COULD SCARCELY WALK. A Rheumatic Sufferer Cured by Dr. Williams' Pink Pills.

Rheumatism is rooted in the blood—that is a medical fact every poor rheumatic sufferer should know. Liniments matic sunerer should know. Infinitely and outward applications cannot possibly cure rheumatism. They are a waste of money, and while the sufferer is using them the disease is steadily growing worse—is slowly but surely taking a firmer grasp upon the entire system. Rheumatism must be treated through the blood. That is the only way in which blood. That is the only way in which the poisonous acid can be driven out. Dr. Williams Pink Pills actually make the poisonous acid can be driven out. Dr. Williams Pink Pills actually make new blood and thus always cure rhetmatism. Every dose of these pills helps to make new rich red blood which sweeps the poisonous acid from the system, loosens the aching joints and muscles and gives the rheumatic new health free from pain. Among those who can bear witness of the truth of these statements is Miss Dorsina Langlois, of St. Jerome, Que., for weary months she suffered from rheumatism and had begun to think she was incurable. "I could not straighten up" says Miss Langlois, "My limbs were almost useless, so stiff were they. For many months I endured such pains as only rheumatic sufferers can understand. Although, only thirty years of age the suffering I endured actually made me look like an old woman. I used liniments and tried several medicines but got not the slightest help until almost by chance my attention was directed to Dr. Williams Pink Pills. I began taking them and in the course of a few weeks I could see they were helping me. Little by little the pain beran to go, and the could see they were helping me. Little by little the pain began to go, and the stifiness to leave my joints. I continued taking the pills for several months when every symptom of the trouble had disappeared. I have not felt a twinge of rheumatism since, and I bless the day Dr. Williams Pink Pills came to my

Dr. Williams Pink Pills never fail to cure rheumatism because they go right to the root of the trouble in the blood. the root of the trouble in the blood. That is why these pills cure all the common ailments due to poor and watery blood, such as anaemia, headaches and backaches, indigestion, neuralgia, St. Vitus dance, general weakness, and the distressing irregularities that afflict women and growing girls. If you need a medicine you will save money by taking Dr. Wılliams Pink Pills at once. #### Canada's Great Transport Line at Jamestown Exposition.

Norfolk, Va.—Among the interesting transportation exhibits at the Jamestown Exposition, to be held on the shores of Hampton Roads near Norfolk, in 1907, will be that of the Grand Trunk Railway, the pioneer road of Canada and the only double track system of that country. Not only is this road to participate in the transportation display at the Ter-Centennial, but they will have a special building to house their extensive exhibit. Ithough the headquarters of this immense system is located in Canada, the company intend to have a display second to none, and with this in view, they will erect a handsome building in a central location of the exposition grounds.

location of the exposition grounds.

The decision of the company to participate in the Exposition makes them the second Trunk Line to determine upon such a course, the Southern Railway having decided to display a splendid exhibit such a course, the Southern Railway hav-ing decided to display a splendid exhibit of the varied resources along its thousand of miles of track. The Baitimore and Ohio Railroad are considering an exhibit in engine construction, the plan being to give a graphic illustration of the progress made in this line of industry, by exhibit-ing the first engine ever used by the B. & O. alongside of one of their present day

The exhibit of the Grand Trunk Rail-road will be unique in that it will contain enlarged pictures of the summer resorts, along their tracks, beautifully executed by noted artists, which in themselves will by noted artists, which in themselves will be works of art, specimens of fish, game and other products so abundant in the regions through which the system passes will all be displayed. The feature of the display, however, will be the mineral exhibit. One from the great mines at "Cobalt," and "Ontario," called the "New Silverdale" on account of its great wealth of ore, will be made. This mine was opened last year and is considered one of the richest silver fields in the world,
