PROFESSOR FOSTER WAS NOT EXPELLED

Baptist Minis'ters, However, Express Disapproval of Former Toronto Man's Doctrines.

Chicago, Ill., June 15.—Professor George Foster, of the University of Chicago, whose recent book on "The Function of Religion" caused a cry of heresy to be raised against him, escaped expulsion from the Chicago Baptist Ministerial Conference yesterday, but only after he had been lashed and grilled in a torrid discussion extending over more than four hours.

The resolution, which was introduced a week ago, in which it was demanded that Professor Foster resign from the conference and surrender his ordination papers, failed.

A substitute motion, reaffirming the fundamental doctrines of the Baptist Church and repudiating those attributed to Professor Foster, prevailed. No one ventured to uphold Professor Foster's ideas.

"Your opponents intimate you are a heretic," a newspaperman remarked to the professor.

"A man can't be guilty of heresy in the Baptist Church," responded Mr.

THIN BLOOD MADE STRONG

Tiredness and Weakness Overcome.

A JOYOUS LETTER.

"I admit because I neglected early treatment I am entirely to blame for the condition of weakness that for nearly two years made my life a real misery," writes Mrs. Hazen, of Beauport. "At first I felt sort of flat in the morning and could do no more than pick at my breakfast. Later I remember my sleep was disturbed, that dreamy, restless sleep, from which you finally awaken, feeling as if you could never get up. Then I became thin, lost my color, got nervous and fearful about nothing, and kept thinking about myself all the time, and was irritable, cross and easily made cry. What would have become of me if I had not taken Ferrozone I can't imagine. Ferrozone put new life into me from the start. It strengthened my nerves and brought back my color, and in a little while, less than three months, no healthier and brighter woman could be found anywhere. I highly praise Ferrozone and advise sick people to take advantage of its health-conferring properties."

Ferrozone quickens the powers of both body and mind, simply because it forms lots of blood that's full of life and vitality. Ferrozone creates appetite, gives strength, vim and endurance, it's good for old people, good for everybody that needs better health. Thousands of men, women and children use Ferrozone every day and all say it's the best nourishing, strengthening tonic made; try Ferrozone yourself, 30 cents per box or six boxes for \$2.50. Sold by all dealers.

Foster. "It has no set creed. Every one can believe privately as he sees fit, and, as a minister, has the right to advocate his beliefs.

"If there can be no heresy in the Baptist Church, how can they take away my ordination papers? Who will take them away? If some one should demand them I would be in great difficulty, for I have not seen them in twenty years, and don't know where they are.

"The conference is in the nature of a ministers' club, so that lack of membership in it does not affect one's standing in the ministry.

The professor said that neither he nor his son would attend the meeting that will decide the issue.

THE GOULD CASE

Mrs. Gould Says She Will Refute the Testimony of Servants.

New York, June 15.—Evidence to justify Howard Gould in separating from Katherine Clemmons Gould, was begun today in the hearing of her suit for separation and alimony.

Most of the evidence bore upon the conduct of Mrs. Gould at her home, 400 Madison street, where she and Mr. Gould alleged and servants testified that Mrs. Gould had made such use of intoxicants as to cause Mr. Gould to absent himself, not to return except upon conditions that his wife would refrain from humiliating him before his friends.

Mrs. Gould has asserted that no prominent society woman's reputation is safe in the hands of her servants, if their testimony is to be accepted against her and that their testimony in this case will be rebutted. Mrs. Gould came into court today attired as usual in black, and sat at the counsel table near Clarence J. Shearer, her attorney. When Mr. Gould entered he walked rapidly to a chair next to Delancey Nicolli, his counsel, and sat down, declaring that he had no objection to the testimony of the plaintiff or the defendant.

MONTREAL SHERIFF DEAD.

