Mr. Asquith Speaks.

LONDON, Oct. 23.—The Right Hon. Herbert Asquith, Home Secretary, last night addressed the first of a series of meetings of his constituents at Leven, Fifeshire, Scotland. In the course of his remarks he said that the statement that the Cabinet had been recently summoned to consider grave complications between Great Britain and France was the idlest fiction that had ever entered the brain of man. A memorial was submitted by any nation to prevent her obtaining the ultimate objects of the war which she has been waging against China.

Japan Will Tolerate No Interference.

HIROSHIMA, Oct. 23.—The special session of the Japanese Diet, convened here to consider war measures, closed yesterday. Every measure presented was unanimously passed. A memorial was also adopted urging the Government to execute the desires of the Mikado with a view to the restoration of peace in the East, the increase of the glory of Japan, the punishment of China and the prevention of future disturbances of Eastern peace. The memorial concludes with the declaration that Japan will not tolerate interference by any nation to prevent her obtaining the ultimate objects of the war which she has been waging against China.

To Be Wiving Tied.

PARIS, Oct. 23.—The civil marriage ceremony between Miss Susan Tucker Whitfield, daughter of Gen. Whitfield, of New York, and Prince Belosselsky Belosselsky, son of the Czar's aide-de-camp, took place at the mairie of the eighth ward this afternoon. Tomorrow the religious marriage will be celebrated according to the rites of the Greek Church of Russia in the Rue Daru, and subsequently another ceremony will be performed in the American Church of the Holy Trinity according to the Protestant rites. The ceremonies will be private, owing to the condition of the Czar. The prince and princess will reside at Van, Alix and Nicolas.

St. Petersburg, Oct. 23.—Princess Alix of Hesse, accompanied by Grand Duchess Sergius, yesterday morning left at Simferopol the train on which she was traveling to Livadia, and proceeded on her journey by carriage. She was met at Aschby by the Czaritch, and the party stopped there for luncheon. After a short rest the journey was resumed, the route being through Yalta. The Czaritch and the Princess sat side by side in the carriage, and during their progress through Yalta were enthusiastically cheered by the crowds which had gathered to greet them. LONDON, Oct. 23.—A Central News dispatch from St. Petersburg says it is semi-officially announced that the wedding of the Czaritch and Princess Alix will take place in the presence of the Czar in the palace chapel at Livadia at 2 o'clock tomorrow afternoon. The Princess joined the orthodox church today.

The Crisis Reached.

PARIS, Oct. 23.—The Figaro's correspondent at Livadia says the Czar recently experienced thirteen hours of terrible suffering. The crisis of the disease, the paper further says, is now reached. His Majesty's condition shows a slight improvement, and the members of his entourage are more hopeful of his ultimate recovery. His physicians, however, consider his condition grave.

It is stated that on leaving Spala the Czar weighed 200 pounds, 28 pounds below his normal weight, and that he now weighs only 140 pounds. The St. Petersburg correspondent of the London Daily News says the excitement of Princess Alix' arrival had a bad effect on the Czar. Private information concerning the Czar's condition is again pessimistic. The weakness of his heart is no better. The insomnia reappeared today. The heartiness of the Czaritch's reception of Princess Alix will silence all unpleasant rumors regarding the marriage.

St. Petersburg, Oct. 23.—The Czar's physicians issued a bulletin at 7 o'clock this evening saying that in the course of the day the patient had been languid and had shown slight convulsive symptoms, but his appetite was better.

Fierce Storm on Britain's Coast.

