At the Toronto Bowling Club Saturday night The World annexed two records for the season in the Business Men's League when they rolled up high total with a mark of 2806 and high game with a count of 1067. This incidentally was good enough to clean up any team in the league in all three games, but G. A. Stitt and Co. slipped over their best count when The World rolled their lowest in the middle game, and won out by 37 pins. Lou Findley topped the record-makers with an even 600, including also high game of 233, Harry Williams, the cue expert, 2nd. with 588, while Geo. GERMAN LEADERS MARKEDLY WEAK

Kaiser's General Staff Inferior to General Staff of Elder Von Moltke.

OLD DASH ABSENT

Enemy Failed to Take Advantage of Grand Opportunities in Paris Rush.

"Less, if you don't win from Johnson! will never try to pick another winner in the ring. I think you are absolutely sure to win."

Willard, who passed thru here today on his way to Hacana, looked down from his feet 6 and encouraged Tommy to go on. He was listening to one who knows Jack Johnson and his ways as well as anyone. "I fought Johnson wrong," continued Burns. "I played into his hands, think ing I could outgame him. If I had boxed him I could have stayed the limit and won the decision, for Johnson, I think, is the poorest champion we ever have had on the defensive he is a great man, but he won't fight. Sting him and he'll run. If he lands a blow or two and doesn't hurt you he gets discouraged. I don't see how he can hurt a big feliow like you, and if you play your cards right in this fight you'll surely be the next champion. "With his scheduled meeting with Jess Willard only three weeks away, Jack Johnson has inaugurated a strenuous training program at Havana, which he follows daily. The big negro is out on the road every-morning and he works in the symnasium each afternoon, boxing nearly every day. On Saturday he appeared to be in excellent condition, the still a trifie heavy. He weighs about 235 now. He said he expects to lose ten or fifteen pounds during his work the next three weeks.

Johnson is arrogantly confident that he will beat Willard.

"I'm still the best man in the world," he declared. "There is no one who can stay the limit with me." was an over-perfected instrument. In other words, the German fighting machine was somewhat like the case of an overtrained athlete or boxer and was incapable of responding to the quick inspirations of its chief. This, in General Cherfils 'opinion, was a great source of the inferiority of German armies as compared with the French armies. When asked how long he thought that the war would last, the general replied that perhaps it would end the coming summer.
