SORE ARMS PREVAIL

Several Leafs on the Hospital List - Break Camp Today-A Hard Drill.

MARLIN, Texas, March 31.—(Can. Press.)—With characteristic fickleness, after threatening to turn on the waterspout and spoil the afternoon practice, the weather man changed his mind and served up a brand ranging from fair to good, finally setting the sun loose just before quitting time. But in spite of the atmospheric vagaries Kelley, with visions of tomorrow's departure before him, worked the team harder than at any time during the Marlin stay, the whole squad completing work physically exhausted, but jubilant over the near approach of the season.

The day before their departure for the north, the players are making the inevitable complaint of sore arms and stiffness, and all in all it is a pretty thred and weak looking company tonight. If the sun comes out tomorrow they will be even worse before train time, as Kelley has laid plans to excel his slave driving methods adopted in both appearances today.

There are several cripples in the crowd, including Castleton, who must consult a doctor regarding his arm, which is bothering him after his long absence from the game. Herbert has not been down stairs all day, but a rest should put him in shape. The outfielders were run off their feet morning and afternoon, and the infield got two systematic workouts, Jordan, Fisher and Fitzpatrick working like well ofled machinery. Pick was going badly and gummed up a number of plays. Joe Kelley himself finally took the third base to demonstrate how it is done. The pitchers were drilled in base work for an hour at each practice, and they worked well, with the exception of Sullivan, who is still sore after Sunday's game at Waco. Base running, hitting, sliding and signal drill all had a place in the day's lessons, and the team should take the trail sore physically, but a much improved ball club.

Yankees Are Out To Win at Berlin

NEW YORK, March 31.—Ways and means to insure a winning team at the Olympic games in Berlin in 1916 will be discussed tonight, at a meeting here of the executive board of the American Olympic committee. As the question of expenses is the most important, Everett C. Brown of Chicago, former president of the Amateur Athletic Union, said today that he was confident the necessary amount will be subscribed to send enough champions abroad to capture every event in the German stadium. in the German stadium.

While the members of the committee are devising ways and means to make the team most successful, many other persons have begun a movement to help the fund.

LACROSSE GOSSIP.

At a most enthusiastic meeting, attended by 40 local young men, the Port Elgin Lacrosse Club was organized. It was decided to enter the team in the O.A.L.A. The town has a lot of good material, and with Dr. Power as manager and William Hartley as coach, a winning team should be produced. This year lacrosse has been revived all over Canada, and the game is to be played in nearly every town school. It is up to everyone to get busy and boom Canada's great game and this year have a team in Port Elgin equally as fast as those of a few years ago. Following are the officers elected:

Patrons: C. M. Bowman, M.L.A.: Hugh Clark, M.P.; D. J. Izzard, R. J. Ranney, C. Currler, H. Mulveney, F. R. Barber, C. F. McPherson, A. E. Nelson, W. Baker and J. Coulter; honorary president, Dr. Wells; honorary vice-president, J. Hepner; president, R. C. Crawford; vice-president, E. Roy Sayles; sec.-treas., E. W. Martin; manager, Dr. Power; coach, William Hartley; managing committee, the president, sec.-treas., S. Morton and J. J. O'Leary.

The Carlisle Lacrosse Club will place a team in the Toronto Juvenile B League again this season. The following officers were elected: Manager, W. T. Richardson; captain, P. Glithero; sec.-treas., F. Kenyon. They will also try to place a team in the Juvenile A League.

The St. Simon's Lacrosse Club have elected the following officers: Patrons, Sir Edmund Osler, John Massey, R. H. C. Cassells, F. R. Sinkens, N. L. Paterson and R. H. Stewart; hon. president, Rev. E. What It Costs the Leafs to Go South-Toronto Getting Good Advertising.

