War News.

EMDEN'S LOSS VERY HEAVY.
LONDON, Nov. 10.
To Governor, Newfoundland:

The following from Press Bureau: The German cruiser Emden was driven ashore and burnt after a sharp action with H. M. Australian ship Sydney. Her losses in personnel are very heavy. All possible assistance is being given to the survivors. Our casualties are 3 killed and 15 wounded.

The German cruiser Koenigsberg has been discovered hiding in shoal water in the Rufiji River, opposite Mafia Island. Pending operations for her capture, the only navigable channel has been blocked, and she is now imprisoned.

Excepting the German squadron, now off Chili, the whole Pacific and Indian Oceans are now clear of the enemy's warships.

The French Government reports progress between Dixmude and the Lys, and a distinct check for the enemy in Alsace.

The Russian advance on the Polish frontier is continued. Two Turkish divisions have been defeated by Russian troops in Asia Minor.

HARCOURT.

ST. PIERRE BULLETIN.

PARIS, Nov. 10.—(Official.) Action continued all day yesterday with the same violence as previously between the sea and the Armentiers region; the contact was so violent owing to the opposing forces both acting on the offensive. To sum up, the day was marked by a failure for the Germans in their attacks, in heavy numbers, south of Ypres, and a notable progress for French troops around Bixschote and between Ypres and Armentiers. On the front of the British troops, German attacks were energetically repulsed. On most part of the front from La Bassee Canal right up to Woerwe our troops have consolidated the results attained during recent advances. An advance for our troops is recorded in the region of Loivre between Rhelms and Berry au Bac. In Lorraine no change. In region of Vosges attacks of enemy

Stop Coughing.

It's quite as foolish as it is annoying to keep on coughing since

"PHORATONE COUGH MIXTURE" is guaranteed to soothe and heal the irritated parts at once, and to rapidly destroy the very cause of this aggravating nuisance. Hundreds of persons are complaining every day about the cough or cold they have had for a long time, and they are not able to get rid of it.

Don't let a cough or cold hang on to you day after day and run the chance of catching and developing the "cough" that is not easy to throw off.

You will avoid all this worry (about the cough or cold you have) by obtaining "Phoratone Cough Mixture" at once.

Sold at Stafford's Drug Store, Theatre Hill, and Stafford's Pharmacy, Duckworth Street. Price 25c.; post, age, 5 cts extra.

Phoratone Cough Cure is prepared only by DR. F. STAFFORD & SON, St. John's, Newfoundland.

Manufacturers of Stafford's Liniment, Stafford's Prescription "A", Stafford's Phoratone Cough Cure, oct24tt

against heights south of Col de Ste-narie and southeast of Thann, were all repulsed. Russian ships bombarded the Bosphorus, causing heavy damage to shipping in the Straits. The Turkish fleet came out, but on the appearance of the Russian fleet put back immediately.

FRENCH OFFICIAL.

PARIS, Nov. 10.—(Official.) At the north the battle continues very violent. Nothing to report on other parts of the battle front.

AN AMSTERDAM STORY.

LONDON, Nov. 10. A despatch from Amsterdam says: "Trainload after trainload of German artillery is leaving the Lys valley in

direction of the army headquarters, transferred to Alost.

RUSSIANS STILL SCORING.

PETROGRAD, Nov. 10.—(Official.) In Eastern Prussia the right wing of the enemy, who has been stubbornly resisting in the region of Lyck, has been driven back towards Mazouri Lake, east of Reideberg, 24 miles south of Koenigsberg.

Near Mushaken railroad station a Russian cavalry force defeated a German detachment, which was protecting the railroad. The Russians captured the train and drew the railroad bridges.

On Nov. 8, a Russian cavalry division, meeting a cavalry division of the enemy forced it to retire towards Kalisz.

On the route to Cracow we have attained Miechow, a town 44 miles southwest of Kielce.

In Galicia our troops have traversed the River Wisloka. They now occupy Rzeszow, Dynow and Liske.

EMDEN AND KOENIGSBERG.

LONDON, Nov. 10.

The Admiralty statement which announces the destruction of the Emden in the Indian Ocean, and the bottling up of the Koenigsberg on the East coast of Africa, is as follows: After the whereabouts of the Koenigsberg had been indicated by the attack on the Pegasus on Sept. 19, a concentration of fast cruisers was arranged by the Admiralty in East African waters; and a thorough search by these vessels in combination was made.

This search resulted in the Koenigsberg being discovered by H. M. S. Chatham hiding in shoal water about six miles up the Rufiji River, opposite Mafia Island, German East Africa. Owing to greater draught the Chatham could not reach the Koenigsberg which probably is aground, except at high water. Part of the crew of the Koenigsberg has been landed and is entrenched on the bank of the river.

Both these entrenchments and the Koenigsberg herself have been bombarded by the Chatham, but, owing to the dense palm groves, amid which the ship lies, it is not possible to estimate the damage done. Pending operations for her capture or destruction, effective steps have been taken to block the Koenigsberg by sinking a collier in the only navigable channel into the river. She is now imprisoned, unable to do any further harm. Fast vessels which have been searching for her have thus been released for other service.

