Religion the Foundation of Better Living Conditions

C. W. Fairbanks, Former Vice-President of the United States, in Powerful Address Before the Ecumenical Conference, Traces Close Connection Between the Church and Workshop.

PRACTICAL TOPICS UNDER DISCUSSION

Everybody in Canada knows that once upon a time not so very long ago, Theodore Roosevelt was president of the United States, but the circumstances that C. W. Fairbanks was vice-president during the strenuous regime at the White House is not so much a part of household knowledge. However, it is safe to say that Mr. Fairbanks, after his practical yet eloquent address before the Methodist Ecumenical Conference yesterday, proved that his former office of undersecretary to the man at the helm of the republic's affairs was not undeserved.

Wages, hours, housing accommodations and the increased cost of living were the principal topics under discussion at the session with the tentative rule characterizing former sessions not applying.

"Wage earners in the United States have not received adequate wages as compared with the increased cost of living," said Chairman, F. P. Ferriss, M.P. of England, "and I can not but sympathize with some of the underpaid classes."

"Many working at the docks and on the railroads do not receive sufficient wages to keep their wives and families decently. In this connection it is the duty of Christians to set about to improve these conditions, and the employer should be the first to take up the work, and that here in Toronto. Our lifted and ill-kept fellow creatures should receive our first consideration, not only to assist him, but to elevate his family."

He praised the Men's Christian Forward Movement in Toronto, and said England had a similar organization. Praise for Lloyd-George. "The matter of proper remuneration for employes is being worked out in England," said Rev. S. S. Henehaw, "and Lloyd-George showed us the way. We got the famous budget and in my opinion, we will make old England a new land."

In the absence of Sir Arthur Henderson, who was prevented from attending the conference, Mr. Essex, M.P., spoke fervently on "The Brotherhood of Man" and explained the duty of all to each other. He said with the missionaries showing China the "light," the Anglo-Saxon race would have to face a new problem—that of dealing with the Chinese as merchantmen. "At this time," he said, "you only know him here as a handyman, but the time is not far distant when you will see him occupying every branch of modern business; and when that time comes you will have to meet it and the only way is thru love."

Revolution in Industry. In his address, Mr. Fairbanks said: "Industry and commerce have developed so rapidly in recent years that they have seemed almost to be revolutionary rather than evolutionary. The marvelous multiplication of inventions, the wonderful adaptation of the forces of nature to execute the will of man in such vast and varied fields of effort—mark our age as the real age of miracles. We are no longer surprised at the achievements of science, the most extraordinary development in the mechanic arts is accepted nowadays as a matter of course; we simply say, 'Very well; what next?' We no longer put any limitation upon genius or upon the possibilities of labor."

Bank of Materialism. "A transformation has been occurring in recent decades in the relation of the peoples of the earth. They do not dwell apart as in the elder days; thru the subtle and titanic power of steam and electricity the continents are brought close together; the ports of the world are in easy touch, and the nations of the earth are in quick communication with each other. "In the ways of industry and commerce there is too great a tendency to lean to the mere materialistic side and disregard the religious. There is no wholesome successful expansion of industry and commerce, except that religion go hand in hand with it. The church must interest itself and with a militant spirit in the great fields where industry is growing with such great rapidity, and where the ledger is more regarded than the Bible of our fathers."

Might of Labor. "The largest factor in industry and commerce is, of course, labor. We find its trophies everywhere thruout our vast and intricate development. Without labor the state and our social system were impossible. Even the church is the rich fruit of labor. The twentieth century's greatest monuments are labor's achievements. Behold our vast

JIMMIE WH TNEY: Come on in, Aleck, the water's fine.

MINISTRY YET UNCOMPLETED

Will Not Be Sworn in Till Tuesday Noon—Col. Sam Hughes Said To Be Slated for Portfolio of Militia.

OTTAWA, Oct. 8.—The Borden cabinet will not be sworn in till noon on Tuesday, Earl Grey afterwards leaving by special train for Montreal to catch his boat. The ministry is yet uncompleted, but while this is so, there are a number of men who are regarded as certain selections. These include: Nova Scotia: R. L. Borden. New Brunswick: Hon. J. D. Hazen. Quebec: Doherty, Perley, Pelletier, Monk. Ontario: Cochrane, Foster, White, Broder, Hughes. Manitoba: Rogers, Roche. British Columbia: Goodhue. Col. Sam Hughes will, it is expected, take the militia portfolio, and W. T. White of Toronto is a certainty as minister of finance. Mr. White is in Ottawa to-day.

