Teachers, students, literary circles, and individual readers find it entertaining and instructive.

PRESS OPINIONS.

The success that has attended the publication of *QUERIES* is simply marvellous. It was started as an experiment, but in the short period of less than a year it has attained an immense circulation. Upon an examination of its contents the reason of its widespread popularity is obvious. Though the field is old, yet the conception of its culture is new and unique. The ability that marks its management commends it to scholars, educators, and all persons of a literary taste or turn. Its editorial paragraphs are fresh, strong and suggestive, evincing liberal culture and a facile pen. It richly merits the eminent success it has achieved. It affords another illustration of Buffalo enterprise. — *Buffalo Christian Advocate*.

It fills a peculiar field, and its numbers are of great value for reference. Aspiring, but poor book lovers, are afforded an opportunity of securing a library by this periodical in a manner at once instructive and entertaining. — *Portland Oregonian*.

The field occupied by this monthly is wide, covering almost everything within the range of human thought, and its influence as an educational factor is extraordinarily broad and useful. — *Brooklyn Eagle*.

Families of taste for improvement will do well to study up its questions each month and compare the results they reach with the answers given. — *St. Louis Christian Standard*.

The opening pages are full of pithy information and suggestions on all branches of literature. The questions and answers are interesting and instructive. The reviews, though brief, are carefully written. Every earnest student ought to subscribe to *QUERIES*. — *Montreal Star*.

It treats many important questions in a delightful way. — *Hartford Post*.

It is a magazine that grows on one, and we predict that the person who reads one number will continue to read it. — *Boston Commonwealth*.

"An essay in the highest intellectual morality."

ANNA KARENINA

BY COUNT LEO TOLSTOI.

Translated from the Russian by Nathan Haskell Dole.

Royal 12mo, 750 pages, \$1.75.

ANNA KARENINA

is one of the great novels of the world. It deals with questions which appeal to every man and woman. The young and beautiful wife of an influential official in St. Petersburg suddenly wakes to the fact that she passionately loves a young officer, and that her life with her husband—whom she married as a matter of convenience—has been a long lie. She struggles against the temptation, but at last she yields and goes away with her lover. Not even George Eliot paints with greater power the inexorableness of law. The happiness of the lovers at first is complete; but Anna is jealous and exacting from the very reason of the unstableness of her position, and the downward path is sure and terrible.

The story gives the most vivid picture of Russian life that has ever been painted; high society in Moscow and St. Petersburg; balls, races, garden-parties, military fetes, skating scenes, weddings, and the inner life of the great are shown with photographic detail. The author also dwells with delight on the life in the country; the Russian peasant is seen here in all his fascinating quaintness, with his proverbial philosophy, his songs, his superstitions, and his natural simplicity. The practical illustration of co-operative farming will interest every farmer and working-man in this country, where the labour question is engaging so much attention.

It has gone through several editions in Russia, and the French paraphrase, though scarcely doing justice to the original, has gone through two editions in as many weeks. The present translation very fairly represents the original. It has been made by Mr. Nathan Haskell Dole, editor and translator of Rambaud's History of Russia, and for five years literary editor of the Philadelphia Press.

DAGONET THE JESTER.

One of the most excellently conceived tales we are acquainted with. The story is very simple; just a love tale of a poor jester who has been expelled from his lord's castle, a blacksmith's son who becomes a scholar, and two simple, good English maidens. The poor wife suffers from the corroding poison of a false theology, which makes her dream that good is evil. Pure in heart and simple in thought and deed, she suffers almost lifelong misery—not for any evil deeds she has done, but only because she imagines, without any just cause, that her thoughts have been wicked. The position is by no means an uncommon one in real life, but has seldom been treated by the literary artist. We know no instance where it has been treated so wisely and tenderly as here. — *Academy*.
