Jeffery's Patent Sight Elevators are being used by the majority of the most well known rifle shots.

MR. M'VITTIE, who uses one of these Elevators are a great improvement on the Gun Metal, as they do not discolour, and the Scales are therefore more easily read. MR. C. H. JACKSON, winner of the Queen's Plize, 1886, says: "I unhesiltatingly pronounce your Sight Elevator and Wind Gauge the best I have hitherto seen. Absence of play in the screw, and firm attachment to bar when drwning the line are noteworthy features. I predict that the Perfect Vernier will command a ready sale.'
