passing of a redistribution bill, to be followed by an election in the early spring.

(3) An immediate appeal to the country and without distribution."

THIS WAR IS AVOIDED

Compromise Used to Settle Row Between Poland and Poles

GENEVA, Sept. 1.—The dispute between Poland and Lithuania regarding Vilna was settled by representa-

tives of the two countries this morning. They agreed that there should be two Lithuanians, one the district of Kovno, which shall be independent; and the other Vilna, in which the Poles shall supervise the admin-

istration. SPANISH FACE NEW FOE

Anarchy on Increase in Western Zone of Morocco

LONDON, Sept. 1.—Anarchy has been increasing in the western part of the Spanish zone of Morocco during the past ten days, says a Tangier dispatch to the London Times. The situation is serious, but the Spanish hope to avert a general outbreak.

HOLLOWAY CLASS WINS

The Willing Workers Boys' Class of Holloway Street Church played a game of baseball with the boys of

EDMONTON, ALTA., SEPT. 2. JOINS "HOLE-IN-ONE" CLUB

EDMONTON, Alta., Sept. 2. —Golfing fame, such as many followers of the ancient game pray for, was recently achieved by Mrs. H. E. Henley, of the Edmonton Golf and Country Club, when she made a "hole-in-one," on the sixth hole of the Calgary St. Andrew's golf course. The hole is 245 yards long, and was played with a bally.

LADY BOWLERS AT NAPANEE

Defeat Their Hostesses on Total Points, But Not All Risks Win

DELIGHTFUL TIME ACKNOWLEDGED BY PRESIDENT OF LOCAL CLUB

The Ladies' Bowling Club of Belleville journeyed to Napanee yesterday and in one of the most enjoyable matches of the season they defeated their hostesses to the tune of 111 to 65.

At four-thirty the visitors were given afternoon tea in the beautifully decorated Napanee club room and at 6.30, high tea in the banquet room upstairs. Mrs. (Col.) Lester afterwards thanked the Napanee ladies on behalf of the visiting club of which she is President, for their delightful hospitality. Mrs. Madden, president of the Napanee club acknowledged this gracefully, saying that they were very much pleased to have the Belleville ladies with them remembering as they did the several very pleasant games and extremely kind treatment in Belleville. Mrs. Mrs. Madden is well known in Belleville and has been frequently seen on the greens of the local club this summer.

During the evening an orchestra furnished music so attractive that several visitors, who were not playing, could not resist the temptation to dance, the verandah and the club rooms offering a perfect dancing floor. The Belleville contingent arrived home around midnight, with nothing but the most kind things to say of their drive to Napanee and the way their hostesses there looked after them.

The games were very keenly contested and on the play on the whole was more even than the total score would indicate. The score in detail:

He Was in Bed for Eighty-five Days

NEW LEON JOHN RECOMMENDS DODD'S KIDNEY PILLS

Quebec Man, Long a Sufferer From Sciatica, Can Now Cut Wood Without Being Tired.

Villefontaine, Pontiac Co., Que., Sept. 6th. —(Special)—Mr. Leon Jobin, a traveller in many countries, but now a respected resident here, has made a statement as to the benefit he received from the use of Dodd's Kidney Pills.

"I was in bed eighty-five days with sciatica," Mr. Jobin states, "I have been looked after by many doctors, both in Europe and Montreal, but always without results. A friend asked me to try Dodd's Kidney Pills. I took them for six months. I have had very little pain but I can cut wood without being tired. I advise all those who suffer from sciatica to use Dodd's Kidney Pills. If your kidneys are troubling you and you don't know Dodd's Kidney Pills, ask your neighbors about them."

WILL STARVE OUT REBELS. ENTRENCHED IN MOSQUE

CALICUT, India, Sept. 1.—In order to avoid the possibility of violation of the mosque at Mirurangari, where the rebels are entrenched, the authorities have decided to erect barricades around the building and starve out the rebels. Both Calicut and Malabar are quiet.

ARE EXPORTING PEARS.

ST. CATHARINES, Ont., Sept. 1.—Large quantities of pears are being shipped to the Old Country from the Niagara district. The pear crop is a good one, being about the best in fruits this year with the exception of grapes which are also heavy.

Experiments in England indicate that fish dried in electrically heated air can be kept in good condition for years.

A woman is the patentee of a cook book in which each recipe is illustrated by pictures of the ingredients to be used.

BELFAST RIOTS ENDED BY ARMY; TRUCE REMAINS

Some Firing Again This Morning But Bunmen Fled Before Soldiers

PREMIER GETS NOTE Unfavorable Turn to Peace Negotiations by Incidents in Belfast

BELFAST, Sept. 1.—Soldiers were rushed to the Grove-street section of Belfast this morning when several shots were fired in that district. When the troops arrived, however, the gunmen had vanished. This was the first recurrence of street fighting since yesterday when six persons were killed and thirty were injured, many seriously.

