MRS. PANKHURST IS ALLOWED TO LECTURE IN UNITED STATES TOUR FINISHED, SHE MUST GO

President Wilson and Officials Give Militant Leader Benefit of Doubt as to Whether Her Acts Constituted "Moral Turpitude"—British Government Showed Example of Leniency.

WASHINGTON, Oct. 20.—(Can. Press.)—America's doors were opened today to Mrs. Emmeline Pankhurst, and during the few weeks covered by her lecture engagements the British militant suffragist leader is free to go where she will in the United States. An order releasing the much-discussed visitor from detention at Ellis Island, N.Y., and revoking the deportation order of the special enquiry board was issued today after President Wilson had conferred with Secretary Wilson of the department of labor, and a formal hearing before Immigration Commissioner Caminetti on Mrs. Pankhurst's appeal had been concluded.

Secretary Wilson announced that he and the president had agreed that Mrs. Pankhurst should be admitted "on her own recognizance," with the understanding that she should depart when she had fulfilled her lecture engagements. Both the president and the secretary agreed with Commissioner Caminetti in the opinion that there was an element of doubt as to whether the acts for which Mrs. Pankhurst has been convicted in England constituted moral turpitude, or were political in character.

British Government Lenient.
Commissioner Caminetti tonight issued a formal statement outlining the reasons for his decision in the case. "There is nothing in the record or before me," said the statement, "to indicate that the British Government desires that Mrs. Pankhurst shall be returned to England; and the evidence of record indicates that while she was placed under a sentence of three years' penal servitude, she has served only a small part of her sentence, and apparently no effort has been made to compel her to serve the balance, but as a matter of fact marked leniency has been shown towards the applicant by the English authorities. She has been released on bail, and even temporary asylum when by no doing less consideration would be shown Mrs. Pankhurst than England has displayed."

Limited Liberty.
Mrs. Pankhurst states, and counsel through the case has asserted that she is coming here only for a short visit for the specific purpose of fulfilling engagements to deliver lectures, and that all that is desired is that she be allowed to carry out these engagements.

"Upon carefully considering the entire record and all of the circumstances of the case, I conclude that the best disposition to make of the matter will be to accept the assurances of all parties concerned and admit Mrs. Pankhurst on her own recognizance to depart from the country at the termination of her engagements, and so recommend."

Servia Backs Down

BELGRADE, Oct. 20.—(Can. Press.)—The Servian Government today notified the powers that it had ordered its troops to withdraw immediately behind the Albanian frontier fixed by the peace conference held in London at the conclusion of the first Balkan war.

The step complies with Austria's ultimatum.

CAN COME BACK SULZER'S BELIEF

Will Make "Fur Fly" When He Gets Seat in Assembly—Republicans to Support.

ALBANY, Oct. 20.—(Can. Press.)—A few minutes after the Progressive convention met tonight in New York, Wm. Sulzer issued a statement telling why he had consented to come back to Albany as a member of the assembly.

There never was any doubt but that he could have the nomination if he wanted it, he declared. Nor does he doubt that the first of January will see him back where he began his political career twenty years ago. He and his friends also are convinced that he will go from there to the speaker's chair and thence back to the "People's House."

Tomorrow Sulzer will go to New York to begin a campaign for the assembly immediately, and speak by radio and night up to election time. After that he will accept some lecture engagements up to the first of January. He promised to make "fur fly" if he is made an assemblyman.

According to Chester C. Platt, Sulzer's secretary, Harry Kopp, the Republican nominee for assemblyman from the sixth district, agreed today to campaign for Sulzer. It was too late for him to withdraw his name, else he would have done that, Platt declared.

Rabbi Urged Stay.
The rabbis of every synagogue in the sixth district called at the executive mansion today to urge Sulzer to make the race. With them they brought petitions signed by 3800 voters in the district asking Mr. Sulzer to run. There are said to be only 5700 voters in the entire district.

