

## Appendix 1

## Attachment 2

| CONTENTS                                                   | REMARKS                                                                                                                                                                        |
|------------------------------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 88. ACTIVATION OF<br>CANDEN PLAN<br>AT                     | The use of this figure indicates that the joint operation to follow will be based on the principles laid down in the Joint Marine Pollution Contingency Plan from DTG stated.  |
| 89. CHAIRMAN OR<br>CO-CHAIRMAN OF<br>JOINT SUPPORT<br>TEAM | Name of Chairman or co-Chairman of the Joint Support Team.                                                                                                                     |
| 90. ESTABLISHMENT<br>OF OPERATIONAL<br>HQ AT               | The operational HQ for the joint operation has been established from DTG at location with the following communication facilities (telephone, telefax and telex numbers).       |
| 91. DEACTIVATION<br>OF CANDEN<br>PLAN AT                   | The use of this figure indicates from what time (DTG) the joint operation will come to a formal end. The DTG stated is agreed to after prior consultation between OSC and JST. |
| 92.-98.                                                    | SPARE FOR ANY OTHER RELEVANT REQUIREMENTS OR INSTRUCTIONS.                                                                                                                     |
| 99. ACKNOWLEDGE                                            | When this figure is used, the telex should be acknowledged as soon as possible by the competent national authority.                                                            |
