ANSLOW BROS., Publishers,

CAMPBELLTON, N. B. Nov. 14, 1907

St. John doesn't need a new station
hall as badly as Campbellton does.

Meanwhile Mr. Lemieux has some-
thing to say to the Mikado.

Mayor Fitzgerald of Boston has an
auto numbered 23. That machine
ought to go some.

Mr. Bourassa in retiring from Federal
politics perhaps saved himself the
odium of being retired.

Is the Canadian Club of St. John a
tory organization? If not, why was
Mr. Graham overlooked?

St. John appears to have more re-
gard for its chamberlain than it has
for its accounts.

The Lusitania has just made several
new records, but then it takes such
a lot of medals to cover her.

T. M. Burns of Bathurst is to be
congratulated on his enterprise and
energy in bringing the Nepequin from
area to the attention of capitalists.

The have women ushers at one of
the theatres in New York now. This
seems to be the womanless age all
right.

Mr. Graham in spending Sunday at
Fredericton will be able to tell just
what other days are like in the cele-
stical city.

The Jamestown fair is \$1,000,000 in
arrears. Doubtless a large number of
persons who visited the fair are also
in arrears.

Notwithstanding the vogue of ocean
races, betting on the steamers is not
likely to lessen the number of chance
takers on the pines.

It is gratifying to learn from the
columns of the London Express that
the House of Lords is not entirely
made up of nonentities.

With the dawn of the balloon age
we find Prince Edward Island advo-
cating a tunnel. The island should be
a little more up-to-date.

Joe Martin has at last found a job
which will place him again in the
limelight. He is now leader of the
Exclusion League in British Columbia.

It is all very well to say that a town
council shouldn't do this and shouldn't
do that, but place yourself in a sim-
ilar position and what would you do?

Immigrants have been coming into
Canada since April at the rate of one
thousand a day, what per centage of
this influx can the Maritime Provinces
claim?

Mr. Bourassa evidently believes that
it will be easier to reduce the govern-
ment majority in the Quebec legisla-
ture than the liberal majority in the
House of Commons.

The Moncton Times observes that
"it was the conservative government
that gave life to the Canadian Pacific."
It was also the conservative govern-
ment that gave millions to the
promoters of the C. P. R.

A British M. P. says tariff reform
is dead in England. Britain's tariff
like that of Canada doesn't need to be
reformed. To make any radical
changes in it would be to corrupt it
rather than to reform it.

It is surprising to find that the
strenuous west finds time to take an
interest in ghost stories. The Wimp-
ing Free Press has just been com-
pelled to pay damages for having pub-
lished the report that a certain dwell-
ing was haunted.

While the election of the Hon. Mr.
McKeown by acclamation in St. John
doesn't altogether indicate the way the
rest of the province is going it shows
pretty plainly the strength of the new
attorney general in his own constitu-
ency.

Under the fostering care of the Min-
ister of the Interior the very best
class of immigrants are coming into
the country and settlement of the
West goes on apace. The total this
year will exceed 250,000, and they will
become wealthy producers for the Do-
minion in due course. The revenue of
this department is nearly twelve
times what it was the last year of
Conservative rule; so much for intelli-
gent management.

Will the electors of Colchester, N. S.,
send to Ottawa a supporter of Sir Wil-
frid Laurier and his able finance min-
ister, Hon. W. S. Fielding, or do they
prefer to be represented by an oppon-
ent of these gentlemen who will assist
in bringing into power G. E. Foster,
the man who juggled with insurance
trust funds and was also conspicuous
in what his then leader described as
"the nest of traitors?"

McKeown appears to be the man
Friday of Robinson "Crusoe."

From Berlin, the headquarters of
the Jokesmiths, comes the news that
Rockefeller will pay the fine in \$3 in-
stalments.

Radcliffe is to hang Collins. Doubt-
less the sheriff who said he would
resign his job rather than hang the
Albert county murderer is now getting
his usual eight hours sleep.

There is some satisfaction in know-
ing that Mr. Aylesworth's successor
is as eminent as a French Canadian
barrister as Mr. Aylesworth is as an
English Canadian barrister.

A move is on foot to have the Grand
Army encampment in 1909 held in
Atlanta. There are some northern
cities that have not yet had the honor
and pleasure of entertaining the boys
in blue.