LONDON, Oct. 23.—A fierce gale raged along the British coast Saturday and Sunday, resulting in many casualties. The

wind was so strong and the sea so high that the channel boats were greatly delayed. The Warner light ship, while being towed from Spithead to her station broke away from the tug boat when near New Haven and was driven shorewards. A boat was lowered to replace the tow line, but a heavy sea capsized it and four of its occupants were drowned. The light ship made lee way rapidly and was soon driven ashore. Two other boats were also driven ashore close by where the light ship had stranded. The crews of all were saved by the life boat crew and coast guardsmen by the use of the breeches buoy. Many other exciting rescues of the crews of vessels driven ashore at various places are reported. The loss to the owners of fishing vessels is large, many of their boats having been destroyed. At Sunderland a life brigades man who had volunteered to assist in the rescue of the crew of a bark which had been driven ashore near there, tripped upon a rope which had been suddenly untied by the pressure of the onlookers upon it and fell into the sea and was drowned. A man who was fixing a sign in front of a theater in Sunderland was blown into the street and killed. Much damage was done on land by the storm.

Last night Harrison Smith was the father of eleven children. He was happy. There was but a single cloud upon the horizon of his future, but he was not worried. This morning his wife presented him with twins. Without a word Smith walked into his room, took up a pistol and shot himself through the heart. It is claimed by his friends he was a man of great superstition and when the fact that he was the father of thirteen children was thrust upon him it was too much.

Jessie Keith's Slayer

Believed To Be Now Safe in Stratford Jail.

The Supposed Culprit Was Arrested at Cataract.

Suspicious Circumstances Attending the Man's Capture.

One of the Suspects Claimed to Hail from London.

MORE ARRESTS.

LISTOWEL, Ont., Oct. 23.—The murderer of Jesse Keith has not been captured yet as far as is known here. The man McKay, arrested at Moorefield, has been released. Several other men are held at different places. The one arrested in Erin is now on his way from Fergus and will arrive here at 2:30 this afternoon. Constables and others are still actively engaged scouring the country.

RELEASED.

LISTOWEL, Oct. 23.—Word was received this afternoon to the effect that the man arrested at Erin this morning is not the right one.

ANOTHER ARREST.

NIAGARA FALLS, Oct. 23.—A stranger tramping the track of the G. T. R., and thought to tally with the description of the supposed murderer of Jessie Keith, of Listowel, has been arrested at Stevensville, a small village about seven miles west of Fort Erie on the G. T. R.

NOT THE ONE WANTED.

FORT ERIE, Oct. 23.—The man arrested at Stevensville yesterday and brought to Stratford jail today. The constables are satisfied that he is the person who stole the value from Alisa Craig and which was found in the woods. Although not positively identified at Listowel the police here think they have the right person, as he answers the description published.

SUSPICION STRENGTHENED.

LISTOWEL, Ont., Oct. 23.—The theories as to the Jessie Keith murder have been somewhat set at rest by the apprehension of one who is believed to be the real murderer, who was arrested late last night at Cataract, Ont. The man gave the name of A. Chappelle and is of French extraction. The arrest was made by Constable Wilson, of Erin township, Wellington county.

LOOKS LIKE THE FUGITIVE.

The description of the suspect answers in every respect to the printed circulars issued by County Crown Attorney Idington, Cataract, where the man was arrested, is due east from Listowel about 53 miles, and is on the line of the Canadian Pacific Railway. It is not thought that Chappelle took the railroad but that he struck directly across the country, aiming for Toronto. The setting sun was evidently his compass for each night's march. At this rate he would cover about fifteen miles each night from the time of the murder. Popular belief has at once settled on Chappelle as the perpetrator of the horrible crime. The other suspects are still held, but are not regarded seriously.

PERSONNEL OF THE LATEST SUSPECT.

Chappelle is a Frenchman about 5 feet 8 inches in height, dark complexion, stout, heavy set, round-shouldered, large hands; has a week's growth of whiskers, turning gray; dark tweed coat and vest, black Tam o' Shanter cap, new laced shoes with toe caps. When arrested he attempted to hide a parcel, which was recovered, and found to contain a lady's black waist and a pair of lady's stockings. Chappelle was brought here this evening for identification, and was taken to Stratford jail tonight. While the authorities have not been able as yet to fully identify Chappelle, his general appearance answers more exactly the published description of the murderer than any of those yet apprehended.