For a time the former governor refused to give his callers an affirmative answer. He told them that his wife had urged that he get out of politics. Then the rabbi told her it was the duty of the impeached executive to make the race. A statement issued by Platt quoted her as saying:

"Accept. The people call you. Fight for the cause—win or lose."

GERMAN GOVERNMENT AROUSED BY HOLDING OF SUBJECTS AS HOSTAGES

MEXICO CITY, Oct. 20.—(Can. Press.)—The holding of 48 Germans at Torreon by Gen. Francisco Villa as hostages against an attack by the federal forces has aroused the German Government to make strong demands upon the Mexican Foreign Office to insure their safety.

Gen. Villa permitted the Americans to depart from Torreon, but held the Germans, about the same number of French residents, ten or twelve Britishers and several Spaniards, declaring that his purpose was to use them as a foil to deter the federals from attacking the city. He also let it be known, according to advices here, that they would be sacrificed unless the effort to retake Torreon was abandoned.

What action the foreign office proposes to take has not yet been determined.

NEGRO AMUCK WITH A RAZOR SLASHED FOUR AND ESCAPED

Got Into Dispute Over Change in Hotel Bar, Drew a Razor and Got Away After Cutting Four Men.

Enraged by a dispute over the amount of money he had laid on the bar in Smith's Hotel, an unknown negro ran amuck at 11 o'clock last night, slashing four people with a razor, one of whom, John Consworth, a porter at the hotel, lies at a general hospital in a critical condition.

The negro, up to an early hour this morning had not been caught by the police.

Walking up to the bar in Smith's Hotel, the man laid a five dollar bill on the counter and called for a drink. After he had received the drink and his change, he declared that there were two bills stuck together, and wanted more change. He was refused and commenced to show fight, upon which, Consworth, who has been a

porter in the hotel for 14 years, attempted to eject him. Drawing the razor from his pocket, the negro slashed Consworth across the neck, inflicting a deep wound which missed the jugular vein by one inch.

At the door his progress was obstructed by William Mackay, who attempted to hold him for the police, but once more the razor fell and Mackay stumbled forward with a gash in his neck.

The next victim was William Thompson, a merchant, living at 3 Henry street, whom the negro met opposite the Queen City Hotel, at the corner of Queen and William streets. Stepping up to Thompson, and exclaiming, "What do you want?" he slashed at him, inflicting a wound which extends from the neck six inches down the left shoulder.

These three victims were conveyed to the General Hospital in the police ambulance; the fourth received a slight gash in the neck in the barroom, and his name is unknown.

PEOPLE INSISTED THAT DOOR BE UNBARRED SULZER IS NOW BULL DOSE CANDIDATE

So Says Mrs. Pankhurst on Landing in New York, Where She Was Entertained by Mrs. Belmont—Will Not Preach Militancy in America.

NEW YORK, Oct. 20.—(Can. Press.)—Mrs. Emmeline Pankhurst, the English militant suffragette leader, landed on Manhattan Island at one o'clock today from Ellis Island, where she had been detained since last Saturday by the immigration authorities. She had been ordered deported as an undesirable alien, but President Wilson and Secretary of Labor Wilson intervened on her appeal from this decision, and today instructed Anthony Caminetti, commissioner general of immigration, to release her on her own recognizance and without bond. Mrs. Pankhurst now will be able to carry out her contemplated lecture tour in this country. She expects to sail for Europe November 28.

It was hard to imagine that the slightly built, gray haired little woman who stepped ashore from the ferryboat at the Battery was the same person that for several years had caused the British Government so much trouble by reason of her militant tactics in behalf of woman suffrage. "The cause," she said, "is the cause." Also her tranquil countenance and brightness of eye gave no indication that she had gone thru the ordeals of six prolonged hunger strikes to obtain her release from prison sentence imposed for illegal acts committed in England in her endeavors to gain votes for women.

Mrs. Belmont Hostess.
Shortly after she landed Mrs. Pankhurst was taken in an automobile to the residence of Mrs. O. H. P. Belmont, where she had luncheon and was tonight received by the members of a woman suffrage association at the Aldine Club.