The immense public works now be-
ing constructed by the government are
a heavy drain upon the public purse,
but as the people provide the money
it is proper that it should be expen-
ded in the public interest and not for
the benefit of favored politicians.

It is confidently asserted that by
next fall four hundred miles of the
National Transcontinental Railway be-
tween Moncton and Winnipeg will be
graded, and much of it ironed. The
commissioners are urging on this
great work with the greatest energy.

On the lake which Mr. Carnegie
ordered for Princeton, and which was
unveiled, so to speak, and dedicated
Saturday, may spring up a new and
big factor in the rowing world. But
would the Tiger colors stream down
the Thames or the Hudson?

What respect have the people for
men who make blatant charges in the
House under the privileged condi-
tions which exempt them from respon-
sibility, and who are mute as claims
after the session, when, if honest, they
should have repeated their charges
before the public of Canada and de-
fied denial?

C. P. R. AND CONS.

Occasionally the Moncton Times
speaks the truth. It says "It was the
conservative government that gave life
to the Canadian Pacific." Yes, and
who was it gave to the Canadian Pacific
Railway Company 25,000,000 acres
of land for nothing? The Conserva-
tives. Who was it gave the Canadian
Pacific Railway Company \$25,000,000
of cash as a bonus for nothing? The
Conservatives. Who was it gave the
Canadian Pacific Railway Company all
the road already built by the Do-
minion at a cost of many millions of
the hard earned money of the people
for nothing? The Conservatives. Who
was it agreed to complete that por-
tion of the road already under con-
tract and give it to the Canadian Pacific
Railway Company for nothing? The
Conservatives. Who was it agreed that
no other road should be built parallel
to the Canadian Pacific Railway Com-
pany for years, thus ensuring to the
Conservative who controlled it a monopoly
at the expense of the Northwest settler? The
Conservatives. Who was it inserted in
the Canadian Pacific charter a clause
exempting the company from the pay-
ment of taxes for all time to come,
at the expense of the settlers in the
Northwest? The Conservatives. Who
is it now finding fault with the Lib-
eral Government because the Canadian
Pacific Railway Company is exempt
from the payment of taxes? The Con-
servative press, in its ceaseless in-
surance of Canadian history, or its vic-
tious attempt to place on the shoulders
of the Liberal Government the results
of its own asinine policy.

The time has passed when the peo-
ple will believe one side of a story
until the other has been told. There
has been such flagrant misrepresenta-
tion in the House of Commons, and the
foregoing is a fair sample, that the
injury resulting is greatly minimized.
When one reflects that the bottom
dropped out of the scandals which
were brought up in the House, one
by one, and that the Conservative
press pinned its faith to them jointly
and severally, it is not remarkable that
the recent Liberal endorsements are
not even alluded to by the opponents
of the government.

COLCHESTER.

Would the electors of Colchester
rather retain in his present position
Hon. Mr. Fielding, whose masterly
management of the finances of the
Dominion for the past eleven years
have resulted in an aggregate surplus
of over \$90,000,000, or would they vote
for a Conservative and assist in the
return to power of the discredited G.
E. Foster, who, while finance minister
succeeded in adding over \$80,000,000
to the public debt of Canada? Would
the people of Colchester be willing to
dismiss Hon. Mr. Fielding, a man of
sterling integrity, and many states-
manlike qualities, and put in his place
G. E. Foster, who juggled with the in-
surance funds of the L. O. O. F. and
whose unsavory record as the leader
in the nest of traitors, called down the

denunciation of Sir MacKenzie Bowell
the then prime minister, and his col-
league in the cabinet? Have the peo-
ple of Colchester arrived at the con-
clusion that Canada has had sufficient
prosperity, enough good government
and more than a fair share of good
times? If so then let them vote against
the Liberal candidate. If it seems de-
sirable to the electors of Colchester
to return to the pauperism of 1896—
the days of deficits, the times when
the natural resources of the province
were neglected, and Nova Scotians re-
ceived no courtesy at the hands of a
Conservative government, then let
the people of Colchester record their
votes in favor of an opponent of the
Liberal government. If the people
want a repetition of the Pacific scandal—
if they want in power men who
used their positions as members to
acquire big areas of land in the
northwest—if they desire to support
a platform that paves the way for
disension, unrest and the ingendering
of bad feeling between the provinces,
all they have to do is to support the
opponent of the government. Nova
Scotia did not injure herself by send-
ing one Tory to the present parlia-
ment, and with the record of the gov-
ernment before them, the electors of
Colchester may with confidence be re-
lied upon to live up to the traditions
of the past and by an increased ma-
jority send to Ottawa a supporter of
Sir Wilfrid Laurier and his able in-
finance minister, that eminent Nova
Scotian, Hon. W. S. Fielding.

