VAR SPECIALTIES once in The Sunday word. This gives the two papers. IN FURTHER BOOM

Gains of Ten to Almost Local Twenty-Five Points Recorded on New York Curb.

COMMERCE ON MEND DOME EX. A SENSATION

Agricultural Portions of Country.

NEW YORK, July 17.—Stocks en ied the week almost as they began,
with a further boom in the war specialties—many of which were carried
to new high records, with gains of
10 to almost 25 points for that brief
period. Crucible Steel was again the
most conspicuous feature, advancing
to 51, with the preferred at 104. Other
issues in this class which touched
quotations never before equaled included Bethlehem Steel at 191, Baldwin Locemotive at 74 7-8, American
Can preferred at 105½, and General
Motors at 189½.

Motors at 189 %.
Numberless minor industrials, such
as Republic Steel common and preferred, Sloss-Sheffield and Allisterred, Sloss-Sheffield and Allis-Chambers common and preferred, made striking gains on fairly large absorption. In fact, every issue in the so-called industrial and equipment divisions of the stock list was in denand, including some stocks long

dermant.

U. S. Steel at Highest Point.

U. S. Steel was almost the only one of the former market leafers to take part in today's movement, rising to 65, its highest quotation of the year. Steel ranked second to Crucible Steel in point of activity, but such erstwhile favorites as Amalgamated Copwille Seeding and Union Pacific were per, Reading and Union Pacific were inclined to heaviness, when not suffering from actual neglect. Total sales of stocks amounted to 428,000 shares, Among the stocks without special classification, Pacific Mail was strong as a result of rumors indicating an early sale of the company's steamship holdings on highly favorable terms. Among the few offsetting features of the short session was a new low record for Missouri, Kansas and Texas pre-ferred at 13 7-8.

Expansion in Commerce. News features bearing upon the financial situation and with reports from leading centres, showing an expansion of demand for merchandise, and a further accumulation of "constructive factors." Improvement is most pronounced in the principal agricultural sections of the country.

An increase of about \$5,000,000 in loans and a gain of \$6,700,000 in extess reserves were the only features of the weekly bank statement.

Trading in bonds was light, with a steady undertone. Total sales, par

TIMMINS IS UP-TO-DATE

New Ontario Mining Town a Revelation to Those Visiting the Porcupine Camp.

From World Special Correspondent. TIMMINS, Ont., July 14.—The min-ing Town of Timmins stands pre-eminent among the newer mining centres of northern Ontario. The way the town has been built up and improved is a revelation to those who have not been in the northern gold camps for

some time. Timmins can boast of more imtown of much larger standing. Nearly every line of business required by this thriving community is represented, and the stocks carried are nowhere bettered. The general layout of the town is pleasing; the streets are wide and a system of street naming and numbering has been alhered to that makes getting around a simple

matter for the stranger.
On the main streets fine wide cemen walks have been laid on either side. and the roads have been graded in readiness for macadamizing. town has a first-class water service, drawing its supply from Matagami River, and a continuous supply high pressure is provided, giving ade quate fire protection thruout the town.

The streets are lighted by electricity, as are most of the buildings, and power is supplied for manufacturing and other purposes by the Northern Ontario Light and Power Co. P. W. Ball.

AMERICAN GOLDFIELDS TO BE REOPENED

Amalgamation With West Dome Would Make a Strong Rival to Other Mines.

The revival in the Porcupine Camp is bringing many of the old proposi-tions to light again. It was learned on Saturday that something would be done shortly with the "American Gold Fields." This company owns 80 acres near to the West Dome, and only this remove from the Big Dome Considerable work was done on the property until the death of President Steindler. Numerous veins leading from the Dome were uncovered, and the property is regarded as an ex Ceedingly promising one.

Among the propositions for reopen-

ing the American Goldfields is a suggested amalgamation of it with the West Dome. Those promoting this move say the amalgamation would make a keen rival of the large mines already producing. In any event preparations are being made to start operations on the Goldfields at an early date.

COBALT ORE SHIPMENTS.

