Foreign Missions of the Protestant Episcopal Church.

FROM 52d Annual Report, closing Sept 1st, we glean the following facts and figures:

In Japan the advance is rapid. In Africa, notwithstanding the political disturbance at the lower end of the Missionary Jurisdiction of Cape Palmas, the workers are brave and true and the work is being systematically prosecuted; not only in the localities with which the Church has been familiar for years, but also in the regions beyond. In China, the evangelistic work, largely conducted by the native clergy, as well as the parochial work among the converts, and that of the day and boardingschools and St. John's College, and

the medical mission, each has its own story to tell of diligence and encouragement, notwithstanding the publications during the year which have given the impression that the work in China is suffering. Bishop Holly makes his own report of the labors of himself and of his little band of clergy in Haiti. It is a story of energetic labor amid discouraging conditions and with limited re-All of these statements sources. will be fully borne out by the particulars that will be submitted. Still the call is for more workers. The fields are indeed white unto the harvest. We thank God that the whole Church is praying, in the Litany, that the Lord of the harvest will send forth laborers into his harvest.

^{*}From Church Almanac.

This table shows the exact resources for Foreign Missions of the Board of Managers since its organization in 1877. During the decade there have been but three years in which the contributions for the general work have exceeded those of the past year, and in two instances that excess is accounted for in the table. At the same time the amount received from legacies available for the work of the Society in Foreign Lands is much less than in any other of the ten years named.

The total receipts of the Domestic and Foreign Missionary Society for the year were \$402,440.52, a decrease of \$1,732.45 from previous year. The receipts for Domestic Missions were \$219,439.33.

No less than eight of the missionaries of the Board have died during the year, while seven ordained and three medical missionaries, and six lady teachers, have permanently withdrawn during the same time. To strengthen the posts weakened by this depletion, the Board has sent out during the year seven ordained
