

# PUTTNER'S EMULSION

## Of Cod Liver Oil, Etc.,

Is recommended by very many of the Physicians of the Dominion of Canada and the United States, by almost every Druggist, and by many Clergymen, Lawyers, Teachers and persons in every calling and class of life, all testifying to benefits received from the use of this very popular medicine.

PUTTNER'S EMULSION is not a secret medicine, but is composed of COD LIVER OIL, assisted in its actions by PANCREATINE and the HYPOPHOSPHITES OF LIME AND SODA combined in such a manner as to be acceptable to the stomach and easily digested.

The curative effects of COD LIVER OIL have been so thoroughly established that no one can be found to dispute its healing properties in cases of Consumption, Asthma, Bronchitis, Rickets, Anæmia, Scrofulous and Wasting Diseases, Mental and Nervous Prostration, and all Diseases arising from Impoverished Blood and a weak state of the body.

The greatest drawback to the use of COD LIVER OIL in its pure state is its very disagreeable taste; this has been entirely overcome in the composition of PUTTNER'S EMULSION, which can be taken and retained by the most delicate stomach.

PUTTNER'S EMULSION is also much more effective than the pure oil, the globules of oil being so minutely divided, and being very materially assisted in its action by the addition of PANCREATINE and HYPOPHOSPHITES.