COBALT, July 17 .- Ore figures for the week ending July 16: Pen-Can mines, 76,084 pounds; McKinley-Darragh S. M., 84,840; La Rose Mines. 87,860; Peterson Lake S. M., Seneca Superior ore, 62.710; Mining Corpora-tion of Canada, Townsite City Mines, 87,250; Dominion Reduction Co., 176,

DEALINGS ON CURB ARE QUITE ACTIVE

Mining Exchange Closed, But New York Made Things Lively

Improvement Pronounced in McIntyre, Jupiter and Imperial All in Demand at Ad-

vanced Prices

Altho the Toronto Exchanges were closed Saturday, the offices of the mining brokers were as busy as on a regular business day. The interest taken in the Porcupines by the New York Curb was responsible for Saturday's activity. Dome Extension. created somewhat of a sensation when the New York wires announced sales at 28 against a closing here on Friday night of 23. These sales were followed rapidly by others until the price reached 32. Various rumors are advanced for the rapid movement in the to give and left for New York last

McIntyre had an enquiry at all the leading brokers' offices and sales were made at 60, with 601-2 bid. Later West Dome also attracted considerable attention and was variously quoted from 81-4 to 83-4. Bids for Jupiter were raised as high as 141-4 and little stock could be had at these figures. In the cheaper issues Imperial was sought after as high as 63-4, but 1000 shares was about all that was obtainable at that figure.

The week in Toronto was practically given over to the mining securities and it is expected that the incoming week will witness largely increased business on the Standard Exchange.

WEAK QUOTATIONS RULED IN WHEAT

More Rapid Movement of New Crop Causes Sagging of Chicago Pit.

EUROPE SEEKS GRAIN

Exportable Surplus From India Said to Be Smaller Than Anticipated.

CHICAGO, July 17.-Wheat prices turned heavy today owing to a more rapid movement of the new crop. The market closed weak 7-8c to 2 1-8c net decline. Corn finished 1-2c off to 1-8c up, oats 1-4c to 5-8c down and provisions varying from 12 1-2c loss to a rise of 2 1-2c.

July delivery of wheat showed the greatest setback, as receipts here today were materially enlarged, and the estimate was that arrivals Menday would total 250 car loads or more. In this connection, significance was at tached to advices from southern IIIInois that threshing was being rushed by means of double crews working far into the night. The trade was fur-ther handicapped by efforts to market an unusual amount of damp wheat that could not readily be disposed of. As a result of the bearish outlook, all of an early advance was wiped out, and prices continued to sag the rest of the day except for a slight reaction at the

More Enquiry From Europe.

Bullish foreign news and predictions of rainy weather over Sunday were chiefly responsible for an upturn in prices during the first half of the session. Europeans were said to be show-ing more anxiety as to supplies. and was said the exportable surplus of India would be smaller than had been in parts of the Ohio valley and in Kansas and Missouri counted also against the bears.

Fine weather to promote rapid growth tended to ease the corn market. What buying there was consisted mainly of profit-taking on the part

of the shorts.
Oats, like wheat, felt the effect of augmented offerings from the country. Enquiry from shippers was not es-Hog prices at the highest level of the year gave some strength to pro-visions. Later, however, the weakness of grain acted as a good deal of an off-

TRETHEWEY AND ROCHESTER.

Another near neighbor of the Timis-kaming and Beaver is apparently in a fair way to be worked again. The Rochester has been long idle, but a special meeting of Trethewey shareholders has been called for July 20 to authorize the directors to buy a controlling interest and secure a lease of the property, which is one of those regarded as having an excellent chance of making a mine.

LONDON STOCK EXCHANGE.

LONDON, July 17 .- Money and discount rates were firm today and the market continues to borrow from the Bank of England. Bank of England.
The stock market was dull and uninteresting, as dealers are awaiting permission to trade in the new war loan which it is expected will be issued next week. The old war loan was steadier.
American securities were quietly good.
Amalgamated Copper and United States
Steel were the most active shares, but the markings generally were under parthe markings generally were under pa ity. The closing was steady

HAYDEN GOLD MINES

Next Hollinger Reserve in Ogden Township.

