### My Success is Your Success

The engagement of Frederick W. Mayor, the Eminent Toronto Eye Specialist, is first of all of an educative nature because he is here to teach me this wonderful advanced work so that the shadow test course coupled with my past experience will enable me to correct defective vision in the future in the most up-to-date and thorough manner. At the same time he is here to demonstrate the wonderful results this system will give to all eye sufferers. There is no guesswork, "no trying on glasses." He looks into the eye and internally measures all defect giving you your absolute proper correction. The opportunity of consulting a specialist of the quality and proven ability of Mr. Mayor is something which rarely occurs in this section. Were you consulting Mr. Mayor in his office you would pay his regular consultation fee, but during his stay here he may be consulted Free of Charge so avail yourself of this opportunity thereby saving the expense of travelling to a large city to obtain as proficient an examination as you will receive while he is at my store. Remember dates. He starts Thursday, July 11th, and continues each morning, afternoon and evening for ten days until Saturday, July 20th. Come in the evening as well as day time. Hard cases and children his specialty. I guarantee all Mr. Mayor's work.

## Military Service Act, 1917.

Men 19 and 20 Years of Age.

### Harvest Leave.

#### Leave of Absence on Ground of Extreme Hardship.

Procedure to obtain Leave of Absence.

Men Nineteen and Twenty Years of Age.

It has come to the attention of the Government that there is a widespread impression that young men of nineteen years, and those who became twenty since October 13, 1917, as well as those who may become nineteen from time to time and who have been or will be called upon to register under the Military Service Act, are to be immediately called to the colours.

This impression is quite incorrect. No date has yet been fixed for calling upon such men to so report for duty, nor has the question been brought before the Cabinet for decision. In view of the need of labour on the farm, it is most unlikely that consideration will be given to the matter until after the harvest is over, although of course the Government's action must be determined primarily by the military situation.

There is no further obligation incumbent upon young men of the ages above mentioned who have registered or who do so hereafter, until they receive notice from the Registrars.

#### Harvest Leave.

Some enquiries have been received as to the possibility of granting harvest leave to such troops as may be in the country at that time. No definite assurance can be given on this point as advantage must be taken of ships as they become available. On the other hand, harvest leave will be given if at all possible.

#### Leave of Absence on Grounds of Extreme Hardship.

It is desired that the Regulations respecting leave of absence in cases of hardship should be widely known and fully understood. Such leave will be granted in two cases:— (a) where extreme hardship arises by reason of the fact that the man concerned is either the only son capable of earning a livelihood, of a father killed or disabled on service or presently in service overseas, or in training for such service, or under treatment after returning from overseas; or the only remaining of two or more brothers capable of earning a livelihood (the other brother or brothers having been killed or disabled on service, or being presently in service overseas, or in training for overseas or under treatment after his or their return from overseas); brothers married before 4th August, 1914, living in separate establishments and having a child or children not to be counted, in determining the fact that the man is the "only" remaining son or brother; (b) where extreme hardship arises by reason of exceptional circumstances such as the fact that the man concerned is the sole support of a widowed mother, an invalid father or other helpless dependents.

It is to be noted that in all these cases the governing factor is not hardship, loss or suffering to the individual concerned, but to others, that is, members of his family or those depending upon him.

#### Procedure to obtain leave of absence.

A simple system for dealing with these cases has been adopted. Forms of application have been supplied to every Depot Battalion and an officer of each battalion has been detailed whose duty it is to give them immediate attention. The man concerned should on reporting to his unit state that he desires to apply for leave of absence on one or more of the grounds mentioned and his application form will then be filled out and forwarded to Militia Headquarters, Ottawa. In the meantime, if the case appears meritorious, the man will be given provisional leave of absence for thirty days so that he may return home and continue his civil occupation while his case is being finally disposed of.