There is still some doubt as to Quebec, but the delegation from that province left Ottawa Saturday. The World was informed that Rodolphe Forget would go in without portfolio, instead of Wilfrid Laurier. The portfolios have not been allotted.

HAZEN FOR RAILWAYS? ST. JOHN, N.B., Oct. 8.—J. D. Hazen, premier of New Brunswick, left for Ottawa to-night to accept a seat in the Borden cabinet. He said he was not sure what portfolio he would get. It is believed he will be the next minister of railways.

DEATH CAME SUDDENLY TO DR. CHARLES TROW

Was Found Dead in Bed Yesterday Morning—Played Golf on Saturday.

Death came suddenly yesterday morning to Dr. Charles Trow at 43 Wellesley-street, one of the best known physicians in Toronto. Dr. Trow was apparently in good health when he retired on Saturday night, but was found dead in bed in the morning, he having succumbed to an attack of angina pectoris.

An enthusiastic golfer, Dr. Trow, who was about 55 years of age, was on the Rosedale links on Saturday afternoon, playing a round with Thomas Bertram. He was a prominent member of the Rosedale Golf Club and also belonged to the Granite Curling Club. After graduating in medicine at Toronto University in 1885, he spent four years in post graduate work in Europe, specializing in eye, ear and nose affections. He bore a high reputation professionally, being a professor in his particular branch at Toronto University and also on the staff of the General Hospital, while he was chairman of a section of the Academy of Medicine.

Dr. Trow was married two years ago to Miss Helen Matthews, by whom he is survived. He had three brothers, Edward Trow of Toronto, and James and Thomas of Stratford, and a sister, Mrs. Dr. B. E. Hawke of Toronto. Edward Trow left on Saturday for Atlantic City, and has not been reached by telegraph.

Dr. Trow's father was the late James Trow, who represented South Perth in the Dominion house, who held for many years the office of Liberal whip, and who also died very suddenly some years ago. Dr. Trow's mother, Mrs. Mary Trow, passed away about a year ago.

CANADA'S GREAT FUTURE AS MR. FAIRBANKS SEES IT

Former Vice-President of the U. S. Uses Superlatives to Express His Admiration.

Canada has an unparalleled future, according to former vice-president of the United States, Chas. W. Fairbanks, who is in Toronto attending the Ecumenical Conference. "Why you people have just commenced to build a nation, and judging the future by the past and taking into consideration your marvelous resources, the greatest on earth, I have in my mind's eye the position Canada will occupy among the earth's great nations," he said to a World man at the King Edward. Mr. Fairbanks, like most other men in the public eye, has a "hobby," and it is Methodism. If one wishes to get the tall Indian going on a subject where he is at his best, just mention Methodism. Mr. Fairbanks was elected to United States senate from Indiana in 1887, re-elected in 1903, from which he resigned in 1905. He represented the United States on the joint high commission, which met in Quebec in 1898, for the adjustment of Canadian questions, and was chairman of the United States joint high commissioners. He was also present, and was a representative of U.S.A. at the Tercentenary celebration at Quebec in 1908.

STUPIDITY OF DEPUTIES CUT BORDEN MAJORITY

Election Officers Put Counterfolios Into Box Along With Bal.ets.

HALIFAX, Oct. 7.—The result of the recount in Halifax, which ended today before Judge Wallace, is that R. L. Borden's majority in this riding is reduced from 190 to 100. Four deputy returning officers put the numbered counterfolios into the box with the ballots. Three of the rejected boxes gave Borden large majorities, and one was a Liberal majority. Herring Cove was the first box of this kind. It gave the Liberals about thirty majority. Then Sober Island East, Chezzetcook and Dover with Conservative majorities were rejected for a similar reason. The two last mentioned polls made a net loss to the Conservatives of 90. The result is that Mr. Borden's majority is reduced to 100 over Maclean and 136 over Blackadder, while Blackadder has 35 instead of the previous 23 over Crossby. The Conservatives gained twenty-five, exclusive of the polls thrown out. The stupidity and ignorance of the deputy presiding officers is the cause of the trouble. With the counterfolios in the box attached to the ballots it was possible to tell how each elector voted.

