Hon Mr. Justice Kent

We desire to add our congratulations to those which are reaching Mr. J. M. Kent on his elevation to the bench of the Supreme Court. The appointment reflects honor alike on the Government and the new Judge. Mr. Kent is well fitted for the office, and he will fill it with acceptance to the Law Society and the general public. He stands pre-eminent as a sound lawyer, with extensive forensic experience and well practiced in the commercial, criminal and public law of the land. He is a close student, painstaking and careful, and of sound common sense, and eminently of a judicial temperament. The loss to the Liberal Party is great. He filled the office of leader of the whole opposition with great ability during the sessions of 1914 and 1915. He was courteous in debate, able in argument and convincing as a speaker. Within a short time he will be sworn in as a Judge, and those who have been associated with him in public life, at the bar or otherwise will follow his career on the bench with close interest, knowing full well he will uphold the best traditions of the bench as he has always upheld the highest traditions of the bar. Mr. Justice Kent is now in his forty-fourth year. He is the son of the late Robert Kent, Q.C., who occupied a leading place in the public life of the colony. He was educated by the Christian Brothers, at Tullaghan, and Clongowes in Ireland, and graduated as a Bachelor of Arts of the Royal University of Ireland. He was sworn in as a Solicitor in 1893 and called to the bar, obtained silk and became a Bachelor of the Law Society. In 1907, three years after he entered politics he was made Minister of Justice. In 1909 he represented Newfoundland at Washington in connection with the dietary dispute which was being referred to the Hague, and in the spring of 1914 became official leader of the opposition in the House of Assembly.

Dr. Jones Lectures.

Last night at the British Hall a large gathering of people assembled to hear Rev. Dr. Jones lecture. In the audience were Sir Wm. and Lady Horwood and Mrs. Cliff, wife of Grand Master J. A. Cliff, of St. John's Lodge, No. 5, & U. F. who was unavoidably absent. Dr. Jones was introduced by the Chairman of the Board of Trustees, Mr. W. H. Goodland. Taking as his subject: "That Reminds Me" and in his opening remarks he referred to his boyhood days which were spent at Fogo where his father had been one of the charter members of the S. U. F. the lecturer being a member of the same Lodge. He then gave his hearers an interesting account of his experiences while engaged in ministerial work in the United States, describing the chief cities he had visited. In referring to the terrible struggle now going on in Europe, the rev. lecturer made a strong appeal to all for more support to the Motherland, particularly to young men, by describing what would take place and how each would feel at a review when peace was declared. A vote of thanks proposed by Grand Secretary J. C. Phillips, and seconded by Mr. S. C. Collier, was given by acclamation. During the evening Miss Edwards gave some patriotic selections on the piano. A large amount was collected in aid of the Widows and Orphans Fund.