UNABLE TO EXPLAIN HIS MOVEMENTS.

He could not give a satisfactory account of his movements since the fatal day, and the police felt quite justified in sending him to jail after investigation.

Another Account.

LATER DEVELOPMENTS.

LISTOWEL, Ont., Oct. 23.—The latest development in the Keith tragedy is the arrest at Erin of a suspicious character who answers to the description of the murderer. The man, whose name is Alameda Chappelle, was arrested by Constable Travis, of Erin, on account of his suspicious actions, and when searched he had a number of articles of ladies' wearing apparel that may lead to the detection of the crime. He threw away a parcel containing a lady's cashmere waist, but Constable Travis recovered it, and he gave what seemed to be an unsatisfactory account of how he came in possession of it. Should it be the property of the owner of the much-discussed valise then the chain of evidence will be materially strengthened.

GOVERNMENT DETECTIVE MURRAY ARRIVED HERE TONIGHT AND WILL PROCEED TO STRATFORD WITH THE WITNESSES TO FULLY IDENTIFY THE MAN. THE VALISE AND CONTENTS WILL ALSO BE TAKEN, IN ORDER TO HAVE ITS ALLEGED OWNER IN ALISA CRAIG IDENTIFY IT AND THE GARMENTS.

Chappelle is a French-Canadian, and has evidently not been a particularly good citizen, to say the least, and the indications point to his complicity in the crime.

STILL ANOTHER ARREST.

OMEMEE, Ont., Oct. 23.—About a dozen of our citizens went out north ten miles of here tonight and arrested a tramp answering the description of the Listowel murderer exactly as given in the papers. He is now in the lockup here.

CLAIMS LONDON AS HIS HOME.

NIAGARA FALLS, Ont., Oct. 23.—Chief of Ontario Police Young, of this town, examined the man arrested at Stevensville. Although he tallies pretty well with the supposed murderer, he hardly thinks he is the man. The prisoner gives his name as Simpson, of London, where he claims he has friends, and had been working in Buffalo, but could not remember the party he worked for, and knows very little of Buffalo or London. He claims to have left Buffalo yesterday and walked part of the way. If he is the same man McNeil saw Sunday his story is crooked, and if not the murderer, he is hiding from some crime.

BANDMASTER WANTED.

The Seventh's Musicians in Search of a New Leader.

The Band Must Be Made Efficient in Every Respect.

"Bandmaster wanted for Seventh Fusiliers. Apply by mail before Nov. 1 to H. A. Kingsmill, captain, secretary, London, Ont."

This advertisement appears today in the London Advertiser, and is the result of the action of the band committee at a meeting held on Monday night. Of course, it means that the position formerly held by Mr. Wm. E. Hiscott is vacant, and applications are in order.

"Yes," said a prominent Seventh Battalion officer, when seen about the matter last night, "we intend to have a first-class band, and not a third-rate one."

"Does the advertisement mean that the former leader is discharged?"

"Well, no. The agreement under which Mr. Hiscott was hired was made by an officer not now attached to the battalion. The new commandant is not necessarily bound to recognize it, and as Mr. Hiscott's year expires just now applications for the position are being called for."

"The new colonel is a soldier in the true sense of the word," said the officer, "and the battalion is bound to go ahead under his command. There is no mistaking the fact that the new bandmaster must be a soldier as well as a musician, and he added significantly—he must know the meaning of the word 'obedience.' There is no reason why London cannot support a crack battalion when Toronto can boast of several. The band is an important adjunct of any corps, and we must either have a good one or none at all. We want a band that the citizen can be proud of and one that the battalion itself can take a pride in. We have no lack of talent, and we want the best leader it is possible to get."

