SASKATCHEWAN!

We have received instructions from MESSRS. MORPHY & NIVEN, Agents for the Toronto and Rapid City Land and Trading Company, Limited, to sell by Public Auction at the Exchange, ABOUT THE SECOND WEEK IN APRIL, the date of which will be announced shortly, a number of Choice Building Lots in SASKATCHEWAN, MANITOBA.

SASKATCHEWAN, is on the North East Section 15, Township 13, Range 20 West, where a station was located by Wm. Murdoch, C. E., in September, 1880. It is beautifully situated on the Little Saskatchewan River, 24 miles north of Brandon at the point at which a railway can cross the river, and must draw into itself Rapid City and any other village that may be started in the neighborhood. The river has the best water power in the Province adjoining the town site. The surrounding country is already well settled with a class of farmers, who are rapidly bringing the soil under cultivation. They will, therefore, require a market to dispose of their produce; and as Saskatchewan is so favorably located it is beyond all question, that a large amount of timber to be had within easy distance. Taking into account all the above facts, we have every confidence in saying that Saskatchewan is destined to be one of the great cities of the future, and that at no distant day, Investors who buy now will reap the large profits that are sure to be made, and will not have to pay the advanced price that will be asked in the coming summer.
