LEONARD SCOTT & Co's LIST OF

British Periodical Publications.

Delivered in all the principal Cities and Towns, FREE OF POSTAGE, and forwarded to Mail Subscribers in Canada, Free of United States Postage.

- The London Quarterly Review (Conservative.) The Edinburgh Review (Whig.) The North British Review (Free Church.) The Westminster Review (Liberal.) Blackwood's Edinburgh Magazine (Tory.)

Although these works are distinguished by the political shades above indicated, yet but a small portion of their contents is devoted to political subjects. It is their literary character which gives them their chief value; and in that they stand confessedly far above all other journals of their class. Blackwood, still under the fatherly care of Christopher North, maintains its ancient celebrity, and is, at this time, unusually attractive, from the serial works of Bulwer and other literary notables, written for that magazine, and first appearing in its columns both in Great Britain and in the United States.

Table with 2 columns: Terms, Per. an. For any one of the four Reviews \$3 00, or any two of the four Reviews 5 00, For any three of the four Reviews 7 00, For all four of the Reviews 8 00, For Blackwood's Magazine 3 00, For Blackwood and three Reviews 9 00, For Blackwood and the four Reviews 10 00.

Remittances and communications should be always addressed, post-paid, to the Publishers,

MR. CHARLES RAHN.

SURGEON DENTIST,

BEGS to acquaint his numerous friends, and the public generally, that he has just returned from New York, where he has been spending some time with Professor John Allen, of the College of Dental Surgeons, Cincinnati, from whom he has been acquiring a knowledge of the late great improvement in Dentistry, viz: that of uniting single teeth to each other and to the plate upon which they are set, by means of a fusible silicious cement, which is flowed in and around the base of the teeth upon the plate in such a manner, as to form a continuous artificial gum. By this method the cavities between the teeth, which are unavoidable in the old style, are completely filled up leaving no chance for secretions of any kind, and giving a perfectly natural and life-like appearance to the gum and teeth.

Specimens may be seen at his Office, on the corner of Bay and Melinda Streets. Office Hours from 9 a. m. to 6 p. m.

Terms—Cash—without exception.

This important improvement has been patented by Dr. Allen in the United States, and steps have been taken to procure Patents in England and France. Dr. A. has authorized Mr. Rahn to give instructions in this beautiful art to educated gentlemen in the profession, on moderate terms.

N.B.—Mr. R. offers a friendly challenge to all the Dentists of British North America to compete with him at the approaching Provincial Exhibition, for a Gold Medal, value £12 10s. to be left to the judgment of the Professors of Toronto University, and of Trinity College.

The whole Stock being manufactured in his premises, with every advantage for cutting and making up, is most calculated for giving satisfaction to buyers.

J. C. has a few maxims in the management of his daily increasing business, which from principle he cannot deviate from, viz:

- On all occasions speaking the truth, whether in favour of the buyer, or against the Seller. Serving a customer in a way that secures their calling again should an opportunity present itself. Dealing with others in a way that he would wish others to deal with himself.—Asking the lowest price at once.

A nimble sixpence is better than a slow shilling. Small profits and quick returns makes a heavy purse.
