The county police are investigating a complaint laid by J. A. McLean of Wyoming, who, while returning from London via the Sarnia gravel road on Friday evening, found the roadway strewn profusely with broken glass. Mr. McLean reported encountering the glass a short distance west of Warwick Village and that for about 200 feet the entire width of the roadway was covered with glass, several bushels of bottles, etc., evidently having been used for the purpose. The crown attorney was communicated with and the case placed in the hands of the police.