Another large combined operation by fast cruisers against the German cruiser Emden, has been for some time in progress. In this search, which has covered an immense area, British cruisers have been aided by French, Russian and Japanese vessels. Yesterday morning news was received that the Emden, which has been completely lost to sight after her action with the Russian cruiser Jemtichug, had arrived at Keeling on Cocos Island, and landed an armed party to destroy the wireless station there. Here she was caught and forced to fight by the Australian cruiser Sydney. A sharp action took place, in which the Sydney suffered the loss of 3 men killed and 15 wounded. The Emden was driven ashore and burned. Her losses are reported heavy. With the exception of the German squadron now off the coast of Chile the whole of the Pacific and Indian Oceans are now clear of enemy warships.

The First Lord of the Admiralty sent the following message to the

Sydney, and to the Navy Board of the Australian Commonwealth: "Warmest congratulations on brilliant entry of Australian navy into war, and the signal service rendered to the Allied cause and to peaceful commerce by destruction of the Emden."

THE TURKISH THREAT.

WASHINGTON, Nov. 11. The Commander of the Turkish forces at Beirut in an informal note addressed to the American Consul General and intended for the British and French Governments, declared that for every Mussulman killed in the bombardment of any open and unfortified port, three British or French subjects will be immediately killed.

The Turkish note says, moreover, that the Commander declines to accept responsibility for any uprising against Christians which might ensue from such bombardment.

KING GEORGE CONGRATULATES ARMY.

LONDON, Nov. 11. King George has sent the following communication to Sir John French, Commander of the British Expeditionary Forces on the Continent: "The splendid pluck, spirit and endurance shown by my troops in the desperate fighting which has continued for so many days, against vastly superior forces, fills me with admiration. I am confident of the final result of their noble efforts, under your able command." General French replied, thanking His Majesty for the message, which he said had been received with gratitude and pride by the Army. He assured the King of the unalterable determination to uphold the highest tradition of His Majesty's Army, and to carry the campaign to a victorious conclusion.

Mother! the Child Is Costive, Billious

Don't Hesitate! A laxative is necessary if tongue is coated, breath bad or stomach sour.

No matter what ails your child, a gentle, thorough laxative should always be the first treatment given.

If your little one is out-of-sorts, half-sick, isn't resting, eating and acting naturally—look, Mother! see if tongue is coated. This is a sure sign that its little stomach, liver and bowels are clogged with waste. When cross, irritable, feverish, stomach sour, breath bad or has stomach-ache, diarrhoea, sore throat, full of cold, give a teaspoonful of "California Syrup of Figs," and in a few hours all the constipated poison, undigested food and sour bile gently move out of its little bowels without griping, and you have a well, playful child again.

Mothers can rest easy after giving this harmless "fruit laxative," because it never fails to cleanse the little one's liver and bowels and sweeten the stomach and they dearly love its pleasant taste. Full directions for babies, children of all ages and for grownups printed on each bottle.

Beware of counterfeit fig syrups. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," then see that it is made by the "California Fig Syrup Company."

TO BE OPERATED. — Miss Flossy Wiseman, of Ayre & Sons show room department, entered the General Hospital yesterday afternoon to be operated on for appendicitis.

Signs and Tokens.

The Autumn days will soon be over; the winter tempests a 6 n will roar; among the flowers and in the clover the busy bees are seen no more. Out in the woods the nuts are dropping; the coal is poured in yawning bins; and we should waste to do our shopping before the Christmas rush begins. Across the sea the cannon thunder, Death's harrowing a mighty cry; to-day we see one army under, to-morrow it may be on top. But here at home no shells are popping, there is no struggle, born of hate, and we can do our Christmas shopping before it is too doggone late. In Mexico all things seem quiet, but quiet there's a thing of doubt, for any hour may bring a riot, to turn the country inside out. The generals are always swapping their threats of death, with ugly leer, but we may do our early shopping, and none will dare to interfere. The fall is with us, gentle reader, the crops are garnered on the farm, the turkey hunts the highest cedar, the goose is viewing with alarm; the football coach is wildly hopping, his victims hear him rant and rate; and we should do our Christmas shopping before it is too all-fired late.

Fads and Fashions.

The fashion of high hairdressing has made fashionable many beautiful combs and pins.

White taffeta frocks with fitted basques and full tunic skirts are immensely popular.

Dyed laces are to be used, but metal laces are expected to outvie anything so far shown.

The proper silhouette is now erect; the spineless, slouchy carriage is no longer tolerated.

Charming little hats for the small girl are made of muslin, trimmed with bands of colored beads.

The leading feature in fall footwear is the button boot, with whole quarter or gaiter effects.

Among the newest skirts are those with long overskirts, open to the waist and with rounded corners.

Sports coats for the present are long and loose fitting, and are set in at the normal shoulder line.

Very smart is the lace blouse with Roman striped silk bodice that covers all but the sleeves and décolleté.

Long sleeves are a distinct feature of the new blouses. They are fashioned after the mousquetaire pattern.

Some of the new chemisettes are so severe in line that they closely resemble the bosom of the full dress shirt.

The small sister's school dress may be made of serge or homespun and worn with white linen or pique collar and cuffs.

Crepon is a thoroughly practical material for blouses, as it requires no ironing and it can be used to fashion a blouse of the severest lines.

For the little girl's best dress a frock of challis made in a simple manner and trimmed only with a wide velvet belt or sash of ribbon.