Mrs. Pankhurst was highly elated over her release. "The American people did it—it is their will," she said, her face beaming with smiles. "What will the English say?" Then she paid her respects early to Reginald McKenna, the British home secretary, characterizing him as the "chief torturer for England." She said it was not her purpose to preach militancy in this country, but that she would confine herself to the exposition of the treatment accorded the suffragettes in England.

Mrs. Pankhurst was the recipient of demonstration unique in the annals of Ellis Island as she was leaving the immigration station. Men and women employees ran hither and thither to gain points of vantage from which to view the militant leader and the board of special inquiry adjourned its cases that the members of the board and the immigrants might see her as she trudged with steady step and head erect toward the ferry boat and the freedom of the country.

Old New York Constituents Tender Him Nomination for Seat in Assembly, Despite Declaration of Progressives Leaders That Step is an Unwise One.

NEW YORK, Oct. 20.—(Can. Press.)—Wm. Sulzer, impeached as governor of the state, was nominated for the assembly tonight by the Progressives of the Sixth Assembly District. Mr. Sulzer in 1889 began his public career as a member of this branch of the state legislature.

The nomination of the impeached executive was brought about against the desires of state and county leaders of the Progressive party. The sentiment among the Progressives throughout New York and in other states was generally against the move, according to State Chairman Theodore Douglas Robinson and County Chairman Francis W. Bird.

Mr. Bird in a letter to Mr. Steindler before the meeting began cautioned him regarding "the unwisdom of nominating Mr. Sulzer."

However, Mr. Bird pointed out that as 3200 voters in all parties, as he was informed, out of a total of 6000 voters had signed a petition favoring Mr. Sulzer's nomination, such a nomination "if brought about in this way would be more of a neighborhood than a party nomination. It would not be a strictly Progressive nomination, but a nomination by the voters of all the parties in the district, using the vacancy that happens to be on the Progressive ticket for their purpose."

After Mr. Sulzer had been nominated tonight there was a demonstration in the East Side meeting hall. Bands in the street outside played national airs. The nomination was made unanimous, and Mr. Sulzer accepted.

STRUCK BY STREET CAR

Crossing the railway at the corner of Front and John street at 10:30 last night, Lawrence Flinnigan, 40 years of age, of 464 Euclid avenue, was struck by an eastbound passenger car (1634), sustaining a fractured hip and injury to his left arm. He was conveyed to the General Hospital in the police ambulance.

A New Year Success

"Oh! Oh! Delphine!" had a run of an entire season in New York, and from the enthusiasm displayed at the Princess Theatre at the two performances yesterday, it looks as though it would crowd that theatre for a month at least, which goes to show that Toronto is getting to be a Metropolitan City.

DIED AS RESULT OF INHALING COAL GAS

Grace Snelling Failed to Recover, and Her Sister is in the General Hospital Suffering From Effects of Inhaling Fumes From Furnace in Boarding House.

Grace Snelling, aged 22, is dead, and her sister, Dorothy, aged 19, is at the General Hospital in a serious condition, as a result, it is believed, of inhaling coal gas from the furnace in their boarding house at 8 Wilton crescent. Mrs. Williams, with whom the girls were boarding, stated last evening that there was no smell of gas in the girls' room when she opened the door yesterday morning. The police, on the other hand, state that when they arrived at the house there was a perceptible odor of gas all thru the house. At the General Hospital, Dorothy Snelling, who regained consciousness last night, expressed the opinion that it was escaping coal gas which caused her sister's death.

The girls, who came to Canada from England six years ago, moved to 8 Wilton crescent about four days ago from a boarding house across the street. They intended to take positions this morning with a departmental store.

Sister Unconscious.
They retired early on Sunday night. Early yesterday morning Dorothy awoke, but could not understand why she seemed to be in a stupor. She attempted to wake her sister Grace, but found that she was unconscious. Dorothy then groaned, and attracted the attention of Mrs. Williams, who forced the door of the girls' room. The landlady at once summoned several physicians, and the girls were removed to the General Hospital. Dorothy recovered, but Grace died during the afternoon. An inquest has been ordered.