Complete Returns for Saskatoon, SASKATOON, Oct. 8.—Final and complete returns for 137 polling subdivisions give McCraney (Liberal), 3388; Maclean (Conservative), 3766; Baumunk (Independent), 674. McCraney led the poll in 12 of the 137 subdivisions. He had a plurality of 158; over Maclean, and a majority of 908 over both opponents. McCraney's majority in 1908 was 1477, two candidates only.

REPORTED ENGAGEMENT IN VICINITY OF OPORTO

Portuguese Royalists, The Numerous, Are Said to Be Heavily Armed.

VIGO, Spain, Oct. 8.—Train passengers from Portugal report an engagement between the Royalist and Republican troops near Sazo, where, not far from Oporto. The Royalists, while numerous, they say, are badly armed. All trains from Oporto this morning were crowded with troops on their way to fight the Monarchists. The Portuguese Government, however, is not sure of the loyalty of the regiment.

CHAVES, Portugal, Oct. 8.—Republican troops have left for Vinhas, 14 miles west of Braganza, to relieve other Republican troops, whose retreat is said to be cut off by the Monarchists. The roads to the frontier are now open and telegraphic communication has been restored.

The Pretender's Position. VIENNA, Oct. 7.—Dom Miguel Braganza, pretender to the Portuguese throne, announces that he has agreed to accept the program laid out by Capt. Coucure, leader of the Royalists. Dom Miguel says that the cortes will have to decide between him and Marshal. He will not proceed to the Portuguese frontier, but will remain neutral to the last moment, altho he has allowed sons to enter the Monarchist ranks under assumed names as volunteers.

"The Republic of Portugal," said Dom Miguel, "has, thru its disregard for all traditions, and religious convictions, made itself so hated, especially among the country people, that the prospects for the restoration of the monarchy are not unfavorable."

MADRID, Oct. 8.—The Portuguese prime minister, Joao Chaves, has notified the Portuguese legation here that the government has taken all necessary steps to resist the royalist rising, and that "tranquillity returns thruout the country." The government has reinforced the Braganza karrison.

The premier says that he wishes the press to be informed that the Portuguese Government is not exercising any censorship over telegrams, and is permitting even the most mendacious reports to be transmitted.

Contradictory Reports. LISBON, Oct. 8.—The most contradictory reports are being received here regarding the situation in the north. The monarchists, however, do not appear to be making much headway against the republic. The people are not flocking to their side as they expected, and the republican troops so far have remained loyal.

A semi-official note says that the monarchist band at Vinhas fled on the arrival of the republican troops, who pursued them to the frontier. In the engagement several monarchists were killed and two republicans wounded. News from Galicia says that the monarchists there are in a state of demoralization. Their leaders are unable to persuade them to advance to Portugal.

Baptist Ministers Meet. For the purpose of electing officers for the ensuing year the Baptist Ministers' Association will meet this morning at 10.30 at the Jarvis-street Baptist Church. Mr. Cyril Hayes of Manchester, taking as his subject, "The Book of Job." Mr. S. S. Weston, the retiring president, will preside until his successor is elected.

POLICE CAUGHT BURGLAR BUT TWAS A STERN CHASE

Five Shots Were Fired in Early Morning Pursuit—Police Threatened With Revolver.

After a long, hard chase, thru lanes and streets in the centre of the city, in which Policeman Marshall (340) fired his revolver five times, John Wilson, aged 21, giving his general address as Michigan, was caught near the corner of Bunter and Bond-streets at 2.30 Sunday morning and taken to the Agnes-street police station. Wilson is charged with having broken into the combined rooming, cigar store and barber-shop at 219 Yonge-street, known as the Dominion Police room, and with having stolen a large supply of cigars, which were recovered.

Constable Marshall had his suspicions aroused soon after midnight by several young men who were loitering in the vicinity of the poolroom. He kept his eye on them as much as his duties of patrolling his beat would permit, and around 2.35 he came across two men carrying a basket at the corner of O'Keefe-lane and Gould-street. Marshall made for them. One of the men threatened to shoot and whipped out an object that looked like a large revolver. The policeman drew his revolver, and the two men dropped the basket and took to their heels. The constable made after them and ordered them to halt. They threatened to shoot, but they only increased their speed.

