NEW YORK STOCKS.

### World at one cent porid at one and a h **EW YORK STOCKS** Help Wanted.

Trading Was Fairly Narrow, Indicating Spirit of Caution.

### **GENERAL NEWS GOOD**

Trade Reports Show Steady Improvement—Bank State ment Satisfactory.

NEW YORK. May 15.—Stocks ralified more or less spiritedly today from their weakness of the preceding session, when quoted values crumbled airs. Improvement was manifest at outset and further progress was de during the first hour, the range ins extending from 2 to 4 points r specialties were most variable war specialties were most variable, recovering a material part of yesterday's losses, but yielding to pressure again towards the end of today's short session. The most reassuring feature of today's short session was the moderation in the movement, trading at no time getting out of hand or evincing any of the feverishness which marked recent recoveries. Total sales of stocks amounted to 240,000 shares.

Hopeful News.

Except for the decision of the interstate commerce commission, ordering some of the important trunk line carriers to sever all ownership of water lines between Buffalo and Chicago, most of the day's general news was of a hopeful character. Condi-

was of a hopeful character. Condi-tions in the steel industry have thus far been unaffected by the interna-tional situation, and other trade reports point to steady improvement, particularly in the west and southwest. Recent abatement of stock market activity was reflected in the bank statement, actual loans contracting almost \$17.000,000, with a cash gain of slightly over \$6,000,000, while reserves increased to the extent of virtually \$11,000,000.

but trading in that quarter was far below recent averages. Total sales par value amounted to \$980,000. ted States and Panama bonds declined 1-2 to 1 per cent. on call during

War Orders Have More Than Compensated Firms for Loss of Trade Thru Bad Times.

Very optimistic are the reports of Toronto wholesalers and retailers published in Bradstreet. This does not only refer to future business, but of the present. Many drygoods and hardware firms say that business of this spring does not in any way compare with that of 12 months ago, while those in other trades, such as leather, and shoes, and grocers, state that busi-

ness has been even better.
An order for 60,000 shoes of good quality has been distributed in Ontaric by the federal government, and ar-rangements are being made for an order for the Russian Government for 2,000,000 pairs of shoes of a cheaper grade. War orders for those in the leather trade have more than compensated them for the loss occasioned thru other reasons, and their financial position is gaining ground every day. This applies also to the wool trade and any others who are in receipt of war orders. Wool prices declined four cents to 10 cents a pound at the close of last week, following the embargo on wool from Canada except to nations of British connection. All wool will be needed and better prices are promised

## REACTIONARY TREND IN MONTREAL MART

Stocks Lightly Traded in on Saturday at Lowered Prices.

Chicago Wheat Prices Declined on Advices From Washington.

### RAINS WHERE NEEDED

Argentine Corn Selling in Liverpool at Highest Prices Recorded.

CHICAGO, May 16.—Suggestions from government sources at Washington implying that Hessian fly damage did not as yet warrant the general plowing of injured fields, resulted today in much selling pressure on wheat. The effect, however, was partly overcome by week-end evening up of trades. Closing prices were unsettled at ic decline to %c advance compared with last night. Corn gained %c to %c net, oats finished %c off and provisions wound up unchanged to 15c higher.

higher.
Federal advice not to be over-hasty in abandoning fly infested wheat acrean abandoning fly infested wheat acreage was accompanied by a statement that a large part of such territory might be expected to show decided improvement later and to yield 8 to 10 and in some cases 20 bushels an acre. Bottom prices for the day were made after the receipt of this announcement. The decline had been started by Kansas crop reports that minimized the recent alarming assertions of inthe recent alarming assertions of injury which would banish all chances of a bumper yield. Soaking rains were needed in the spring wheat belt;

Early Strength.

Some strength at the opening and again at the close was felt in the wheat market owing to higher quotations at Liverpool and to a sale of 100,000 bushels here for export. Evening up by shorts seemed to be accelerated ing up by shorts seemed to be accelerated by the renewal of European call despite signs that vessel owners were increasingly adverse to facing trans-

Atlantic risks.

Price changes in corn reflected for the most part the fluctuations of the wheat market. Bulls found some enuragement in the fact that Argentine corn was selling in Liverpool at

the highest prices on record.
Oats felt the pressure of increasing sales against purchases to arrive.
There was gossip, tho, that the visible supply total on Monday would show a material falling off a material faling off.
Provisions ascended with hogs

There was practically no dealing in Brazil Traction. The announcement of the election of a new president had no effect on the stock.

# MINING MARKET ON

Stocks Placed on Market Were All Readily Purchased and Prices Remained Steady.

Mining market on Saturday was generally firm, with but very little, if any, forced selling. What orders were placed on the market were readily taken, so that prices remained steady.

McIntyre opened at 44 and quite a number of shares changed hands at this price, but the close saw the shares a trifle easier at 43. Big Dome closed at 12.75 bid, while Vipond was very strong at 51. Peterson Lake opened at 23 3-4, closing strong at 24, while Timskaming closed firm at 36 and Jupiter

LONDON STOCK EXCHANGE.

LONDON, May 15.—Money and discount rates were easy today.

The stock market was steady, but business did not expand as dealers are awaiting developments in connection with the American note and more definite war American note and more definite war news. There were a few markings in in-vestment and shipping and oil shares, but speculative issues were neglected. American securities finished undecided after an unusually light business at prices below parity.

ST. LAWRENCE MARKET.

The market was thronged with people on Saturday, the wagon section being so crowded (even with the added space, due to the removal of the garage), it was difficult to get thru the crowds at times.