Let Lloyd George Know DUBLIN, Sept. 1.—The reply of the Irish Republican Cabinet to the latest communication of Prime Minister Lloyd George on the British Government's peace proposals was dispatched last evening to Mr. Lloyd George, who is in Scotland.

Rioting a Bad Thing DUBLIN, Sept. 1.—Rioting in Belfast has given an unfavorable turn to the delicate political situation, and General Tudor, Chief of Police, and Mr. Cope, Assistant Under-Secretary for Ireland, left by motor for the northern Capital to investigate the situation there.

In conjunction with J. Duggan, representing the Dal Eireann, Mr. Cope, on behalf of the Government, adjusts all knotty problems connected with the truce which prove incapable of local solution, and the two, between them, carrying out work in this respect, the value of which cannot be estimated.

The departure of the Government representatives for Belfast can be interpreted as a sincere desire to prevent incidents which, if allowed to develop, would imperil the prospective peace negotiations.

So serious a view did General Tudor take of the complications there that he originally intended to fly from Dublin to Belfast.

PRAYERS OF THE KING FOR IRISH SETTLEMENT

LONDON, Sept. 1.—In a reply sent by the King to an address from the Convocation of Canterbury, his Majesty says: "Let us thank God that some measure of response has been vouchsafed to my appeal to my Irish people."

"With a full heart I pray that their reconciliation may be consummated by the deliberations now proceeding, and that they may be united in making a new era for their native land."

DODGE BROS. IN CANADA Windsor, Sept. 1.—Thirty-five acres of land in the town of Sandwich, with 350 feet river frontage, has been acquired by Dodge Bros., Detroit, auto manufacturers, who intend to erect an assembling plant in the county town to care for its Canadian and British export trade.

MADE CONSTABLE WALK UNDER THE UNION JACK

Barclay Thompson's Statement in Napanee Court—Find Out That he is Sane

Barclay Thompson, the aged man who was sentenced by Judge Madden at Napanee, on Wednesday, to one year and eleven months at Burwash penitentiary, for carrying weapons, created a ripple of laughter while giving his evidence.

Thompson rambled off in his evidence into all sorts of things. He declared that on one occasion when a constable came on to the island, in an endeavor to round him up, he (Thompson) compelled him to walk under the Union Jack.

"I was celebrating my 60th birthday and I made the constable walk under the flag," said Thompson. The latter appeared to be greatly pleased over the incident.

Owing to the strange actions of the man from time to time, it was believed that he was of unsound mind but following an examination it was found that he was sane.

Paving in Napanee. Work on the paving of Dundas street in Napanee, the main business centre, has been completed, and the town has a piece of roadway that the residents can well be proud of. The job was completed on Saturday last, and now the autoists can take a spin of a mile and a quarter on some good paving. The work was done by Messrs. Foley and Gleeson, Ottawa, R. J. McClelland, former city engineer, Kingston, was overseer of the work. Mr. McClelland has been in Napanee since the latter part of June looking after the paving work for this company.

CREAMERY PRODUCT IS SHIPPED TO EAST

Manitoba Sends Out 54 Car-Loads of Butter—Trade on the Increase Records Show.

WINNIPEG, Man., Sept. 2.—Fifty-four car loads of creamery butter have been shipped out of Manitoba since January 1. This is a slight increase over last year's figures, L. A. Gibson, Manitoba dairy commissioner, announces. Most of the shipments were for eastern Canadian cities.

"So far as we can judge the amount of creamery butter manufactured in Manitoba this year will approximate \$8,000,000 pounds," Mr. Gibson said.

3,778 MOTORS IN THIS DISTRICT

Over Fifty Thousand Dollars So Far in Fees For Licenses by Owners

Up to Sept. 1st, 3,778 motor licenses have been issued by Mr. H. F. Ketcheson of this city to owners of motors in the city and district. The license fees total \$51,986.50, or an average of \$13.75 per motor.

Lord Byng Will Visit the R. M. C.

First Official Visit to Kingston on Sept 20th—Special Guard of Honor

KINGSTON, Sept. 2.—His Excellency the Governor-General, Lord Byng of Vimy, will make an official visit to the Royal Military College on Tuesday, Sept. 20th. This will, of course, be the first appearance in Kingston of the newly-appointed representative of the King. It is understood that Baron Byng, the former commander of the Canadian Corps, will at some later date make an official visit to this city, but on the 20th of this month he will be entirely concerned with the R.M.C., with the exception of a function in Grant Hall in the evening. Here a dinner will be tendered him by the returned officers of this city and vicinity. Lieut.-Col. B. W. Browns and Major Garnet Greer, of the local district headquarters staff, have been working out the details in connection with the dinner, and a meeting of the committee will be held this week.

The Governor-General will be received at the railway station by a guard of honor detailed by the Princess of Wales' Own Regiment, and will be accompanied to the college by a mounted escort of gentlemen cadets.