From The World's Special Commis-

TIMMINS, Ont., July 16 .- Preparations for mining operations are being actively carried on at the properties of the Hayden Gold Mines, situated on the east boundary line of Ogden

Building, Toronto, report the following fluctuations on the Chicago Board of Trade:

Prev. Clear expected. Temperarily flood conditions Township, about five miles south of this place. The properties of the Hollinger Reserve Mining Co., are only one claim to the west, on the same ridge, and here extensive mining operations are being conducted.

At the Hayden, which mine is in charge of W. H. Hayden, the president of the company, com dent of the company, camps for the accommodation of about \$0 men have been erected, and the layout of these been erected, and the layout of these been been so arranged that the buildings can be added to at any time when it may be found necessary, without any loss being incurred by re-modeling of the present structures. Sept. .. 8.42 8.42 8.35 8.37 8.37 Oct. ... 8.50 8.50 The framing of the shaft house is now being put up, and other work Sept. .10.17 10.17 10.07 10.07 10.15 being done in readiness for the in- Oct. 10.20 10.17 10.17 10.20

stalling of the machinery. This latter is now being arranged for and Mr. Hayden states that it will be on the ground and in operation within 30 days. The plant to be put in will consist of a thru drill air compressor to-Corn 183 Oats 148 gether with the necessary hoisting out-fit to lift the muck from the shaft, his outfit being sufficient to carry on the work until such time as a 12 drill outfit is considered necessary in order o get increased production.

No plant for treating the ore will Winnipeg Duluth be installed until the work of opening up the mine has progressed far ough to warrant it, and then an amalgamation plant will be installed for the purpose of proving up the mine's ore values.

The shaft has already been sunk under contract to a depth of 109 feet, Receipts and in it two ore bodies have been Shipment. located, the assays taken from same varying from 40e to over \$27.00 per ton. The ore has shown that it gets Shipments ... 487,000 542,000

richer with depth. The surface formation of the properties, which comprise 130% acres is one network of vein outcroppings of large area, the shearzone, or goldbearing formation covering practically the whole property. Free gold particles have been taken out here and there by means of dynamite, and in one place, gold can be seen in the vein

at the surface. P. W. Ball, NEW YORK GOTTON EXCHANGE. Erickson Perkins & Co.(J. G. Beaty), 14 West King street, Toronto, report the following fluctuations on the New York Cotton Exchange:

ON LOCAL MARKET

Niagara Sends First Shipment of Season to Toronto.

ON THE ST. LAWRENCE

Wagon Section Filled and Choice Fresh Vegetables on Sale.

The first Canadian peaches arrived on the market Saturday from A. C. Howe, Niagara, to Jos. Bamford & Sons. Of course they were only the early brand, which are not very choice, and sold at 65c to 75c per 6-quart basket. Both strawberries and raspberries were shipped in lighter on Saturday, the strawberries remained nearly stationary in price, as the fruit was very wet and cash they came in rather late in the day. snipped in lighter on Saturday, the strawberries remained nearly stationary in price, as the fruit was very wet and wasty, and sold at 5c to 8c per box, the bulk going at 6c, but the choice raspberries sold at 15c, 16c and a few extra choice as high as 17c and 18c per box, the poorer quality, and the bulk were of this class, selling at 10c to 15c per box.

of this class, selling at 10c to 15c per box.

Cherries also sold at about the same prices as on Friday, the bulk going at 40c to 50c per 11-quart basket, some selling at 35c and some as high as 60c, the black ones bringing 90c to \$1 for choice six-quart basket, and \$1.25 to \$1.50 for 11-quart.

Cabbage is almost unsalable, a large quantity of bushel hampers being sold at 10c, which would hardly cover the cost of the hamper, and some large crates containing three dozen, selling for 30c. cost of the hamper, and some large crates containing three dozen, selling for 30c.

Black currants sold at \$1.25 to \$1.50 per 11-quart basket, and 75c and 80c per 6-quart.

Belknap & Son had a large shipment of black cherries from Grimsby and a shipment of choice black currants from Hunter Bros., Grimsby.