The girls attended Bond street Congregational Church.

HE CONFESSES HUGE SWINDLE

Aged Clairvoyant Got Half a Million Dollars From His Clients in Fifteen Years.

CHICAGO, Oct. 20.—(Can. Press.)—The confession of William R. Russell, an aged clairvoyant, who admits he has swindled clients out of half a million dollars, was made public last night by States Attorney Hoyne. In it Russell reveals the regulation rates for operating with police protection, and names many detectives and a "go-between" to whom he said he paid thousands of dollars.

Russell asserted that he understood this money was to go to the states attorney's office and to high police officers.

Russell, who was arrested Friday at Columbus, Ohio, where he was known as Professor Barr, said he had been a clairvoyant for 15 of his 68 years, and in that time extracted \$500,000 from his victims in many cities. Advising them to invest in fraudulent stocks was his favorite method, he said.

He has been indicted here on charges of operating a confidence game.

THREE AVIATORS KILLED IN A DAY

Two Fell When Machine Capsized and Another Was Drowned as Bi-Plane Fell Into River.

EPINAL, France, Oct. 20.—(Can. Press.)—Lieut. Garnier and Sapper Janot of the Epinal Military Aeroplane depot, were returning from Buc today, when the engine of their monoplane stopped suddenly. The machine capsized and the aviators, falling from a height of 800 feet, were killed.

About the same time Corporal Aviator Dautroche of the same depot, while making a flight near the depot, met with an almost similar accident. The engine of his machine became detached and the biplane turned over and fell into the River Moselle. Dautroche was drowned.

CAPTAIN AND CREW OF BARGE SAVED FROM DEATH IN LAKE AFTER THREE DAYS OF STORM

PURE-BRED STOCK TO BE REGISTERED
Western Canada Live Stock Men Take Steps to Protect Interests.

SASKATOON, Oct. 20.—(Can. Press.)—Demanding representation on the National Record Board for the registration of pure-bred stock, was the most important action of the recently organized Western Canada Livestock Union, while the fair and racing circuit, composed of representatives from Manitoba, Saskatchewan and Alberta at the conventions held today, made some changes in the rules governing races and appointed a committee of fifteen to recommend dates for holding the various exhibitions the coming year.

The Saskatchewan idea prevailed of fixing the basis of representation on the National Record Board on membership and registration fees, instead of the former alone, as recommended by the committee that drafted the letter.

CURRENCY BILL TO BE ALTERED

Number of Reserve Banks to Be Reduced—Wilson Eager to Expedite Measure.

WASHINGTON, Oct. 20.—(Can. Press.)—With President Wilson willing to accept substantial amendments to the administration's currency bill, in the hope of securing speedy action on the measure on the senate committee, supporters of the administration today grew optimistic over the chances for the passage of the measure before the end of the extra session of congress. The president himself, in a letter to Majority Leader Underwood, announced his willingness to consider a proposal for a recess of the house, because he said conferences with members of the senate committee led him to believe the bill would be reported to the senate the first week in November, and passed during the present session.

Republican members of the committee and Senator Hitchcock of Nebraska, were inclined to look upon this plan as too optimistic.

A reduction in the number of reserve banks, fixed by the administration bill at 12, and the removal of the secretary of agriculture and controller of the currency from the federal reserve board, which would control the new currency system, were the amendments which the president let it be known he would not oppose.

Composition of Board.
The proposed amendments would retain the federal reserve board as a strictly governmental institution, but would provide that it shall be composed of seven members, six to be appointed by the president, and to devote their entire time to the work of the board, and the seventh to be the secretary of the treasury. The committee has not yet taken up the question of reducing the number of reserve banks, but suggestions have been made putting the number all the way from 3 to 10.

The proposal for a recess of the house was taken up at the White House, and at the capitol today, and negotiations continued without any definite conclusion.

TO INVESTIGATE VIENNA BUREAUS

Secret Organizations Have Been Found Which Encourage Immigration to Escape Service.