MANY VETS OUT OF WORK

Lieut. O'Leary, V.C., Appointed to Toronto Police Staff

TORONTO, Sept. 2.—High distinction on the battlefield apparently does not need to wait for a response down to Toronto. Yesterday Lt. Michael O'Leary, the first Canadian to win the Victoria Cross, being called up as a reservist, at the outbreak of war, registered himself as one of Toronto's unemployed. Yesterday morning no fewer than three offers were phoned in to the B.A.V.U. headquarters. The first one was from E. Arcey Hinds, and the other two from insurance companies wanting O'Leary to sell insurance.

Lieut. O'Leary came back to Canada three months ago. Before the war he was in the R.N.W.M. Police, and, according to registration officials, his trade is that of a soldier.

Lieut. Michael O'Leary, the first Canadian to win the coveted V.C. in the Great War, has been appointed to the provincial police staff by the Attorney-General. It was announced.

About 2,000 veterans have been listed as out of work, and only 76 have been placed, seven having found jobs today.

THE BELLEVILLE CUPS

The cups won by the local bowlers at the Belleville tournament are on exhibition in Treadgold's window. They are handsome trophies, says the Kingston Whig.

MOTORISTS \$5; CYCLISTS \$10

A cyclist was fined ten dollars for riding on a sidewalk, and two motorists today paid five dollars a d costs each for driving without lights.

DIES, AGED 4 MONTHS

Agnes Georgina Osborne, four months old daughter of Mr. and Mrs. D. L. Osborne, Cannifton Road, died early today.

Purified acetylene dissolved in acetone under pressure has been found to provide a more brilliant light for signalling than electricity or any gas.

NO EXEMPTIONS TO PUPILS HERE UNDER SIXTEEN

Only Re-opening of Schools Here Will Show an Increase If Any

ADOLESCENT ACT, NEW In Other Towns Boards of Education are Receiving Exemption Requests

Only the re-opening of the Belleville schools on Tuesday, Sept. 6th, will reveal how great is the increase in attendance mainly at the High School of course, due to the operation of the Adolescent School Attendance Act, which became effective Sept. 1st.

In some places the Boards of Education are receiving application for adolescents for exemption from the clause which provide that all children under sixteen years of age must be engaged in work before September or attend school.

Belleville board is not issuing exemptions but will take a census as soon as a school attendance officer of the children of school age and their addresses. In this way it will be learned how many under 16 can be compelled to go to school.

At a convention in Toronto a speaker stated that was not intended to force children who had already left school at or over the age of fourteen and under sixteen but only those who leave school after the act becomes effective.

There seems much uncertainty as to the enforcement of the act.

600 MILLION FEET OF LUMBER IS BURNED

Mill, Yards and Barge All Destroyed at Thunder Bay—Will Re-build

MIDLAND, Ont., Sept. 2.—The saw mill of Mason & Co., situated at Thunder Bay, was destroyed by fire last night with over six hundred million feet of hardwood lumber, fifteen hundred cords of hardwood slabs, several hundred thousand hardwood broom handles and a barge also loaded with lumber. The workmen's boarding house, blacksmith shop, garage, oilhouse and docks also went up in smoke. Besides Mason & Co., who owned the property and the bulk of the stock, others interested are the Black Rock Lumber Company, of Buffalo; Huntington and Finke, of Buffalo; Manley Chew, of Midland, and Walter N. Kelly, of Detroit.

It is estimated that there is sufficient hardwood on the Three Christian, Hope and Beckwith Islands to keep a modernly equipped mill running six years, and Mason & Co. will therefore probably rebuild. Seventy men were employed in the mill and yards.

CHURCH UNION QUESTION

Special Methodist Committee to Meet in Toronto

TORONTO, Sept. 2.—A meeting of the General Conference Special Committee of the Methodist Church has been called for October 13th and 14th to take action on the favorable vote on church union given by the Presbyterian General Assembly in Toronto last June. A Toronto member says the special committee can do no more than recommend the calling of a special general conference to deal with the question of union, and this course he regarded as unlikely in view of the fact that the regular Methodist Conference will be held within a year. The special committee consists of twenty-six members and they will meet in Toronto.

WORK ON FOUNDATION

The work on the foundation of the new Albert College is proceeding apace and will soon be completed. The contract calls for the work to be ended by the first of next week.

After years of experimenting a Frenchman has invented a carding machine with which krapok fibers can be prepared for weaving into textiles.

The blade of a new safety razor is a circular disk which is revolved by a spring inside the handle, controlled by a thumb piece on one side.

Porcelain money is being made in Saxony for Gautemala, which plans to experiment with it in place of the hard rubber currency now in use there.

In a Milwaukee theatre has been installed the largest indirect lighting fixture ever built, being fifteen feet in diameter and containing 118 lamps.

France is estimated to have mined 13,371,187 metric tons of iron ore last year, a gain of more than 4,400,000 metric tons from the previous year.