A Stern Chase. From O'Keefe-lane they raced and the officer drew his revolver. He emptied it into the air, but that had no effect on the fugitives. When his gun was empty Marshall produced his whistle, blowing it for help. Policeman Faulkner (289) heard the whistle and rushed to the scene. When he saw the constable he threatened to shoot, but they only increased their speed.

GENSUS FIGURES WILL PROVE DISAPPOINTING

Expected To Fall Half Million Short of Estimate—Enumeration Was Exorbitantly Expensive.

OTTAWA, Oct. 8.—(Special.)—Information is accumulating to the effect that the census is about to prove a great disappointment. The population has been placed at eight millions in the estimates given out by the Laurier government. It is certain that it will fall materially short of that figure, and it may fall short of seven and a half millions. In addition, it is beginning to be known that the cost will outrun all expectations. Mr. Fisher ran his department on the severest principles of parsimony, and the result of committing the nomination of enumerators and higher officials to the Liberal members and defeated candidates has been to provide a staff at once numerous, expensive and inefficient. The formal announcement is held up by the failure of a very few localities to send in their returns. These are Cumberland, N.S.; Battledore, Sask.; parrot Regina, Sask.; and part of Yale-Cariboo, B.C. The census commissioner has reported the officials concerned to the department of justice to take action.

MOSLEMS OF INDIA ASK BRITISH INTERVENTION

Destroyed Turkish Battery.

ROME, Oct. 7.—A despatch from Brindisi to The Messaggero says that the two Italian destroyers, Artigliere and Fucile, stopped an Austrian mail steamer near St. Jean de Meadeau. Commander Biskaretti went aboard the steamer, his boat carrying a white flag. On the return to the Artigliere the white flag was blown away and Turkish soldiers opened fire from the cliffs. The boat reached the Artigliere in safety, and the Italians returned the fire, not less than 200 shots being fired. The Turkish battery, two encampments and a barracks were destroyed, and a large number of Turks were killed or wounded. The engagement lasted more than half an hour.

CHILDREN WERE SAVED

Catholic Institution Was Burned to the Ground.

WHEELING, W. Va., Oct. 8.—The Catholic Home of the Good Shepherd, at Edgington, near this city, was entirely destroyed by fire that started at 3 o'clock this morning. Of the 250 girl inmates of the home, one awoke and detected the odor of smoke. She aroused one of the forty Sisters of the Good Shepherd in charge of the home, and with the greatest celerity the children were led from the burning building to a nearby hillside. None were injured, but many were in scanty attire. The fire originated in the chapel and spread with great rapidity. The loss will be between \$25,000 and \$30,000.

EARL GREY'S FAREWELL

Special Service Held at All Saints' Church, Ottawa.

OTTAWA, Oct. 8.—Earl Grey attended a farewell service at All Saints' Church to-day, at which the rector, Rural Dean A. W. McKay, officiated, and R. L. Borden and Mrs. Borden were also in attendance. The sermon was one of farewell to his excellency, and the service was unusual as a final send-off to His Majesty's representative. The governor-general chose the hymns, which were Old Hundred and Kipling's Recessional. A prayer was said at the close and the whole congregation sang the national anthem, which had been ringing on the church bells as the vice-regal party first entered the church. Earl and Countess Grey afterwards drove to the residence of Sir Wilfrid Laurier on a farewell visit.

STRUCK BY UNKNOWN MAN J. WALTER DICK MAY DIE

Dispute Over Rugby Match Led to Serious Encounter on Saturday Night.

J. Walter Dick, 304 Huron-street, 45 in St. Michael's Hospital in a very serious condition and may die as the result of being struck by an unknown man at the corner of Toronto and King-streets Saturday evening at 9 o'clock. Dick was standing close to the Quebec Bank talking with a man in a blue suit, short and well built, when he said to the man: "Don't go away like that."

"No, I am not going away; I'm right here," came the reply, and at the same moment the man struck Dick in the mouth, sending him to the pavement with great force, and then making his escape along King-street. Dick lost consciousness immediately, and was taken to the hospital, where Dr. Silverthorne performed an operation.

Dick had been one of the officials at the Hamilton-Argonaut game in Rosedale during the afternoon, and had been on the touch line. He left the grounds at 7 o'clock and telephoned to his residence saying he would not be home for dinner. Where he spent the intervening two hours is not yet known. At the time he was assaulted it is believed, he was talking about the game, and that the assailant quarreled with him. The description of a third man was given to the police, but whether this man was in the party is not certain. He also is said to have left the spot immediately. At an early hour this morning Mr. Dick had not regained consciousness, and was still in a most critical condition. He was connected with the inland revenue department.

