

PROSPECTUS

OF

The Midland & North Shore Lumbering and General Manufacturing Company.

(LIMITED.)

A Company incorporated under "The Ontario Joint Stock Companies' Letters Patent Act," with an authorized capital of \$1,000,000, for the purpose of amalgamating and consolidating the lumbering interests hereinafter mentioned, and for the working of the same, and for the general manufacture of lumber and other products, in accordance with the powers given to, and conferred on said Company by the Charter thereof.

For the purposes aforesaid there have been amalgamated and consolidated, the lumbering and pine timber properties following :—

1st. The ULLYOT, SADLER & COMPANY pine timber limits, mill, and properties, (for particulars of which see page 1).

2nd. The SMITH & McDUGALL pine timber limits and properties, (for particulars of which see page 2).

3rd. The GIBBS & BEATTY pine timber limits and properties, (for particulars of which see page 2).

DESCRIPTION IN DETAIL OF THE FOREGOING PROPERTIES.

1. The "ULLYOT, SADLER & COMPANY" property, owned and worked by Dalton Ulyot of Peterborough, William Needler and Thomas Sadler of Lindsay, and Robert Charles Smith of Port Hope, consists of :
 - (a). A large steam saw-mill, situated at Harwood, on Rice Lake, in the County of Northumberland and Province of Ontario. This mill contains 5 gates, (viz., 2 slabbers, 2 gangs and 1 yankee), together with edgers, trimmers, lath and picket mills, &c., &c., and is capable of cutting 200,000 feet in every 24 hours. It is driven by four engines, two of which are direct attachment engines, each of 35 horse-power, a third of 20 horse-power, and a fourth of 55 horse-power, supplied by a battery of six large tubular boilers.
 - (b). To this property is attached 20 acres of land and 13 tenement houses, and the property is connected with the Cobourg, Peterborough & Marmora Railway by tracks and switches. The mill has booms for the stowage of a large number of logs, and along with the property is a large quantity of plant, consisting of 35 horses, sleighs, wagons, and all the requisite material, appliances and outfit for carrying on a large and-extensive lumber business.
