That Gold Spoon.

There are some men who seem to be favorites of fortune. They are industrious, cheerful workers, full of overflowing energy of splendid health, and success seems to drop into their hands. It is of such as these that the less hardy and less successful man says:

"That fellow was born with a gold spoon in his mouth."

And yet on analysis it will be found that this success is largely due to the splendid health, the endowment of a healthy mother.

Dr. Pierce's Favorite Prescription gives the mother health to give her child. It cures nervousness, nausea and sleeplessness. It makes the body comfortable and the mind content. It gives physical vigor and muscular elasticity so that the baby's advent is practically painless.

"I will endeavor to tell you of the many benefits I have derived from taking Dr. Pierce's Favorite Prescription," writes Mrs. R. E. Robert, of Medicine Lodge, Barber Co., Kans. "In the fall of 1899 I was expecting to become a mother and suffered terribly with pains in the back of head; in fact I shed all over. Suffered with awful bearing-down pains; I was threatened for weeks with miscarriage. A lady friend told me to use Dr. Pierce's medicine. She had taken it before my baby came and two after-wards I suffered almost death with my other twelve and one-quarter pounds. She is now a healthy mother and has never known an hour's sickness; at present she weighs thirty-seven pounds. I owe it all to Dr. Pierce's Favorite Prescription."

"Favorite Prescription" makes weak women strong, and sick women well. Accept no substitute for the medicine which works wonders for weak women. Dr. Pierce's Pleasant Pellets are the most desirable laxative for delicate women.

The Rev. S. Bond. The bride was attended in a charming gown of grey canvas cloth over pink silk and carried roses. Her two tiny nieces, Misses Marion Watson and Mary Grover (London) acted as flower girls and were dressed in fairylike frocks and wore white organdie-trimmed with lace and ribbons. Only a few of the immediate relatives and friends of the contracting parties were present. After partaking of an excellent wedding breakfast, the young couple drove to Chatham, from where they left for Kingston and other eastern points. Both Dr. and Mrs. McDonald are extremely popular young people and their many friends unite in wishing them every prosperity. On returning from their honeymoon they will reside upon Brock street.

Mrs. A. L. Grover and daughters, of London, are the guests of Mrs. Grover's parents, Mr. and Mrs. C. P. Watson.

James E. Thatcher, of Ridgetown, was in Dresden on business yesterday. Carrier boys are not authorized to collect subscriptions. Our collector calls in each town once a month; if a subscriber wishes to pay his account before the collector calls, he must remit direct to The Planet Office, Chatham, as we will not be responsible for monies paid to carriers.

ENDORSES IT

"I saw in a recent report of a council meeting," said an up-to-date citizen to The Planet this morning, "that Ald. McGee suggested that the corporation employees be given a week's holidays, but this suggestion was thrown out, as Ald. Mounteer—who, by the way has for some time had a plan for making good roads in Chatham—contemplates giving these employees an excursion to Erieau."

"Now I don't know if Ald. McGee was playing to the grand stand or not, but I think his suggestion is an excellent one which should be acted upon by the council. I have often noticed, not only here but everywhere, that it is the men who do the smallest amount of work and get the biggest salaries who get the longest holidays, while the man who does

the most work and gets the least pay invariably gets no holidays at all. Now in my opinion this is a poor rule to work on.

"I can't see why all of the employees of the city should not be treated alike and I think the poor man on the road is as much entitled to his holidays as the men in Harrison Hall who receive their afternoons off for two months in the year."

"The council should re-consider this matter."

WORLD OF SPORT

FOOTBALL

Darrell football team was defeated here last evening by the C. B. C. team assisted by a few Chatham players, by a score of 2-0.

The game was fast from start to finish, the Darrell boys putting up a strong game. Many rushes on the Chatham goal were made by Darrell, but it was of no avail, as they were stopped by the splendid work of Courtney and Bolton, or if they did get a shot on goal, Sowerby never failed to be where the ball was.

Chas. Smith scored Chatham's first goal in the first half by a fine shot. Ainslee scored the second goal in the last half and that was all the scoring that was done.

A couple of weeks ago, the C. B. C. went to Darrell, and neither side scored. The line-up was as follows—

Goal—Sowerby.
Back—Bolton, and Courtney.
Half backs—Cameron, Leech, McNaughton.

Left Wing—Smith, Ainslee.
Centre—Bensen.
Right Wing—Sheldon, George.

Goal—H. French.
Backs—Gregory, Pugh.
Halls—Stonehouse, M. French, and Brown.

Left Wing—F. Pugh, E. Jenks.
Centre—G. Langford.
Right Wing—R. Abram, J. Fisher.

BOWLING

The Chatham Lawn Bowling Club defeated Blenheim on the local grounds last evening by 15 shots. The grounds were in good condition and the play was fast. The score was as follows—

Chatham Rink No. 1.

THE 24TH INSPECTED

Lieut.-Col. Peters, D. O. C., of London, paid an official visit to Chatham Monday evening, and inspected the 24th Regiment.

The companies and two bands paraded on Tecumseh Park at 8 o'clock. Col. Peters arrived on the park a few minutes later and was received by the royal salute—the soldiers saluting with their rifles while the Regimental band played the first eight bars of "Canada (Troupe)." Each company was then put through company drill and manual and firing exercises, and the inspection was closed by a column in route march around the park.

After the return to the drill hall Col. Peters addressed the regiment.

"I am not going to say you are a first class regiment when you are not," said he. "I have no fault to find with those who are here, but there are not enough of you. There is no reason why Chatham should not have 8 companies instead of four, now that they are increasing the militia, but I am not going to put myself about to get them for you if I come here and find that the companies you have are not filled out. The officers themselves should see to it that the companies are kept up."

"But after all, drill is not the important thing. It has to be done, but it doesn't amount to a great deal. The essential part of military training is in being able to shoot. It is very unfortunate that you haven't got a rifle range. A rifle is a good thing for holding a regiment together and inducing men to enlist. Men will join for the privilege of shooting. Of course you will have to drill, because you are without a rifle range. This is a great hindrance to a regiment and I am going to do all in my power to procure one for you. One thing you have in your favor is a good place to drill on. The work you have done to-night is very good with the exception of your shooting exercises."

After the inspection Col. Peters was entertained to a dinner by the officers of the regiment.

To revive wilted flowers plunge the stems to about one-third of their length into boiling water. This will drive the sap back into the flowers, causing them to become fresh. Then cut away the third of the stem which has been heated and place the flowers in cold water.
