Cholera Report.
BERLIN, Sept. 26.—Health reports covering the period from Sept. 17 to 24 show that in East Prussia and the Vistula region there were 47 new cases of cholera and 9 deaths. From Sept. 15 to Sept. 24 there were 59 cases and 15 deaths in Upper Silesia. Only 2 cases and no deaths were reported in the Rhine provinces.

William O'Brien's Warning.
DUBLIN, Sept. 26.—William O'Brien this evening declared that unless Lord Rosebery defined the position of the Government in regard to the House of Lords he would find the Irish party independent in the best sense of the word, and Lord Rosebery would soon cease to be Premier. The Irish, he said, could not be bought with all the gold of the British treasury.

Australian Elections.
MELBOURNE, Sept. 26.—The election for members of Parliament which took place yesterday resulted in the return of 23 Ministerialists, 54 Opposition and 13 Independents, and Ministers O'Loughlin, Baker and Richards and Speaker Dent were defeated for re-election. The victors comprise a protectionist majority, but the victory is alleged to have chiefly been due to the support of persons in the civil service and malcontents who are irate at Prime Minister Patterson's reduction of salaries and other economies.

Drilled Crews for Merchant Steamers.
LONDON, Sept. 26.—The admiralty are considering the scheme of manning subsidized merchant cruisers with officers and seamen of the royal navy reserves. The scheme has already been referred to the Board of Trade, and will be submitted to the various mercantile and marine boards. It is intended that crews of regular drill and discipline shall be engaged. Special contracts will be effected for the services of the steamers Teutonic, Majestic, Euxine, Umbria, Empress of India, Empress of China, Empress of Japan, Himalaya, Austria, Victoria, Arcadia and others, to the total number of 26.

The Czarevitch's Proposed Wedding.
LONDON, Sept. 26.—Truth says that fresh obstacles have arisen in connection with the Czarevitch's proposed marriage to Princess Alix of Hesse. The prospect of the union is said to be very unpopular in St. Petersburg, and big personalities are reported to be working hard to upset the plans laid for the marriage. Their intrigue is helped by the Princess raising obstacles to her prompt conversion to the Greek faith.

The Duchess of Saxe-Coburg-Gotha and the Grand Duchess Serge of Russia are understood to support the match, while other ladies of high rank oppose it. Rumor has it that if the marriage does not come off, Princess Alix will be offered an annuity of £10,000 for life.

Beheaded for Cowardice.
LONDON, Sept. 26.—The Times tomorrow morning will publish a dispatch from Shanghai saying that Capt. Fong, of the Chinese turret ship Tai Yuen, has been beheaded for cowardice in the Yalu fight. The dispatch also says that the Chinese cruiser became stranded on a reef near Taiien Bay while endeavoring to make her escape from the Yalu battle, and was afterwards blown up by the Japanese. This makes a total loss of five ships to the Chinese, including one ship which was rammed by the Tai Yuen while endeavoring to ram one of the Japanese vessels.

It is estimated that more than 50,000 soldiers are in Tokio at the present moment, the majority of them composed of first class reserves. The barracks are full to overflowing, and the houses of wealthy private citizens are occupied by soldiers.

From the Scene of Hostilities.
LONDON, Sept. 26.—An official dispatch says that in the battle off the Yalu River the commander of the Japanese warship Akagi, two lieutenants on the Hsiasdate, two lieutenants on the Matsushima, one lieutenant on the Yoshino, one lieutenant on the Akitsushima, the paymaster and two surgeons on the Hi Yei, and about 30 non-commissioned officers and seamen were killed. The dispatch otherwise confirms the Central News' dispatches of the 22nd inst. from Tokio.

A dispatch from Tokio says the report recently put in circulation that an armistice between China and Japan had been proposed by England and Russia is absolutely untrue.

has just returned from Puyong Yang says that the proper estimate of the Chinese troops there would be about 10,000, and not 40,000, as reported. The Chinese are said to be exhibiting much barbarity in the mutilation of persons killed and offering rewards for Japanese heads, which with hands and other members of the body are nailed up in conspicuous places.

The Japanese Minister to Seoul and the Korean Minister of Finance have concluded a convention to expel Chinese troops and to place Korean affairs on a firm basis. Japan is to defend Korea as well as to attack China. Every member of the Korean Cabinet has resigned.

The daily cost of the Japanese army is estimated at \$300,000 yen. It is said that 400 survivors of the Fow Shing are set on one of the islands, and that the British fleet are picking up others.

A TROPICAL GALE.
Does Great Destruction on the Georgian Coast.

The Wind Has a Velocity of 75 Miles an Hour—Tybee Island Nearly Submerged.

SAVANNAH, Ga., Sept. 26.—Everything points to the storm equaling, if it does not exceed in violence, the fearful destruction of the cyclone of August, 1893.

At Tybee the wind rages as high as 75 miles an hour. At low tide today the water there was higher than at the highest tide. The ocean is steadily encroaching on the island, and it is thought by night it will be completely submerged. Those on the island will have to take refuge in the lighthouse and martello tower. The hotels and cottages appear to be doomed. The wind in Savannah is blowing at the rate of 45 miles an hour and steadily increasing. The outlook is very bad.

On September 26, S. C., Sept. 26.—A terrible wind storm struck this place at 6 o'clock this evening, and blowing at a velocity of 45 miles an hour. Telegraph poles and fences are down. Great damage is being done to corn and cotton. It is feared the worst is yet to come. No reports from the country have been received.