The officers paid the late bandmaster \$400, and in the way of extras he received the pay allowed by the Government and a portion of the outside earnings made at concerts, parties, etc., which he said to be no inconsiderable amount. The advertisement will doubtless attract many first-class musicians.

SUNDAY SCHOOL WORKERS.

Annual Session of the Ontario S. S. Association.

BELLEVILLE, Oct. 23.—The Sabbath School Association of Ontario opened its 23rd annual convention in the Bridge Street Methodist Church this morning at 9:30 o'clock. A prayer meeting of special power and blessing on the convention and on the general work of the association was held for an hour, conducted by Rev. M. W. McLean, M.A., pastor of St. Andrew's, Belleville.

The afternoon session opened at 2:30. All the sessions bid fair to be of interest. Mr. Jacobs, from Chicago, and Miss Valla, from Massachusetts, who are among the best Sunday school workers in the world, will be present.

At the afternoon session of the Provincial Sunday School Convention today, Ald. Score, of Toronto, the retiring president, presided. Rev. E. N. Baker conducted the devotional exercises. Reports were made from Duluth, Pelee, Havelock, Prescott, Grenville, North Hastings and East Durham and Port Hope.

Rev. W. Patterson, of Toronto, delivered a fine address on the forces of the twentieth century. The evening session was opened with prayer and praise. The retiring president introduced Mr. H. P. Moore, the new president, after which Mayor Walmesley and the city council presented to the convention an address of welcome.

Mr. John Charlton, M.P., followed with an address on "Sabbath Observance," and was closely listened to. A few other addresses followed, when adjournment was made.

LUCKNOW.

During a heavy storm which visited this section Tuesday morning a house occupied by Norman Mathieson was struck by lightning. Very little damage was done.

Rev. J. Mills delivered an interesting sermon to the A. O. U. W. in the Methodist Church here Sunday. A large number of the brethren were present.

Mrs. D. E. Cameron, of Toronto, is at present visiting her mother, Mrs. R. J. Whitley, here.

Mrs. Cameron expects soon to remove to New York, where Mr. Cameron has accepted a position with the Mutual Life Insurance Company, of that city.

Immorality in Cincinnati.

CINCINNATI, Oct. 23.—Rev. Mr. Lockwood addressed the Evangelical Alliance yesterday on "Is a Parkhurst Needed in Cincinnati?" He had not only visited in disguise the places of the tenderloin district, but also the gambling houses, and made sensational charges against the authorities. Arrests will follow his disclosure of the names of those violating the midnight ordinance. He held that Dr. Parkhurst's movement should be started in every city, and the world would see the greatest of all reformations.

Dress Goods.

Columns have already been devoted to the details of these stocks. It seems we're always talking of Dress Fabrics of one kind or another, but it is not to be wondered at with such a collection—not such another store within your reach that shows such a wealth of Dress Fabrics. It is our gauntlet. We challenge all competition. The gathering of stylish wares surpasses all former competing collections. It isn't possible, in the limits of a newspaper, to picture the exquisite taste and unique effects of new Dress Goods. Clever genius has been at work, and improved machinery has helped to make stuffs better than they were. We'd be slow indeed to offer you this season the counterpart of what you had last. Among the more exclusive lines we would like you to see our range of Holland & Sherry's Dress Tweed Suitings and Vestings. They are confined to us for this section and cannot be had elsewhere. Of all desirable weaves this season, perhaps, those English Covert Cloths take the lead. There is a feel about them that is almost irresistible. We have them in all pretty shades of fawn, tan, brown, gray and blue, also black. English Broadcloths for street wear are among the quick-selling things. We have them in 21 different shades, 56 inches wide, 5 1-2 yards to the dress pattern, only one of a color. To finish off with, all we can say is that if you want to know what is the fashion we have here the very extremes of present styles. Not a penny wasted in buying them. It's hardly possible for anyone to own the stock for less than we, which means lower prices than others can afford. Colors are good, styles excellent, qualities perfect, and values better than ever.