Montreal, Que., June 15.—The death took place somewhat suddenly this morning of Hon. J. R. Thibadeau, sheriff of Montreal. Mr. Thibadeau was appointed senator in 1878 and had been sheriff ever since. He came of Acadia stock and was born in 1837. He was for many years interested in the wholesale drygoods business. He also for many years took a prominent part in politics in the Liberal interests.

ROUND UP BUFFALOES.

Butte, Mont., June 15.—A unique round-up will start today on the Flat-head Indian reservation in Western Montana, when the Pablo herd of buffaloes will be corralled and driven to the big stockade in Ravalla. The animals will be loaded on specially constructed cars. A number of the finest specimens will go to the Canadian National Park. Others of the animals will be shipped to eastern parks.

OPENED NEW HOME.

Walkerville, June 15.—Several hundred persons attended the formal opening of the boat club's new home last night. Among those who took part in the ceremonies were Mayor Chiffer, of Walkerville, and Mayor Wigle, of Windsor, both of whom made appropriate remarks.

EMPERORS TO MEET IN FINNISH GULF

William and Nicholas Not Likely to Discuss Change in Grouping of Powers.

St. Petersburg, June 15.—Premier Stolypin, Foreign Minister Iswolsky, Count Von Pourtales, the German ambassador, and the German military and naval attaches, left here today on board the Russian imperial yacht Polar Star to join Emperor Nicholas in Pitkaps Bay, where the meeting between Emperor Nicholas and Emperor William of Germany will occur tomorrow. Emperor William already is on his way to the rendezvous.

Pitkaps is a little retired bay on the south coast of Finland, about 60 miles from St. Petersburg. It has been chosen by Emperor Nicholas as his summer yachting headquarters on account of its climate, natural beauty and seclusion, a few Finnish villagers being the only inhabitants of the region. The meeting of the two emperors in 1906 occurred in this same vicinity. All the conferences and festivities will be held on board the yacht Standard and Hohenzollern, the former with the Russian Emperor, and the latter with the German Emperor on board.

Information gleaned from competent Russo-German sources bears out the intimation conveyed in these dispatches when the meeting was first announced, that the importance of the visit lies in the manifestation that friendly relations between the two emperors have not suffered by the recent friction over the Balkan situation. No change in the grouping of the powers or general lines of policy is contemplated, and it may be stated in this connection that the widely-heralded "menace of war" with which Germany ended the Balkan crisis really consisted in mediation, undertaken at the initiative of Russia to prevent an Austro-Serbian conflict.

It is stated that the conference between the two monarchs and their ministers will touch upon a number of questions in which Russia and Germany are jointly interested, notably the Polish problem and the ultimate policy with regard to the Balkans and Turkey. The Cretan question also may be incidentally discussed. It is authoritatively denied, however, that the reports from Persia will be taken up. Neither will Emperor William endeavor to mediate between Austria and Russia. The recall of the recent conflict is still too vivid to justify an attempt to improve the relations between these two countries. Emperor Nicholas may meet Emperor William in the matter of technical development of the German navy.

A SEAFORTH WEDDING.

Seaforth, June 15.—The wedding took place quietly at St. James' Catholic Church, Seaforth, today, of Miss Nan Killoran, youngest daughter of Mrs. Winifred Killoran, of Seaforth, to Mr. Edmund Clear, eldest son of Mr. Francis Clear, of Windsor, Ont. Owing to a recent bereavement in the bride's family, only the immediate relatives were present.

NEW ROAD PROJECTED NEW YORK TO CHICAGO

United States Eastern Lines Badly Scared by C. P. R. and Head Off Competition.

Chicago, June 15.—F. A. Delano, president of the Wabash, stated today that if the control of the road had passed out of the Goulds' hands he was not aware of the fact. He was, he said, unable to account for the rise in the market value of its securities, which might indicate that something new was being contemplated. People who are best informed in railway circles seem to think that back of the flurry in the Wabash securities is a project to establish a new through Chicago-New York line and to prevent such a line being established by Canadian interests. That the Canadian Pacific recently negotiated tentatively for the purchase of the road is asserted by some. It is understood that it was the Canadian Pacific, also, which was back of the projected Buffalo, Rochester and Eastern road, which the public service commission of New York State refused to permit to be built. That refusal was made the basis of fulsome praise on the part of many railroad men, who said it marked the beginning of the end of the time when competitive railroad construction would be allowed in this country where there were sufficient existing railroads.

