

IMPORT SEASON, 1890.

Fancy Goods.

These will comprise a very complete and select assortment of all kinds of the articles, together with some **Elegant Designs** brought out only this year.

To particularize in this department would occupy too much space, and we consider it necessary only to mention that some extremely neat and choice goods will be shown in OXYDIZED SILVER, METAL (different kinds), GLASS, ZYLONITE, CELLULOID, LEATHER, CHAMOIS, PLUSH, VELVET, BROCADE, SILK, SATIN, WOOD, EMBOSSED PAPERS, etc.

THE LARGEST AND HANDSOMEST COLLECTION OF MIRRORS

EVER SHOWN IN CANADA.

Every line we show will be PERFECTLY NEW—the production of this year,—and as we desire to send them on the road all together, we may be later than usual, but we would assure our Customers that IT WILL AMPLY REPAY THEM to wait until they have an opportunity of inspecting them.