MARLIN SPRINGS, March 31 .- (Can

MARLIN SPRINGS, March 31.—(Can. Press.)—Tho it can hardly be claimed that President McCaffery was actuated solely by a high sense of civic duty in sending the Toronto ball team so far south; the fact remains that the trip has been followed by a lot of valuable advertising for the Ontario capital. Papers from all the big cities of Texas are represented here, and as southern papers are prodigal with space for sporting news, the Toronto ball club's enterprise has been mentioned far and wide in glowing terms. The 1600 mile trip to the training grounds is by far the longest ever taken by any team outside of the major leagues. The association with the New York Glants has been telegraphed all over the United States. In Marlin at the present time there are people from all over the States, and the players are being quizzed for information about the Queen City. There is a very general impression that Toronto is the capital of the Dominion, and that it is a city of about forty thousand population, that most of the population are Eskimos, who hibernate all winter and emerge from the igloss at the first sight of the sun in August. Marlin and vicinity has been enlightened by many published interviews with the visitors, telling about Canada in general and Toronto in particular.

It probably never strikes the average if

Toronto Are Poor Sports Says Jack Walker

PORT ARTHUR, O.t., March 31.—In his reply after being presented with a gold watch and an address on behalf of the tilets for being the most valuable hockey player on the Toronto champion hockey team, Jack Walker said the Toronto people were the poorest sports he ever played for. The players, he said, worked their heads off to put the world's championship in that city, and no one even said thanks to them, the he thought perhaps a couple of them were treated to a dozen oysters after the final game.

The Caledonia Football Club are holding a dance on Friday, April 3, at St. George's Hall, and it promises to be a great success.

Calgary are going to make a determined try to get the Connaught Cup finals this year. All the soccer men out there are boosting hard and are using their influence to get the city officials interested. Fort William guarantees the D.F.A. two thousand dollars for the games, and the Calgary men believe this is a very small item for them to overcome.

The Calgary Albertan takes exception whether or not an old country profes-sional may play amateur football in this country or not. The writer states that he does not think that it should be left in the hands of the English or Scottish Leagues to decide. He would allow the D.F.A. to have the final say in the per-mitting of immigrant players to compete

H. K. Matheson of Calgary asks the question: "Where is there a better football city in Canada than Calgary, which boasts of seven senior, nearly twenty intermediate, ten commercial and half a dozen junior teams, besides others?" Mr. Matheson either did not know just what kind of a city we have here, or he was quietly trying to pat himself on the back. If he was to read the following, he might be awakened from his dream. Toronto has forty-eight senior teams, fourteen junior, two professional, about twenty teams in the M.Y.M.A., and possibly ten others not connected with other leagues. Then, the Queen City can boast of a strong Public School League and two juvenile deagues for boys in their teens.

The Noxons of Ingersoll will enter a team in the W.F.A. this year, while a reorganization is taking place in the town league at that place. An effort was made at the recent P.

Q. F. A. meeting to pass a rule that if any ten clubs in the league disputed a ruling a special meeting of the associa-tion would have to be called. It fell flat, however, and the D.F.A. will be their only higher court British Columbia is poosting the game hard, and the result is that all the

hard, and the result is that all the leagues are wanting to get under one head, and so affiliate with the D. F. A. The West Kootenay Football League have opened negotiations with the Vancouver and District Association with this object in view, and it should soon be arranged. The Winnipeg and District Football Association held their annual meeting the other night, and they unanimously accepted the constitution of the D.F.A.

The Norwood Wanderers, champions of Canada, and holders of the Connaught Cup, have received their medals.

President Watson of the D.F.A. wrote

a friendly letter to President Gow of the Calgary Football League, and it was published, stirring up a storm of protest and comment from English footballers. Under the new ruling, "No old country professional can play as an amateur in Canada unless he has resided in the country prior to Oct. 1, 1913, or unless he can show his reinstatement papers from the of the Referees' Association, Mr. Mills is the secretary, and his address is 152 West Lodge avenue.

Billy Hay says:

A man doesn't have to handle a paint brush to be an artist.

A work of art is a combination of head, heart and hand that reaches that point in the making of anything where any further touches would imperil rather than improve.

That is the point the Semi-ready have reached in the manu-reaches and his reinstatement papers from the show his reinstatement papers from the national body with whom he was last registered." What does it mean? Any player coming from Scotland to the Dominion of Canada can, in nine cases out of ten, obtain from the Scottish Football Association a reinstatement certificate before they leave, and thus they become eligible to play immediately they arrive in the country. On the other hand, players coming from teams under the jurisdiction of the English Football Association cannot do so, for the reason that touches would imperil rather than improve.

That is the point the Semi-ready have reached in the matter to the country.