On the other hand the influence of the New York Central lines was seen by some in the defeat of the project. It was stated that the Canadian Pacific road had an option on Wabash stock sufficient to secure control, and that the Buffalo, Rochester and Eastern was being planned to complete a new transcontinental road from Winnipeg to the seaboard. The other American link in the event of such a line would be the Wisconsin Central, which was recently acquired by the Canadian Pacific.

The Wabash sustains close traffic relations with the Lackawanna road, and it is rumored that the thwarted move of the Canadian Pacific road so frightened the management of the Lackawanna, that it at once started out to secure control of the Wabash to prevent its passing into other hands, and thereby shutting the Lackawanna out of its principal Chicago connection. In fact, it is asserted, all the eastern roads combined to see that the Wabash was taken care of so as to prevent the possibility of such a Canadian invasion as recently threatened them.

The thought of a Canadian road having a transcontinental route from the great wheat fields of the Northwest, through Chicago to the seaboard, was sufficiently startling to arouse all eastern management.

The customs service of China estimates the total population of that country at 458,214,000.

TURKS CLASH

The Friendship of Germany and England Said To Be the Issue.

Constantinople, June 15.—A council of ministers was held last night to deliberate on the foreign policy which Turkey ought to follow. Hilmi Pasha, grand vizier, supported by Ferid Pasha, was of the opinion that the old Germanophile line of conduct should be followed, while cultivating good relations with the other powers.

Rifaat Pasha, minister of foreign affairs, however, declared categorically in favor of an Anglophile policy, explaining that Germany could be of no help to Turkey in case England, irritated at her Germanophile policy, should create embarrassments for Turkey throughout her vast empire.

This divergence of opinion, which exists at present on a limited scale, will shortly take an acute turn, and the ministry, which was to have been partially reconstructed shortly, may soon have to resign. It is certain that the opinion of Rifaat Pasha will not be carried out so soon, for Gen. Scheffer Pasha, who at present real-ly holds the supreme power, could accept the office of grand vizier, continuing, according to his inclination, a Germanophile policy.

Opinion in Parliament is very divided, and cannot have decisive action. The locum tenens of the Bulgarian Exarch has declared that he will imitate the Oecumenical Patriarch in protesting against the intentions of Parliament, providing for the abolition of the national and ecclesiastical Armenian Patriarch, declaring that the article of the constitution providing for the nationalization of various foreign nationalities in the empire would never be tolerated, for it is a question of life and death.

STRATHCONA WINS SUIT

Case Involving Ownership of Western Property Is Decided.

Winnipeg, Man., June 15.—The important suit of Rowan vs. Lord Strathcona and Mount Royal, involving the ownership of the Silver Heights property, came to a sudden conclusion before Mr. Justice Mathers this morning, the case being dropped. When the case was called, M. G. MacNeil, for the plaintiff, stated that plaintiff had no evidence to offer, consequently judgment was entered for the defendant with costs. The judgment declares that plaintiff has no estate or interest in the lands in question in the action, and directs that the caveat and "lis pendens" filed by the plaintiff be discharged, and the action dismissed with costs.

Millions in Hidden Wealth.

It is the belief of Lieutenant-Governor Tweedle that the hidden resources of Canada have been merely scratched. This is an absorbing topic discussed in his article, published in the June 19th issue of COLLIER'S.

"MIND YOUR OWN BIZ AND LET IT ALONE"

Colored People at Bennett's Last Week Are in Trouble in Toronto Now.