A. A. McKinnon had a car of Red Star potatoes, selling at \$2.10 to \$2.25 per bhl. and a car of Yellow Danvers onlons, selling at \$1 to \$1.10 per fifty-pound hamper.

CLEARANCES.

WINNIPEG GRAIN MARKET. WINNIPEG, July 17.—The wheat market was strong for the most part, the weather south causing apprehension owing to the long continued wet weather. Good buying of futures developed, and July was sold at \$1.40, October \$1.09. Cash demand was fair. Oats and barley in fair demand. Flax slow.

Inspections, 125 cars, as against 178 last year, and in sight, 120 cars.

C. P. R. EARNINGS. MONTREAL, July 17.—C.P.R. earnings, ending week July 16, were \$1,625,-00, decrease \$650,000.

Total number of cattle dressed by city, 49.

Total number of small stuff dressed by owner, 216.

Total number of small stuff dressed by MONTREAL, July 17.—Iron was the active feature of the local stock market on Saturday, aboue 900 shares changing hands on an advance of hall to 32 1-4, the best price for the stock in some weeks. The close was at the high of the day. Car was another firm stock in the war order group, selling again at 65 and closing that price bid, 67 asked, against 64 1-2 bid, 65 asked, on Friday. Scotia and Bridge finished, at unchanged contestions \$10.

Hogs—Receipts 2600 head; active; heavy, \$8 to \$8.15; mixed, \$8.25 to \$8.40; Yorkers, \$8.35 to \$8.50; pigs, \$8.40 to \$8.50; roughs, \$6.50 to \$6.65; stags, \$5 to \$5.50.

Sheep and lambs—Receipts, 800 head; slow; lambs, \$5 to \$8.35; yearlings, \$4.50 to \$7; weathers, \$6.25 to \$6.50; ewes, \$3 to \$6; sheep, mixed, \$6 to \$6.25. finished at unchanged quotations. Steel of Canada was 1-4 higher at 14 1-4 bid. The only trading in the three issues, however, was five shares of Scotia.

Apart from the activity and strength in Iron, the principal feature of the market was a further recovery in Shawinigan, which rose 1½ to 113½, and closed strong at 115 bid, against 112 the previous day. A small lot sold at 115, the highest price since the CHICAGO, July 17.—Cattle—Receipts. 800: market steady; native steers, \$6.60 to \$10.40: western steers, \$7.10 to \$8.25; cows and heifers, \$3.20 to \$9.25; calves, \$7 to \$10.25.

Hogs—Receipts. 8000; market strong; light, \$7.65 to \$8.10; mixed, \$7.25 to \$8; heavy. \$6.95:to \$7.70; rough, \$6.95 to \$7.10; pigs. \$7.10 to \$8; bulk of sales, \$7.35 to \$7.75. at 115, the highest price since the announcement of the new stock issue, as compared with 110 on Thursday. Concurrently the rights rose to 1 3-8 against 1 at the close on Friday and 1-4 in mid-week. The president's intimation that an increase in the divi-dend would be considered at no distant date was a factor in the stronger tone of the stock.

Bank of Montreal shares were active at 234 1-2. Bonds were dull. Total business, 1157 shares, 1249 rights.

\$2000 bonds.

28c to 30c per dozen, but they were a much slower sale.

Spring clickens were sold at all prices from 26c, 28c, 30c to 35c, and 40c per lb., the prices over 30c being obtained for those which were sold at so much each and not by the pound, as they were sold at 30c per ib. by the retail merchants on the market.

Spring ducks were not in demand, consequently their sale was difficult at 20c per lb.

To 25c per lb.

Fowl also was a poor sale at 17c to 18c per lb.

V. A. Hall of King was on the market where severed as a moderone. Sequently their sale was difficult at 20c per lb.

V. A. Hall of King was on the market in this respect is fairly active, with a firm undertone. Demand for boal and export accounts, and the market is very quiet, with no change in prices to note. In millifeed the feeling is firm, with a good demand and small offerings. The trade in butter is quiet and the feeling he sent to Sutton & Sons of Redding, Eng., for his seeds, which early partly explains his success as much labor and success as much labo