VIENNA, Oct. 21.—(Can. Press.)—Official announcement is made that the great increase in immigration is evidence of the widespread secret organization for encouraging the emigration of persons liable for military service. The emperor has shown much interest in the situation, and has ordered an investigation of all emigration bureaus in Galicia.

Economic conditions in Galicia are so bad owing to heavy taxation and mobilization during the Balkan war that the people have been driven to leave the country, and when permits were refused, resorted to forged papers. By a recent enactment the strength of the army is to be increased, but recruiting is difficult.

Vessel Sprang a Leak, Tow Cable Snapped and Crew Were in Danger of Losing Lives Until They Were Saved by Toronto Life Savers and Barge Was Beached on the Island.

Blown far out into Lake Ontario and battered about during the night by a heavy sea, while water rushed in thru her weakened planking, the barge Silgo finally came to grief off the eastern channel early yesterday morning and was beached in order to prevent her from sinking. The captain and crew of three men remained on board until the lifesaving crew, in charge of Capt. Frank Ward, effected a rescue. But for the pluck and bravery of Capt. Dave McVickers the barge would have gone to the bottom of the lake many miles off shore and the men would have been lost.

The barge Silgo was loaded with rough stone for the docks at Cherry street. She picked up her cargo at Point Anne and with the steamer Lake Michigan as consort started for Toronto.

On Friday last the barge rammed a bridge and divers had to make repairs to her planking. Owing to the unsettled weather the company decided to send along the Lake Michigan with the barge in case heavy weather should be encountered.

Early Sunday evening when about three miles off Bowmanville Captain McVickers shortened sail in preparation for a nasty blow from the east. First Mate Irwin Wood, Toronto, and the crew of two, Frederick Cole, Toronto, and Andrew Walker, Cobourg, went below to strengthen the plank supports.

Tow Cable Snapped.
When the squall struck the ships the Silgo sheered off from the tow set by the Lake Michigan, with the result that the tow cable parted. Darkness fell and the captain of the Lake Michigan could not locate the barge. Laden with her heavy cargo of rough stone the Silgo was buffeted by the heavy sea. The strong gale from the east rocked her to and fro and the stone began to shift. Soon the weak planks gave and the water poured in. The captain ordered the crew to start the steam pumps, and this was done.

Knowing that he must either beach the barge or let her sink in the lake with all on board, Captain McVickers took desperate chances. He crowded on every inch of sail the boat could carry and still hold her masts. The gale had carried him many miles out of his course, and also he could not by any means secure his proper bearings he took charge of the helm and made for the direction of Toronto harbor.

Sighted Toronto Harbor.
Early yesterday morning the weary skipper sighted land. He got within three miles of the eastern channel when the gale carried away the boom of the foremast and in so doing broke the steam pump. There were no hand pumps mounted and the barge began to take water at the rate of two feet every hour.

At 6:30 the lookout at the life saving station observed the position of the boat and trained the glasses on her. At 8 o'clock the captain had worked her within two miles of the eastern channel. A monster sea was still running.

Captain Frank Ward heard the steam whistles of distress and saw the signals flying. He called out to the crew and the surf boat was manned. Captain McVickers told the life savers when they came within speaking distance that the ship was sinking, and asked to be taken off. The crew responded and the captain and his men were taken to shore in the surf boat. The Patricia, in charge of Mate McDonnell, stood alongside, in case the sea should capsize the surf boat.

Beached the Barge.
The owners of the barge were notified and the Lake Michigan again sent out from Bowmanville. The life saving crew had, in the meantime, manned the boat and placed pumps on board. By means of these she was kept afloat until the Lake Michigan arrived, and the steamer succeeded in getting the barge ashore.

When You Golf or Motor.
The acknowledged headwear for men golfing, motoring or taking a country tramp is the tweed hat or cap. Diners, at 140 Yonge street, are showing a most impressive selection, that will surely appeal to your taste no matter how exacting you are. The new department at this progressive house for overcoats is being freely patronized and appreciated by particular men and young men. It's worthy of a visit now.