Toronto, June 15.—When the police went into a lodging-house at 113 York street yesterday afternoon they "made a hole" in the cast of the troupe which is doing "Uncle Tom's Cabin" at Shea's in London, the week previous. Five of the members of the company were taken to headquarters, but subsequently two were let off, which made things better for the show. The people were arrested in connection with a ring-switching case at the establishment of M. Moss, 70 Queen street west.

Three of the colored women went into the place Monday afternoon, one of whom was Georgina Payne, aged 21. She told the clerk that she wanted to purchase a pair of earrings. The party took some time in deciding just what they would like, and finally the dealer found that a diamond ring, a sapphire ring and gold forester's emblem were not in their right place, and a final look about showed that they were not in the store. The police were then notified.

Yesterday afternoon Detectives Kennedy, Guthrie and Murray went to the York street lodging-house and questioned the three women. Everybody denied any connection with the affair at first, but afterwards the Payne woman admitted. In the meantime two of the detectives followed Thomas Delaney and James E. Jackson out of the house and watched them hide a small parcel in a lane near by. They afterwards discovered it and found it contained two rings and the emblem which were missing from Moss' store. The two men were charged with receiving stolen property and the woman was charged with the theft. When searching Jackson the detectives found twelve small tickets for jewelry.

CONSPIRACY CHARGE

Former Bank Manager Arrested in Connection With Forgery.

Quebec, June 15.—William P. Lindsay, former manager of the Levis branch of the Bank of British North America, was arrested at noon in connection with the Levis forgery, for which Geo. Atkinson was tried twice, being acquitted in the first instance, and the jury failing to agree in the second. W. P. Lindsay, who is a young man highly connected in Quebec, is accused of complicity in the forgery that led to the foredoom of the Bank of British North America, involving the sum of \$9,000. During the trial of young Atkinson several important witnesses showed themselves from the city, and there was the alleged compounding of a felony by the payment of the notes held by the Bank of British North America under most extraordinary circumstances.

Str. Lomer Gault, Premier and Attorney-General of the province, is

determined to bring every phase of the forgeries to light, and if possible punish the guilty parties. Several persons high up in social circles are said to be implicated. Ex-Manager Lindsay, shortly after his arrest, was admitted to bail. Messrs. G. G. Stuart, K. C. and C. A. Pentland, K. C., signed the bonds.

THE REV. DR. DICKIE CALLED TO CHATHAM

Presbyterian Church Wants Minister From Woodstock.

[Special to The Advertiser.]

Chatham, June 15.—A capital band concert and dance were held in the Armories last night, and a good number of young couples took advantage of the excellent condition of the floor. The Regimental Band furnished the music, and the gallery was well filled with spectators. There was also a band concert at Erie Beach, and the special cars were crowded.

The young ladies who have opened a tea room in the Scane Block for four days, did a great business yesterday afternoon and evening, and considering the excellence of their fare, this is not surprising.

A call has been extended by the congregation of the First Presbyterian Church to the Rev. Dr. Dickie, of Woodstock.

The Sons of Scotland met in the Auditorium last night.

Yesterday afternoon between the Hardware Clerks and Gray's Factory team, resulted in a win for the Hardware Clerks, the score being 11-7.

Saturday is to be tag day for the General Hospital in Chatham. It is announced that even horses and automobiles will be tagged on that day.

A Marathon race will be run in connection with the McKeough School picnic on Friday. The course will be along St. Clair street.

Edward Oliver, Ph.D., of Toronto, is spending a few days with his parents on Joseph street.

Almost a record number of June weddings are to take place in Chatham today.

THE STRAWBERRY CROP.

St. Catharines, June 15.—Strawberry growers here have started shipping.

The samples are excellent, and the prospects for a bigger crop than for some years. Rain, however, is badly needed, the growers say.

Don't Grow Old

Keep Good DIGESTION and an Active Liver with

Abbey's Effervescent Salt

SOLD EVERYWHERE.
