quarantined, but several of the men have gone to their homes in meanting We felt it our dufy to give these informations to the council, believ-

ing them to be true. Placide Chaisson, P. J. Barrio, councillors for the parish of Rogersville

Røgersville, Jan. 20, 1903, Please have this letter entercd on the minutes.

(P.S.) I have asked for a pass from Dr. McDonald but could not get any without being vaccinated

Patience-Did you ever Coun. Watt moved that it be The Fatal Wedding filed. With regard to the first filed. With regard to the first statement it appeared that these gentiement were setting their opinions up against the best medical authority on smallpox of the guests get real mad and throw the fut smallpox was in Kent Co, and a man who had come from there to Rogersville broke out with rash and the rash appeared in homes he had visited. Dr McDonaid was sent there to investigate and reported that it was smallpox in the scaling stage. Dr. Hayes also went there and came to the same conclusion and they quarantined all the houses that had been timed all the houses that had been timed all the houses that had been timed all the houses that had been the work is appeared in the scaling stage. Dr. Hayes also went there and came to the scaling stage. Dr. Hayes also went there and came to the scaling stage. Dr. Hayes also went there and the rash appeared in the scaling stage. Dr. Hayes also went there and the scaling stage. Dr. Hayes also went there and came to the scaling stage. Dr. Hayes also went there and came to the scaling stage. Dr. Hayes also went there and the scaling stage. Dr. Hayes also went there and the scaling stage. Dr. Hayes also went there and the scaling stage. Dr. Hayes also went there and the scaling stage. Dr. Hayes also went there and the scaling stage. Dr. Hayes also went there and the scaling stage. Dr. Hayes also went there and came to the scaling stage. Dr. Hayes also went there and came to the scaling stage. Dr. Hayes also went there and the scaling stage. Dr. Hayes also went there and came to the scaling stage. Dr. Hayes also went there and the scaling stage. Dr. Hayes also went there and the scaling stage. Dr. Hayes also went there and the scaling stage. Dr. Hayes also went there and the scaling stage. Dr. Hayes also went there and the scaling stage. Dr. Hayes also went there and the scaling stage. Dr. Hayes also went there and the scaling stage. Dr. Hayes also went there and the scaling stage. Dr. Hayes also went there and the scaling stage. Dr. Hayes also went there and the scaling stage th statement it appeared that these Patrice-No, what is it like?

same conclusion and they quaran-tined all the houses that had been visited by this man from Kent. Twenty-two houses were quaran-tined within one week. The doc-tor in attendance said that it was eczema, our medical advisor report-ed that it was smallpox. In order Dr. Meahan, one of the best auth-orities on smallpox in the province and one who has had a great deal of experience with it. We also

sent for Dr. Fisher, sec'y of the provincial board of health, and both of them pronounced it smallpox. two months income allows him for Dr. Fisher said the precautions that had been taken were proper. But even if it were not smallpox when the Christmas spirit begins moment, the fust thing I should do it was a contagious disease and the to pall on the appetite.

McDonald argently asking for a I reckon about the nurse. Brobecker was sent, is there the way is its price

cast real to them. The Rogersville Councillors were setting their opinions up against the medical experts. If it was the same disease that had appeared and died out last year, why did it spread so rapidly this year? If Dr. Bourret had known his busi-ness, reported the cases and quarantined the infected houses there would probably have been onfy three cases and the \$3000.00 expenses would have been saved.

oxen of the finest quality are plentiful. Bowril is prepared from these oxen and the supply is so considerable as to enable the manufacturers to use the best materials at a nominal cost. It is prepared by a special process, which ensures the retention of both the stimulating and nourishing properties of the beef, thereby differing from ordinary meat extracts or beef tea, which merely stimulate without nourishing.

AT McLEOD'S Fashionable Tailoring Establishment

For the balance of this month and all of February I will sell some suits in Black Clay, Serge and Tyke at a very low figure to clear, as I do not want to carry them over. Call and see and you will be surprised at the price.
