

I. RECAPITULATION.

The original address on *Animal Sanctuaries in Labrador* was published in the spring of 1911. The *Supplement* was published in the summer of 1912. The present *Plan*, or *Second Supplement*, is now being submitted for consideration to the Fourth Annual Meeting of the Commission of Conservation at the beginning of 1913.

These papers are published for free distribution among those who are interested in the preservation of wild life. They are to be obtained on application to *The Secretary, Commission of Conservation, Ottawa, Canada*. But both the *Address* and *Supplement* are almost out of print.

Communications on the subject itself should be addressed direct to me:—*Colonel Wood, Quebec, Canada*.

I gladly take this opportunity of thanking the many experts whose kind help has given my papers whatever real value they possess. Some of these experts have never been called so in their lives, and will be greatly astonished to find that they are called so now. But when I know they are the thing, why should I hesitate about the name? In any proper meaning of the word there are several first-class "experts" among my friends who go fishing, sealing, whaling, hunting, trapping, "furring" or guiding for their livelihood.