Also Advise Boycott of Italian Goods—Leader of Italian Socialists Appeals for Conciliatory Attitude to Avoid Intervention of the Powers.

LUCKNOW, British India, Oct. 7.—The council of Moslems of all India has appealed for the intervention of the British Government in behalf of Turkey. It has advised also a boycott of Italian goods.

Outlined Italian Policy.

ROME, Oct. 8.—Premier Giolitti, in a speech at Turin to-day, outlined the policy of the government with reference to Tripoli, which seems to have the support of most of the members of the chamber of deputies and a great majority of the people. Signor Giolitti, leader of the socialists in the chamber, however, writes to The Secolo, giving the view of a section of the Democrats and Socialists, differing from that of the nation at large. Signor Biolatti was the first of his party to be received by the king, when, during the last ministerial crisis, the premier offered him a portfolio.

In his letter to The Secolo he says: "Now that the occupation is accomplished, it must be decided whether Tripoli will be considered conquered territory unconditionally, or whether Italy is ready to compromise—stopping the war, sparing Turkish excessive humiliations and offering her political and material satisfaction, and thus rendering the resumption of good relations between the two nations possible."

Signor Giolitti expresses the opinion that it will be necessary for Italy to adopt a "less brutal attitude," so as to remove the impression that violence has been used against Turkey, and that Italy should show a spontaneous conciliatory disposition, thus averting any measure as may be proposed, if not imposed by the powers.

Despatches reaching here from Tripoli indicate great activity among the Italian forces at various points along the coast, in preparation for the landing of troops. It is even reported that the natives are sympathetic in their attitude. The Turkish soldiers in Tripoli are said to be in a demoralized state, and altho some of them are camped in miles from the city and are protected by small forts on the hills, they have not even attempted to molest the invaders.

Turkish Censorship.

CONSTANTINOPLE, Oct. 8.—The government has decided to establish a censorship on all press telegrams, particularly dealing with military matters. Co messages will be prohibited. The Turkish commander at Tripoli reports that the Italian bombardment destroyed numerous houses and killed many inhabitants, including several women and children.

Italians Occupy Tobruk.

ROME, Oct. 8.—Official despatches received here to-day announce that "Early this morning the ships of the first Italian squadron entered the roadstead at Tobruk, in Bomba Bay, where they found no Turkish warships. They summoned the garrison to surrender."

FIGHTING IN MOROCCO

Spanish Columns Drive Tribesmen From Their Positions.

MADRID, Oct. 8.—Operations by the Spanish forces against hostile tribes in Morocco have been resumed, according to official despatches from Melilla. Caused by the fire of warships, two columns yesterday advanced ten miles inland in the Kert River region, burning many houses and driving the tribesmen from their positions in spite of determined resistance. The engagement lasted ten hours and was directed by the Spanish general, General de Luque, in person. Details of the Spanish losses have not yet been received, but they are believed to have been heavy. Colonel Primo de Rivera is among the wounded. The operations continue to-day.

SPORAING EDITOR DEAD.

CALGARY, Oct. 8.—William Grant, sporting editor of The Calgary News-Telegraph, died in Calgary to-night. He was at one time on the Ottawa Citizen, Port Hope Guide and other Calgary papers. He was city editor of The Edmonton Journal before coming to Calgary. He was a son of Rev. Dr. Grant, school inspector of Orléans, Ont.

SENATOR CHEVRIER DYING.

WINNIPEG, Oct. 8.—Senator Chevrier, who has been in poor health for some time, began to sink last night and his condition is now deemed critical.

RISE OF THE OFFICE BOY.

G. J. Bury (pronounced Byou-see) vice-president of the C.P.R. is an example of the office boy who grew to be a big man in Canada's great railway.

MANY HAPPY RETURNS.

Charles M. Henderson, the inimitable auctioneer, born 63 summers ago to-day. Laughs, Tears, Pathos and Humor. Laughter and tears; pathos and humor have been delightfully blended by Francis Wilson in his own comedy, "The Bachelor's Baby," at the Princess. It is the merriest play the distinguished comedian has ever had. Mr. Wilson is the bachelor and Baby Davis the "baby."
