\$1500 LOSS IN FIRE YESTERDAY
The residence of James Chisholm, which is situated on Mill Street near the bridge was badly damaged by fire which broke out at about 11.15 yesterday morning. The fire brigade suspended with their usual promptness but were delayed several minutes when the apparatus got temporarily stuck in a boggy piece of ground near the burning house. For a time the blaze threatened other dwellings nearby but when two streams of water were got into play the danger was soon averted.
The Chisholm house was badly gutted inside but the frame of the building is still intact. The damage which is partly covered by insurance will probably reach \$1500. The owner's loss, however, will be considerable as the rapid progress of the blaze, aided by a stiff breeze, made it impossible to save any of the furniture or household effects.

Campbellton's Fifth Fair Is Now In Full Swing
Opened By His Worship Mayor McKay Yesterday Morning—Fine Exhibits This Year—New Records Made.

Campbellton's fifth annual Fair held under the auspices of the Soldiers' Memorial Hospital Aid was officially opened in the Gladding Rink building yesterday morning at 10.30 o'clock and from all evidences at hand this year's event gives promise of surpassing in its result even the splendid successes of previous years. Yesterday's receipts alone amounted to over \$1000.

Attendance Good.
Despite the fact that the opening was held in the busy afternoon hours yesterday a very good crowd attended the opening ceremony yesterday morning. The activity in the big building steadily increased as the day advanced and with the arrival of evening great throngs filled the rink. Last year's patronage was large but it is possible that the attendance this season may yet break all previous records.

New Record Established
A new record has already been established in the dining room. The attendants catered to a fine crowd yesterday for dinner but last night at the supper hour all previous records were left behind. It is understood that more suppers were served yesterday than during the whole three days of last year's event.

Gave Brief Review
Besides His Worship Mayor McKay who officially declared the fair open yesterday morning, Judge McIntyre was the only speaker. After remarks appropriate to the occasion His Honor gave a brief review of the history of the hospital movement from its inception in 1918 up until the present date.

Quoting from the hospital's first annual report, just issued, the speaker recalled to the mind of his audience the magnitude of the venture and showed what wonderful success had crowned the untiring effort put forth on behalf of the venture. Citing these hospital statistics His Honor reviewed the splendid work which has been and is being accomplished by the Soldiers' Memorial Hospital and concluded with an eloquent plea for a steady continuance of support.

Attractive Decorations
The interior of the rink has been beautifully decorated for the occasion and these decorations harmonizing with the wonderful display of attractive booths make the conspicuous building a riot of colors. On the right side just inside the entrance is situated the large dining hall which is sufficiently spacious to accommodate at least two hundred people at once. The

Farm Produce
On the opposite side of the building are booths displaying butter and eggs, large vegetables and other of a smaller variety, preserves and pickles and fruit. These different booths are very tastefully arranged and the numerous exhibits are up to a very high standard. Near at hand is the office of the vegetable department which is neatly furnished and presided over by competent executives.

Games and Amusement
In front of this long vegetable counter, space has been set aside for

ARRESTS EXPECTED IN GOODIN CASE
Investigation Being Continued—Definite Action Expected In a Few Days.

(Special to Graphic)
Bathurst, Oct. 4.—According to word received here this morning some definite action is expected in a day or two in connection with the death of James Goodin whose body was found among logs near the highway bridge at Jacquet River some weeks ago. Hon. James P. Byrne said yesterday that no arrests had been made or ordered but that investigations are still being carried on and he expected some definite action by the last of this week.

The coroner's inquest resulted in a verdict that death was from an unknown cause and representations made by the deceased's father resulted in the body being exhumed upon orders of the Attorney General and the examinations of the remains resulted in a report by doctors to the Attorney General that the skull had been fractured and that there were signs of blows from kicks upon the body.

All this indicated that Goodin had met his death in a fatal scuffle upon the bridge and that his assailants placed the body upon the logs where it was later found.

RUN-OFF YESTERDAY NEAR ST. OMER

Traffic Blocked Several Hours—Passengers Arrive Here In Row Boats

The regular passenger traffic on the Quebec & Ontario Railway between Matapedia and Gaspé was interrupted yesterday afternoon when a freight train westbound left the rails near St. Omer. The run-off was caused by one of the cars loaded with lumber jumping the tracks. Before the train was brought to a halt another car also left the rails and several lengths of track were torn up. One of the derailed cars swung crosswise on the track and it was some time before this obstruction could be removed as no crane was available to clear up the wreckage. No one was injured in the accident.

Word of the run-off was despatched to officials of the westbound passenger train at Irtishtown, just west of Grand Casapedia and section crews and necessary material was taken on at different points. The line was cleared about five hours after the accident and passengers enroute to Campbellton arrived here at 12 o'clock last night having secured passage across the river in row boats. Regular traffic on the Q. & O. was resumed this morning.

Lo. Inspectors Will Be Discharged
Premier Personally Investigated Conditions Here—Denies Statement of W. D. Wilson Re Liquor Shipment.

In a statement issued yesterday, Sunday night's meeting the Premier said: "It is not my intention at the present moment to discuss the question of whether or not a proper effort is being made to enforce to the hilt the Liquor License Act of this Province. That question I will discuss at the proper time and place. But I do not intend to allow Mr. Fraser, Mr. Wilson or any other advocate of prohibition to make statements in public, which are absolutely false in their endeavor to prove that the law is not being enforced."

Relative to the decision of the meeting to send a delegation to the Premier to protest against violations of the prohibitory law in Campbellton, Hon. Mr. Veniot declared that if the Temperance Alliance had made inquiries it would have found out that there was no need to send a delegation to him, for, he says: "Several days before Mr. Fraser and Mr. Wilson spoke in Campbellton, having heard that the law was not being properly enforced in that town, I personally investigated these reports and, as a consequence, the present inspectors have been notified that their services will be dispensed with owing to their inefficiency and that two new men will be appointed."

Speaking of the published report of

Declares Statement False.
"As an example of the statements advanced by Mr. Wilson, I wish to quote what he said in reference to the order-in-council passed a month ago touching the abolition of bonded warehouses for export in the province of New Brunswick. If reported correctly he said: "It appears that it (order-in-council) was not to become effective until these warehouses had time to get clear of their stock, and yet, only last week, a ship unloaded a cargo of some 8,000 (Continued on page 4)

Trinidad to Ontario.
As a suggestion of how far the fame of Moir's Chocolates and Biscuits is spreading, one day brings orders from Trinidad, from St. George's, Newfoundland and from as far as well as from Ontario. This particular day there were none from Western

Provinces but on others shipments as far as British Columbia run in to you.
"What sort of the turkey do you eat for?"
"I'm not fussy, just give me some of the meat."
"That's the way many people feel about Moir's Chocolates—Hard Centre, Soft Centre, milk and fruit—it doesn't matter as long as they are Moir's."
"That's a great idea! Moir's Big Sale is on for a month. Ask for them under the name Moir's Station."

The Contents
of a letter is not everything in social correspondence. The quality of the stationery you use has much to do with the impression your letters make for good or ill. Don't be without the best.