HOG MARKET REVOLUTION.
As a Result of Farmers Feeding Wheat to the Animals.

Toronto, Sept. 26.—The result of the farmers of Ontario feeding wheat to hogs instead of selling at the low prevailing price is effecting a revolution in the hog market, according to the figures of the Western cattle market reported to the city commissioner's department.

Last year the figures were for the whole twelve months 74,877, of which 30,000 came in after September. This year up to the third week of September the number was 85,565, and it is expected the total will exceed easily 100,000. Last week the greatest number of hogs ever received in one week came to market, the number being 6,446. They were all bought by one man, an agent for the pork packing establishments of Toronto.

Cattle show about the same this year as last, but there is another big increase in sheep. The total for last year was 49,000, while for this year to date the figures are 69,000.

A NICE IDEA.
But Wholly Impracticable—Lord Brassey Has No Faith in Preferential Trade.

WINNIPEG, Sept. 26.—Lord Brassey, who has arrived here, accompanied by Lady Brassey, addressed the Board of Trade yesterday afternoon, emphasizing the importance of a fast Atlantic service, which he thinks would be advantageous to both countries, and especially to Canada. He expressed the opinion that the Canadian Pacific Railway could handle a fast Atlantic service better than any other corporation.

Speaking of preferential trade between Great Britain and her colonies, he said he had studied the question thoroughly, and while it was a nice idea, still it was wholly impracticable and would never work. He advocated the cultivation of the mother country and the colonies. In an interview he expressed the opinion that the Hudson's Bay Railway would never prove a success, owing to the limited period of navigation in the summer.

With the Politicians

Quebec's Cabinet in a State of Disruption.

Sir Oliver Mowat and Other Party Leaders at Woodstock.

West York Patrons Nominate J. D. Evans, of Islington.

THE BREAK IN QUEBEC.
MONTREAL, Sept. 26.—Hon. J. S. Hall, Quebec's Provincial Treasurer, will doubtless retire from the Cabinet before the end of the week. Mr. Hall's resignation dates from yesterday, and it does not seem that there is the least chance of its being withdrawn.

Mr. Hall differs from his colleagues on the matter of meeting indebtedness maturing this fiscal year. He refused absolutely to negotiate another French loan, and yesterday Premier Taillon cabled to Paris accepting certain conditions made thereon. Mr. Hall thereupon resigned. That is the present position of affairs.

The statement in the Gazette this morning that the crisis did not exist is regarded in well-informed circles as a misstatement, to which credence should not be attached. NOTABLES AT WOODSTOCK.
WOODSTOCK, Sept. 26.—The politicians had a field-day here today. In the forenoon the corner-stone of the new hospital was laid by Hon. J. M. Gibson. Sir Oliver Mowat, Hon. M. Bow, Dr. Chamberlain, R. E. W. Pattullo, Mayor Hay of Woodstock, Warden Dowler, and Dr. Williams, Ingersoll, delivered addresses. The site of the hospital was a gift of Mrs. Warwick, of Toronto.

At 2 p.m. Minister Bowell formally opened the fair. He was presented with addresses of welcome by the board of directors and ex-Mayor Karu, and with another from the Board of Trade. Speeches were also delivered by Sir Oliver Mowat, Hon. J. M. Gibson and J. S. Larko.

WEST YORK PATRONS NOMINATION.
WESTON, Ont., Sept. 26.—A meeting of the Patrons of Industry for West York, was held here today to nominate a candidate for the House of Commons. J. D. Evans, of Islington, received the largest vote.

His clothes had taken fire, and when he was discovered some cartridges he had in his pocket were discharged, almost every explosion inflicting wounds on the body.

BOTH BOATS SANK!
Disastrous Collision on Lake Huron, Near Presque Isle.

DETROIT, Sept. 26.—The Ohio, down bound, collided with the schooner Ironton, up bound in tow of the steamer Kershaw, ten miles north of Presque Isle, Lake Huron, at 12:30 this afternoon, and both boats sank half an hour later. The crew of the Ohio, excepting the first mate, sixteen in number, got into the lifeboat after much difficulty, and were picked up by the schooner Moonlight, also in tow of the Kershaw, after clinging to a ladder for two hours. The steamer Kershaw picked up two of the crew of the Ironton. The remainder of the crew were in a number of boats missing, but may have been picked up by the Kershaw. The crew of the Ohio were landed here and the two members of the crew of the Ironton were taken to the Soo. The wind was blowing a gale from the south and a heavy sea was running. Just before the collision the Ironton parted her tow line and it is thought the accident threw her out of her course and caused the collision.

The Ohio was loaded with flour and feed from Duluth to Ogdensburg. The Ironton was light, bound from Cleveland to Marquette. The Ohio is owned by Elphick, of Chicago. She was valued at \$38,000. The Ironton is owned by the Cleveland vessel men. She was valued at \$18,000.

SAULT STE. MARIE, Mich., Sept. 26.—The steam barge Kersaw arrived here this afternoon. Capt. Connor said that he saw the collision, but did not know at the time what vessel collided with the Ohio. He said: "As soon after the collision as possible the crew of the Ohio took to the boats. Ten men succeeded in getting into the yawl and were picked up by my crew after half an hour. Two of the crew of the Ironton, I understand, were picked up by the sea barge Kersaw, but the rest of the crew are unaccounted for."
