

NEWS AND NOTES.

Catarrh—A New Treatment.

Perhaps the most extraordinary success that has been achieved in modern science has been attained by the Dixon treatment for catarrh. Out of 200 patients treated during the past six months, fully ninety per cent. have been cured of this stubborn malady. This is none the less startling when it is remembered that not five per cent. of the patients presenting themselves to the regular practitioner are benefited, while the patent medicines and other advertised cures never record a cure at all. Starting with the claim now generally believed by the most scientific men that the disease is due to the presence of living parasites in the tissues, Mr. Dixon at once adapted his cure to their extermination; this accomplished, the catarrh is practically cured, and the permanency is unquestioned, as cures effected by him four years ago are cures still. No one else has ever attempted to cure catarrh in this manner, and no other treatment has ever cured catarrh. The application of the remedy is simple, and can be done at home, and the present season of the year is the most favorable for a speedy and permanent cure, the majority of cases being cured at one treatment. Sufferers should correspond with Messrs. A. H. DIXON & SON, 305 King Street West, Toronto, Canada, and enclose stamp for their treatise on Catarrh.—*Montreal Star.*

No one is so blind to his own faults as a man who has the habit of detecting the faults of others.

Andrew King, Proprietor Metropolitan Stable, Halifax, writes that he was confined to the house for several weeks with rheumatic gout, could not touch his foot to the floor; after trying all other remedies applied Minard's Liniment and it cured him in a few days. He says he believes it is the best Liniment in the world for man or beast.

Honest brass has a far more honorable place in the world than sham gold; and the tawdriest of all tawdry things is a flashy imitation of what is really valuable.

ADVICE TO MOTHERS.

Mrs. WINSLOW'S Soothing Syrup should always be used for children teething. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for diarrhoea. 25c a bottle.

A statistician estimates that courtship average three tons of coal each, and Minard's Liniment will cure aches and pains wherever they exist. Price only 25c.

It seems to be pretty well understood that children must be sick at times, we would say to all anxious mothers that Nestle's Milk Food is an excellent preventative of cholera infantum, and all such complaints so common to children.

Edwin Alden & Bro., Cincinnati, O., and New York City, have just issued a very beautiful and attractive Illustrated School Catalogue containing newspaper lists, and some valuable suggestions in the direction of using illustrated advertisements. Many sample illustrations of leading colleges in various parts of the country are given with the expenses that would be entailed by using large engravings in connection with newspaper advertising. The Catalogue is quite artistic, and will be sent free on application.

There is nothing nobler in man than courage; and the only way to be courageous is to be clean-handed and hearted, to be able to respect ourselves and face our record.
