MRS. CHADWICK'S WILL MADE PUBLIC.

Hundreds of Thousands Willed to Friends and Charitable Institutions By Her.

But She Made Another Will While In Jail and These Are Revoked.

Cleveland, O., Oct. 17.—While the body of Mrs. Cassie L. Chadwick was being lowered into the grave at her childhood home, Woodstock, Ont., resterday, there was made public in this city a will she made two years before her strange crim inal career was exposed. There is a remerkable contrast between the path eit funeral scene in the little Canadian emetery and the picture of opulence told in words of the will. Altogether it is one of the most interesting docu-ments yet found in connection with Mrs. Chadwick's operations.

remarkable contrast between the path-etic funeral scene in the little Canadian cemetery and the picture of opulence told in words of the will. Altogether it is one of the most interesting docu-ments yet found in connection with Mrs. Chadwick's operations. The will disposes of over \$1,000,000 worth of property. In it, her son, daugh-ter and husband, a retinue of servants, relatives in distant cities and friends,

It was stated that several matters, which were pointed out by Mr. Beck, made it advisable to postpone the state-ment until a few weeks later. It is the old, old story again. Premier Whitney, according to Toronto reports, had given his assurance last week that a definite announcement was to be made before the end of this week. Like so many other promises heard in connec-tion with the scheme, this one has not been fulfilled. Mayor Stewart is the one of the few left around the City Hall who still has faith in the scheme. He thinks the Premier must have a very good reason for delaying the announce-ment. The early bird is already picking out its Christmas presents. Don't deny it now. the ground. John Coutts, the pressman of the Her-ald, corroborated the evidence of Mr. Aitohison. He said that he had warned many of the boys that some of them would be hurt if they did not leave the elevator alone. The two important witnesses for the plaintiff were Fred. Atkinson and Theo. Barker, companions of Wilfred Lamond. They told of the accident, and both said that while they knew that there was a button on the wall, that if touched would make the elevator go up, they swore said that it would be the endeavor of make the elevator go up, they swore that they did not see Lamond touch the button button.

This concluded the evidence for the plaintiff, and Mr. Blackstock asked for a non-suit, on the ground that the bank was not to blame, as the accident was caused by the boy's own negligence. Chief Justice Falconbridge granted the non-suit. Lewis & Arrell for the plain-tiff; T. G. Blackstock, Toronto, and Lees, Hobson & Stephens for the defendants. The jury brought in a verdict in the case of Allan vs. the Hamilton Steel & Iron Co. for \$1,500 for the plaintiff.