Worth Millions

But Could not Buy Bread. So
goes the Story

LIKE THE MAN AT KLON-
DYKE, WHO DIED OF
VATION, WITH HIS HUT
FULL OF GOLD

Many die yearly, with means
of Salvation at hand, were
They but able to use them

Physicians the world over have
known of cod liver oil. They have, alas! also
realized its drawbacks and the im-
possibility of administering it where
it would do good. Doctors have seen
hundreds of people who, to realize how
other wasting diseases, whom they
knew might have been saved had they
only been able to take enough cod
liver oil to obtain from it a sufficient
amount of the medicinal principles
which it contained.

It is not necessary to go to doctors
to know why cod liver oil has not been
a popular remedy, or to realize how
few people are able to take enough of
it to do them any good. The many
who have needed and attempted to
take this nauseating remedy, if they
are still in a position where they need
cod liver oil, are the ones who should
throw their hats in the air and shout
their joy from the house-top at the
new, simple, and easy way of taking
it.

These are the people who will never
forget the name of this new remedy,
nor will they ever cease to thank Mr.
A. McLeod, our prominent
druggist, who has become famous in
the past few days, on account of his
connection with the Boston firm who
have introduced this same remedy.
How simple it all seems now that
we know of it. Here Mr. McDonald
has, right in his store, a preparation
that looks like and tastes like delicious
wine. It is a delicious wine, only
there has been added to it the extract
of the curative principles, the means
of obtaining which is the only dis-
covery about Vinol. We do not be-
lieve there is an invalid in this city
suffering from throat, lung or bronch-
ial troubles, or in fact any wasting
disease, but has already interested
himself in this preparation.

Mr. McDonald is kept busy explain-
ing its merits and telling his many
friends how it is now possible to take
all that is necessary of cod liver oil, or
Vinol, its concentrated active medi-
cinal principles, to overcome disease.
It has not been a difficult matter for
him to explain, as he has done, the
absolute uselessness of the grease, it-
self and to demonstrate the great value
as the medicinal properties of the
liver of the cod.

There are many people right here
in our city who know from but a few
days' experience how much benefit
they are deriving from this preparation
and who have already learned that the
medicinal properties of Vinol act in the
most wonderful manner in checking
the symptoms of disease, while at the
same time enabling the stomach to
assimilate and digest from palatable,
every day food, the necessary nourish-
ment to renew tissue depleted by
disease.

Mr. McDonald is justly pleased at
the success that is attending the con-
nection he has made with the pro-
minent Boston firm who are putting
up this preparation, and justly de-
serves all the fame and profit that
will attach themselves to his name,
on account of his enterprise in intro-
ducing Vinol to our city.

SMALLPOX AT
LUMBER CAMP.

Malady Develops in Severe
Form Five Miles From
Blackville.

ONLY ONE CASE YET.

But There are Twenty-Four Men
in One Quarantined
Camp.

BLACKVILLE, Wednesday.—An outbreak of smallpox has oc-
curred at one of the camps of the
Gibson Lumber and Manufacturing
Company, five miles from here.
There are twenty-four men in the
camp, the majority being from
Blackville. There is at present
only one case, that of a French
man from Caraque. Dr. Des-
mond and Col. Maltby of the
County Board of Health started to
drive to the scene of the malady,
but owing to bad roads were un-
able to get there. They sent word
to Dr. McManus of Blackville to
go in. The doctor went to the
camp, placed it under quarantine
and vaccinated all the men. It
is likely one of the hotels at Black-
ville will be quarantined. The
afflicted man and a friend stayed
there about a week ago.

We have used Chamberlain's Cough
Remedy in our home for seven years,
and it has always proved to be a re-

would do more than the manufacturers
claim for it. It is especially good for
croup and whooping cough.
