

Wolfville's Ambitions

Wolfville wants more population, more industry, more capital, more trade, more prosperity.

And the unfailing formula for accomplishing these ambitions is to make Wolfville attractive---then keep it so. There is plenty of room in our town for citizens of the right sort. They will come, if Wolfville broadcasts an inviting message beyond the borders of this community.

For years, country populations have gone cityward. But the peak has been reached. The tide has turned. City folks are flocking out to the small and medium-sized towns---where they find more joy in living.

Wolfville can reap its share of this vast number of home seekers. But ambitions have got to be backed up by performance. We must stimulate pride and Patriotism within the community. We must make certain we can provide all essentials that make for moral and physical well-being of all who would come among us.

Good government, thriving Industries, good schools and churches, pure water, clean streets, better roads, opportunities for the rising generation, a progressive community spirit and true co-operation---all make for a splendid inducement to folks looking for a real home town.

Let each one do his part toward making Wolfville a better place to live in then---spread the good word to every corner of the globe.

The following progressive firms and individuals heartily endorse this sentiment:
